DR. FISHBLATT

OF THE

DES MOINES & OMAHA MEDICAL DISPENSARIES,

ON ACCOUNT OF HIS

Immense Practice in Plattsmouth, Nebraska,

WILL MAKE HIS NEXT VISIT ON

Saturday, May 19, 1883

AND WILL REMAIN ONE DAY,

AT THE

PERKINS HOUSE,

WHERE HE CAN BE CONSULTED ON THE

Ear & Eye, Throat & Lungs, Catarrh, Kidneys

Bladder and Female Diseases as Well as All Chronic and Nervous Diseases.

DR. FISHBLATT

Has discovered the greatest cure in the world for weakness of the back and limbs, involuntary discharges, impotency, general debility, nervousness, languor, confusion of ideas, palpitation of the heart, timidity, trembling, dimness of sight or giddiness, diseases of the head, throat, nose or ear, affections of the liver, lungs, stomach or bowels—these terrible disorders arising from solitary habits of youth—and secret practices more fatal to the victim than the songs of Sirens to the mariners of Ulysses, blighting their most radiant hopes or anticipations, rendering marriage impossible.

Those that are suffering from the evil practices, which destroy their mental and physical system, causing

NERVOUS DEBILITY.

The symptoms of which are a dull distressed mind, which unfit them for performing their business and social duties, makes happy marriage impossible, disturbs the action of the head depression of spirits, evil forebodings, cowardice, dreams, restless nights, dizziness, forgetfulness, unusual discharges, pain in the back and hips, short breathing, melancholy, tire easily of company and have preference to be alone, feeling as tired in the morning, as when retiring, seminal weakness, lost manhood, white bone deposit in the urine, nervousness, trembling confusion of thought, watery and weak eyes, dyspepsia, constipation, paleness, pain and weakness in the limbs, etc., should consult me immediately and be restored to perfect health.

YOUNG MEN

Who have become victims of solitary vice, that dreadful and destructive habit which annually sweeps to an untimely grave thousands of young men of exalted talent and brilliant intellect who might otherwise entrance listening senators with the thunder of their eloquence or waken to ecstasy the living lyre, may call with confidence.

MARRIAGE.

Married persons or young men contemplating marriage beware of physical weakness. Loss of procreative power, impotency or any other disqualification speedily relieved. He who places himself under the care of Dr. Fishblatt may religiously confide in his honor as a gentleman, and confidently rely upon his skill as a physician.

ORGANAL WEAKNESS

Immediately cured and full vigor restored. This distressing affection, which renders life a burden and marriage impossible, is the penalty paid by the victim for improper indulgence. Young men are apt to commit excesses from not being aware of the dreadful consequences that may ensue. Now who that understands this subject will deny that procreation is least secured by those falling into improper habits than by the prudent. Besides being deprived of the pleasures of healthy offspring, the most serious and destructive symptoms of both mind and body arise. The system becomes deranged, the physical and mental powers weakened. Lost procreative power, nervous irritability, dyspepsia, palpitation of the heart, indigestion, constitutional debility, wasting of the frame, cough, consumption and death.

A CURE WARRANTED.

Persons ruined in health by unlearned pretenders who keep them tramping month after month taking poisons and injurious emetics, should apply immediately.

DR. FISHBLATT,

graduated at one of the most eminent colleges in the United States, has effected some of the most astonishing cures that were ever known. Many troubled with ringing in the ears and head when asleep, great nervousness, being alarmed at certain sounds, with frequent washings, attended sometimes with derangement of the mind, were cured immediately.

TAKE PARTICULAR NOTICE.

Dr. F. addresses all those who have injured themselves by improper indulgence and solitary habits which ruin both mind and body, unfitting them for business, study, society or marriage. These are some of the sad, melancholy effects produced by the early habits of youth, viz: Weakness of the back and limbs, pains in the head and dimness of sight, loss of muscular power, palpitation of the heart, dyspepsia, nervous irritability, derangement of digestive functions, debility, consumption, etc.

MISCELLANEOUS NEWS

Facts of the Late War to be Published.

Grant on Mexico.

Other Interesting Matters.

A TRIBUTE TO COOPER.

NEW YORK, May 6.—At the fiftieth anniversary of the society St. Vincent de Paul, Archbishop Corrigan presiding, Judge Richard O'Gorman, in an address, paid an eloquent tribute to the memory of Peter Cooper.

MOST ON COMMUNISM.

ST. LOUIS, May 6.—Herr Most attended a picnic at Union park tonight and spoke on the subject of communism, giving a detailed description of its objects and workings in Germany and other European countries.

COW BOYS AND CAMANCHES.

DALLAS, May 6.—Information has been received here that a band of marauding Camanches raided the Consolidated Cattle company's ranch, in Garza county, run off a number of horses, killed several cattle, and that a party of well armed cow boys were in hot pursuit.

GRANT LIKES MEXICO.

NEW YORK, May 6.—Grant, Conkling, Senator J. M. Camden, and others were guests of the Saturday night club at Hotel Brunswick last evening. In responding to a toast of welcome Gen. Grant referred to Mexico in glowing terms. He considered the alliance a political and social benefit to both republics.

KILLED BY LIGHTNING.

WINONA, Minn., May 6.—During a light thunder shower this afternoon, the three little daughters of Jacob Moroucz, playing in the street under an umbrella, were struck by lightning. The two older girls, nine and eleven years, were instantly killed; the third, six years, somewhat paralyzed on the right side but will likely recover. The umbrella burned up and the clothing of the girls also fired and considerably burned before the horrified relatives could reach the scene.

CHICAGO STRICKERS.

CHICAGO, May 6.—A number of conferences between striking bricklayers and employers have taken place the past two days, and as a consequence, it is confidently announced that the men will return to work to-morrow. Concessions have been made on both sides, but the men will probably receive all they demanded in point of wages, namely, \$4 a day. It is estimated, while building has been seriously retarded, the strike will have no bearing in the sense of limiting the number.

THE MISSING VALISE.

ST. LOUIS, May 6.—A dispatch from Fort Worth says Major Wasson, army paymaster, who was robbed in the Texas Pacific train a few nights ago, is there, aiding the detectives in retrieving out the robbers. Wasson's valise was found near the railroad track, but open and rifled of its contents. Two tramps were arrested at Melbourne, having in their possession over \$900 in gold notes of large denomination, which is regarded as a good clue. Another man was arrested at Albany who is believed to be one of the robbers.

SUPPOSED TO BE THE MURDERERS.

DES MOINES, May 6.—An officer of Avoca, Pottawattamie county, arrived here yesterday in charge of two men giving their names as John Woods and John Barns. They are arrested on suspicion of being the murderers of Conductor Sears on the Chicago, Burlington & Quincy, near Russell. Sears sought to eject the two men from his train and was shot through the body, dying April 29th. Two days after the shooting these men were arrested. The parties claim they are cigarmakers and Woods says he worked at Topeka.

CONFEDERATE ANNALS.

ST. LOUIS, May 6.—The southern historical and benevolent association of this city arranged for the publication of the semi-monthly magazine, reciting the facts of the late war in the south. It is to be entirely free from political bias and affiliations. All southern historical societies, soldiers and people are invited to contribute matter for its columns and soldiers are requested to furnish such recollections of the conflict in the south as may be appropriate for the paper. The first number will appear June 1st, entitled "Confederate Annals."

CHARLY McCOMAS NOT DEAD.

SANTA FE, May 6.—Advices from San Carlos state that two Chiricahuas Apaches arrived there Friday and reported that little Charley McComas, son of Judge McComas, who was killed by the Indians a short time ago, is still alive and in the care of Chief Boviet; that he will be brought in alive if the Indian camp is not surprised, and that the Indians expect to use him in the negotiation of peace. They further

state that the Locos band is broken up and wish to surrender; but that Jud, the most desperate of the chiefs, is in Mexico, and will resist to the last.

A RELIGIOUS FANATIC.

BOSTON, May 6.—In the supreme court application was made by the counsel for Charles F. Freeman, who killed his child at Pocasset in April, 1879, while under religious fanaticism, for the release of Freeman on bail on the ground that he was now a sane man. Chief Justice Morton said the full court did not feel the time had arrived when, after exposure to the temptations of the world, Freeman might not have a recurrence of religious excitement and refused to admit him to bail. He stated if the attorney general after further examination of the case, should see fit to nolle prosequi the indictment, the court would acquiesce. However, if the case was pressed for trial a special session would be convened at Barnstable.

FOREIGN NEWS.

The Polar Expedition Sails.

Miscellaneous.

MEETING POSTPONED.

VIENNA, May 5.—The meeting of King Humbert, of Italy, and Emperor Francis Joseph, of Austria, which was to have taken place at Berlin, this spring, has been postponed until the 9th of next November.

THE POLAR EXPEDITION.

AMSTERDAM, May 5.—The polar exploring ship, Willem Barents, sailed for the Arctic regions in search of the Dutch arctic expedition in Varna.

A CONFLICT IMMINENT.

LISBON, May 6.—Lord's advices state the French gunboat Sagaire visited the station of the International association and hauled down the association's banner and hoisted the French flag. A conflict is imminent between De Brazza and H. M. Stanley.

WHOLESALE MURDER.

HAVANA, May 6.—An entire family of white persons (a boy and girl only escaping) were murdered near the village Palacios.

THE BAKING BAKERS.

VIENNA, May 5.—Little progress seems to have been made towards adjusting grievances which caused bakers' assistants here to go on a strike. Last night one thousand of the strikers engaged in a riot in the assembly rooms. Furniture was destroyed and windows broken. The rioters then threw up a barricade in the street to enable them to resist the police who had been summoned to quell the disturbance, and who had a difficult time in subduing the infuriated mob. Simultaneously with this outbreak a demonstration was made in another part of the city by 400 more strikers who attacked a building occupied by a bakers' association, breaking doors and windows. Both parties of rioters were finally dispersed.

FROM THE CAPITAL.

Some Figures from the Treasury Department.

Private Postoffices, Etc.

PRIVATE POSTOFFICES.

WASHINGTON, May 6.—The officers in the postoffice department, in reply to inquiries with regard to the proceedings recently taken to close private postal companies in New York city, say that so far as the investigation has gone it seems to show that the most flagrant violators of the law are the companies known as "Hussey's Express," "Boyd's Despatch Post," "Manhattan District Telegraph Company," and "United States Circular Delivery Company." The prosecution of this unlawful business by such companies, the postoffice officers say, not only result in the loss of large revenues to the department, but materially in many ways interferes with the proper conduct of United States postal business and brings undesired discredit upon the postal administration. The Boyd and Hussey companies make collections and deliveries only twice a day, while the regular government carriers deliver and collect from eight to twenty times daily. It is not true, therefore, that the private postal companies are patronized because their service is better than that of the government. The only advantage which these private postal companies have over the government is that of lower rates. The private organizations doing business under the names of "Manhattan District Telegraph company," and "Circular Delivery company," have recently begun to carry mail matter in bulk to other cities than New York, where they have agencies, to distribute it there, thus beginning the formation of a network of mail routes in clearly illegal competition with the postoffice department.

A NEW METAL.
J. Edwin Sherman, metallurgist, of Boston has just concluded here a series of experiments upon a new metal recently discovered by him, with a view of ascertaining its fitness compared with other metals for telegraph wire. The experiments, it is said, show that this metal has great tenacity, does not rust, and is superior in point of conductivity to any wire now used for electric purpose. The metal which has nearly specific gravity and somewhat the appearance of silver, can be produced, it is said, at a cost of 5 cents a pound.
