DR. FISHBLATT

OF THE

DES MOINES & OMAHA MEDICAL DISPENSARIES,

ON ACCOUNT OF HIS

Immense Practice in Plattsmouth, Nebraska,

WILL MAKE HIS NEXT VISIT ON

Saturday, May 19, 1883

AND WILL REMAIN ONE DAY,

AT THE

PERKINS HOUSE,

WHERE HE CAN BE CONSULTED ON THE

Bar & Eye, Throat & Lungs, Catarrh, Kidney &

Bladder and Female Diseases as Well as All Chronic and Nervous Diseases.

DR. FISHBLATT

Has discovered the greatest cure in the world for weakness of the back and limbs, involuntary discharges, impotency, general debility, nervousness, languor, confusion of ideas, palpitation of the heart, fainting, trembling, dimness of sight or blindness, diseases of the head, throat, nose or skin, affections of the liver, lungs, stomach or bowels, these terrible disorders arising from solitary habits of youth—and the most distressing symptoms of both mind and body, such as nervousness, loss of memory, white bones deposit in the urine, nervousness, trembling, loss of power, watery and weak eyes, dyspepsia, constipation, palpitations, pain and weakness in the limbs, etc., should consult me immediately and be restored to perfect health.

Those that are suffering from the evil practice, which destroy their mental and physical system, causing

NERVOUS DEBILITY.

The symptoms of which are a dull, distressed mind, which unfit them for performing their business and social duties, makes happy marriages impossible, distresses the action of the heart, depression of spirits, evil forebodings, cowardice, dreams, restless nights, dizziness, loss of appetite, unnatural discharges, both in the back and hips, short breathing, melancholy, loss of energy of company and have preference to be alone, feeling as tired in the morning as when retiring, seminal weakness, loss of memory, white bones deposit in the urine, nervousness, trembling, loss of power, watery and weak eyes, dyspepsia, constipation, palpitations, pain and weakness in the limbs, etc., should consult me immediately and be restored to perfect health.

YOUNG MEN

Who have become victims of solitary vice, that dreadful and destructive habit which annually sweeps to an untimely grave thousands of young men of exalted talent and brilliant intellect who might otherwise entrance listening nations with the luminaries of their eloquence or wake to ecstasy the living eye, may still with confidence.

MARRIAGE.

Married persons or young men contemplating marriage beware of physical weakness. Loss of procreative power, impotency or any other unsatisfactory condition, which he who places himself under the care of Dr. Fishblatt may religiously confide in as his doctor, and confidently rely upon his skill as a physician.

ORGANAL WEAKNESS

Immediately cured and full vigor restored. This distressing affection, which renders life a burden and marriage impossible, is the penalty paid by the victim for improper indulgence, Young men are apt to commit excesses from not being aware of the dire consequences that may ensue. No one who understands the subject will deny that procreation is best sooner by those falling into improper habits than by the present. Besides being deprived of the pleasure of healthy offspring, the most serious and destructive symptoms of both mind and body ensue. The system becomes deranged, the physical and mental powers weaken. Lost procreative power, nervous irritability, dyspepsia, palpitation of the heart, indigestion, constitutional debility, wasting of the frame, cough, consumption and death.

A CURE WARRANTED.

Persons ruined in health by unlearned pretenders who keep them tridling month after month taking poisons and injurious remedies, should apply immediately.

DR. FISHBLATT.

graduated at one of the most eminent colleges in the United States, has effected some of the most astonishing cures that were ever known. Many troubled with ringing in the ears, head when asleep, great nervousness, being alarmed at certain sounds, with frequent discharges attended sometimes with derangement of the mind, were cured immediately.

TAKE PARTICULAR NOTICE.

Dr. F. addresses all those who have injured themselves by improper indulgence and solitary habits which ruin both mind and body, melancholy effects produced by the early habits of youth. Weakness of the back and limbs, pains in the head and dimness of sight, loss of muscular power, palpitation of the heart, dyspepsia, nervous irritability, derangement of digestive functions, debility, consumption, etc.

Germany's Insurance Laws.

Protesting Against Chinese Emigration.

Other Matters.

WOLFELEY'S AND REYMOUS'S REWARD.

London, May 7.—In Commons Gladstone announced that instead of the pension proposed to be bestowed on Lord Wolfeley and Alcester, (Admiral Seymour) they would be given a sum of money in a lump. This change in the manner of rewarding the military and naval heroes is believed to be due to the outcry raised against the provisions which, it declares, on the death of the beneficiaries, would revert to their nearest heirs.

KELLY'S THIRD TRIAL.

Dublin, May 7.—The third trial of Timothy Kelly, for participation in the murders of Burke and Cavendish, began to-day. James Carey, informer, swore that every one of the invincibles, with the exception of Joe Brady, had offered to turn informer. Carey said he was the last man who offered testimony against the prisoner. Joseph Haulin, another informer, confirmed the identification of Carey and Kavanagh that Kelly was one of the four men that Kavanagh drove to Phoenix park on the evening of the murders.

THE GOVERNMENT SHOCKED.

London, May 7.—The Times this morning, referring to the vote by which the affirmation bill was defeated, says the authority and power of the government have received a shock. The ministers recognize themselves that the shell of their success is broken.

A DENIAL.

London, May 7.—The Globe denies the report put in circulation last week that Peter Tynan, "Number One," is in London, and that he is communicating with the police with the object of turning informer.

REMARK AND INSURANCE COMPANIES.

Berlin, May 7.—Bismarck has issued a circular to the officials of Prussian provinces, ordering an inquiry into the extent of the injuries inflicted on the national wealth by reason of a great part of the insurance business being in the hands of private companies. He asserts that the profits of companies are too high, owing to an unjust increase in the scale of premiums, and too low as regards of damage by fire. The companies entirely deny the accusations, the sole aim of which, they claim, is to enable Bismarck to nationalize all kinds of insurance.

WILL RESIGN.

Toronto, May 7.—William C. Howell, American consul, has declined to resign and retire to private life.

CHINESE LABOR.

Victoria, B. C., May 7.—Onderdonk's Canadian Pacific railroad contracts are now in full swing. Four thousand Chinese, 2,000 whites, and a number of Indians are at work. The outcry against the Chinese has greatly increased by the fact that a Chinese firm has made \$350,000 savings, mostly from Chinese workmen. Other Chinese firms have made less sums.

CHINESE IMMIGRATION.

Honolulu, May 7.—Advices state that the large Chinese immigration is the absorbing question. Chinese are arriving steadily, and native meetings protesting against the influx are constantly held.

BROOKLYN BRIDGE.

Prospect of Electric Railways.

MISCELLANEOUS.

TOBACCO SHIPPED.

Lynchburg, May 7.—It is estimated that 1,392,000 pounds of manufactured tobacco have been shipped hence in the past week.

ELECTRICITY AS A MOTOR.

Albany, May 7.—Thos. A. Edison and others, representing a capital of two millions, have filed papers with the Secretary of State, incorporating the Electric railway of the United States. The object is to develop electricity as a motor for the propulsion of railway trains.

BULLER BOLTS.

Boston, May 7.—The governor has sent to the secretary of state without his signature the resolution appropriating \$204,000 for double tracking Hoosac tunnel line, and says he shall not sign it. The house adopted the resolution under a suspension of rules without debate.

SUCCESSFUL SURGICAL OPERATION.

Nashville, May 7.—Surgeons Begg and Blackman to-day performed a successful operation on Gen. Don Carlos Buell, removing the left half of his lower jaw bone, which had been injured some years since by a fall from a horse. The general's recovery is regarded as certain.

PROPOSITION ACCEPTED.

Halifax, May 7.—The rowing association has agreed to accept Haulan and Lee's proposition for a four-mile race, double scull, August 15, with Hamm and Conley, of this city, the place of the race to be hereafter named. Five hundred dollars has already been placed by each crew.

A BRUTAL FATHER.

Boston, May 7.—John Callahan, of Wincester, went to Weeburn Saturday night, bought a gallon of liquor and went on a spree. He brought his three-year-old child with him and forced him to drink all he could, and then threw the liquor in his face. The child went into convulsions, and died this morning.

THE OPENING OF THE BRIDGE.

NEW YORK, May 7.—The schools and public offices of Brooklyn will be closed on the day of the bridge opening. Governor Cleveland will be given a reception in the evening. The Board of Aldermen of Brooklyn have voted \$5,000 for illuminations and resolved that the lion's head ornament on the bridge be removed and the government coat of arms and the American eagle substituted.

WARREN'S ESTATE.

PHILADELPHIA, May 7.—At the examination of the matter of granting letters of administration upon the estate of Henry D. Warren, seaman of the Jeannette expedition, Chief Engineer Melville testified that Warren was in Lieut. Chipp's boat, and the chief engineer testified that while making Lena, September 12, a squall struck the craft, he saw her jibe and disappear behind the high waves, and he believed that they were then lost, as nothing had ever been heard of Chipp or the boat.

JERE DUNN'S TRIAL.

CHICAGO, May 7.—The trial of Jere Dunn, for the murder of the pugilist, James Elliott, was called this morning in the criminal court in this city, before Judge Sidney Smith. The prisoner appeared in excellent health and was dressed with extreme care. No effort was made on the other side for a continuance, the counsel for the state and defence appearing anxious to have the trial proceed. The regular jury panel was speedily exhausted, and after ordering a special venire to report tomorrow morning, the trial adjourned until then.

WASHINGTON NEWS.

Bliss Nearly Through.

Other Interesting Matters.

STAR ROUTE TRIAL.

Washington, May 7.—Bliss continued his argument in the star route trial this morning. He declared that the official records showed that within three months after the date upon which S. W. Dorsey came into possession of his twelve routes ten of them had been increased or expedited, and most of these orders had been made while Dorsey was in the city, and no one knew how far the thing would have gone if the new administration had not come in and stopped it. Yet, with incomparable impudence, Dorsey had patched up the Rerdell affidavit addressed to the President, and had attempted to defame the memory of Garfield by asserting that upon the affidavit Garfield would have removed two of his cabinet.

Bliss was speaking of the "J. B. B." check, the Belford check, when Wilson asked if that had anything to do with mail business.

Bliss replied that he did not know. Dorsey had told Rerdell to charge it to the mail account, and the defense should have produced the books to contradict Rerdell upon that point. If Dorsey had cheated his partners by charging that check to them, it did not concern the prosecution. An important fact was that Rerdell had been corroborated in his statement.

Bliss in his argument frequently taunted the defense with their failure to call Bosler in contradiction of Rerdell, and charged that the defense were afraid to call Bosler. Bliss said he would conclude to-morrow.

DECISION IN HOWGATE'S CASE.

The court en banc, through Chief Justice Carter, delivered a decision in two of the Howgate cases. In the first case, where property had been attached by the government, which it is alleged had been sold by Howgate to other parties although the deed was not recorded, the court decided adversely to the government, and dismissed the attachment. The second case was an appeal from an adverse decision of the lower court, where the defendant had resisted an attachment of his property by the government because the attachment had been brought by a special counsel instead of the United States attorney, and the decision was dismissed. The decision holds that the United States had a right to employ such professional aid as it may deem necessary.

THE GRANGER CASE.

The supreme court today rendered a decision in the so-called granger case of Neal Ruggles against the people of the state of Illinois, in which the question is raised whether a charter granted to the Central Military Track railroad company, now the Chicago, Burlington & Quincy railroad, by the legislature of Illinois in 1852, or any subsequent amendment therefor, contains such a contract between the state and company as authorized the company to establish its own rates of fare and freight, beyond interference by the state courts. It answers the question in the negative and holds that the directors of the railroad cannot adopt by law fixing rates of fare and freight in conflict with the laws of the state relating to the same subject. The judgment of the supreme court of Illinois is affirmed.

RESIGNATION NOT ACCEPTED.

The resignation of Lieutenant Colonel Guido Igles, of the Eighteenth infantry, to take effect next January, has been received at the war department. Secretary Lincoln directed it to be returned with instructions that if the resignation was tendered to take effect at once it would be accepted, otherwise a court martial would be ordered to try him on charge of duplicating his pay accounts. Igles conducted a brilliant winter campaign against the northern savages four years ago.

MURCH DELINQUENT.

Ex-Congressman Murch had a conference with Acting Secretary New today, in reference to the investigation of the affairs of the supervising architect's office. He informed New that he proposed to proceed with the investigation as far as he was concerned as soon as he could get his papers in shape, and prepare his case for presentation. He hoped to accomplish this in a week. New says the committee are waiting solely on Murch.
