Lawlessness in Arkansas.

Decision on the Scott Law.

Other Matters.

A DIVORCE CASE.
New York, June 28.—John C. Gray, referee in the suit of divorce brought by Mary Alice Tearle against George Omond Tearle, who is an actor in Wallack's theatre, reported today in favor of granting a divorce to Mrs. Tearle on the ground of adultery committed by her husband with an English actress, Ethel Arden. The evidence taken shows Tearle and Miss Arden lived together as man and wife in this city from October, 1881, until May 1882 when Miss Arden went to England, where she was married to a man named Scaler, with whom she is still living.

ARKANSAS OUTLAWS.
Little Rock, June 28.—Lawlessness has long existed in the corners of Garland, Yell and Montgomery counties, where outlaws have organized a reign of terror. In April Wm. Potter was assassinated, and the criminals openly defied arrest. Last Sunday an armed party took possession of a neighboring church, and drawing arms on the pastor compelled him to read a notice, naming officers and citizens who must leave the country or be killed. Today the governor issued a proclamation urging the sheriff and others in these counties to use every effort to hunt down the desperadoes. He expressed a determination to break up this band.

THE PAUPERS.
New York, June 28.—The commissioners of immigration today resolved that all immigrants coming to this port from almshouses in foreign countries will be reported to the collector of the port as unable to take care of themselves without becoming public charges, unless authentic evidence to the contrary is produced, and that the collector will be authorized to detain in steamships all emigrants for a sufficient time to permit a thorough examination by the inspectors. An officer of the Anchor line, to which the Furnessia belongs, said that no official commissioners had been received from the immigrations commissioners, and that they would not take any passengers back without pay unless it is properly proven that they are likely to become public charges.

CHARGED WITH FRAUD.
New York, June 28.—Isaac Briggs, a broker, and Wesley Lyon, a lawyer, both of this city, with Emil Brie, a lawyer, nearly seventy years old, of Hamford, Mass., were arrested on charge of selling forged Missouri state bonds. E. N. Kirk a resident of Hoboken, N. J., while in this city, was induced to purchase the bonds at face value, to the amount of \$271,185, but subsequently becoming suspicious, he instituted inquiries by which he learned that Briggs had similar bonds lithographed in this city on the representation that he was a state official of Missouri. Briggs was sent to state's prison some years ago for attempting to blackmail John Jacob Astor. Briggs ranks as a professional forger, and was arrested in Michigan in 1868. Lyon was arrested in this city a year and a half ago on the charge of selling forged bonds, but released on bail and had never been tried.

MINNESOTA REPUBLICANS.
St. Paul, June 28.—The republican state convention assembled at noon. The meeting was called to order by C. D. Gillilan, temporary chairman. The usual committees were appointed, and a recess taken till this evening.

On reassembling this evening Gillilan was nominated for permanent chairman by the Hubbard faction, and P. Pillsbury by the Windomites. Gillilan was chosen by a vote of 140 to 96. Governor Hubbard was nominated by acclamation. A resolution was introduced condemning the action of those republican legislators who refused to vote for Windom as senator after he had received the caucus nomination last winter. The resolution was laid on the table by a vote of 144 to 92.

The platform approves the river and harbor bill and the re-enactment by congress of the arrears of pensions clause.

After the reading of the resolutions and the adoption of the platform, the convention proceeded to the nomination of the balance of the ticket.

C. A. Gillilan was nominated for lieutenant governor on the second ballot; for secretary of state, Fred Vonbamback was nominated by acclamation; for treasurer of state, Chas. Kittleston; for attorney general, W. J. Hahn; for railroad commissioner, J. H. Baker.

THE SCOTT LAW.
Columbus, O., June 28.—The supreme court today gave in its opinion in over five thousand words in the Scott liquor tax law, holding that is valid and constitutional, except the second section, wherein it is held not to apply to leases erected prior to the passage

of the act, as no contract made can be violated. Leases, however, entered into subsequent to the passage of the law came within its power, the same as rentals, wherein the collection of taxes is the first lien on the premises. The opinion holds that to subject the freehold provided for by statute when made against a tenant for carrying on business upon premises leased prior to the passage of the statute would be an unwarranted interference with private property, and the subjecting of one man's property to the payment of another's debts. If this infirmity can be taken out of the statutes, it is our duty to so construe it. The opinion goes into a lengthy argument showing the difference between the Scott Law and the Pond law; that the latter with its bond feature implied license, which is constitutionally prohibited; that the Scott law differs fundamentally on this ground, and is in no sense a license law according to the best authorities on the definition of license. The point is made that declaring one section partially null and void does not destroy the validity of the law as a whole, and it is not thereby affected. Okrey dissents and Johnson, McIlvain, Doyle and Upson concur. Last year the decision was four to one the other way.

THE IRISH PAUPERS.
London, June 28.—Trevelyn, chief secretary for Ireland, replying to commons this evening to the question of Cowen as to whether it was true that pauper emigrants had been sent to America with the knowledge and consent of the government, said the reports about the landing of paupers in America were greatly exaggerated. The steamer Anchoria did not take the inmates of any workhouse, and all the emigrants sent by the commission had been supplied with funds. No paupers were sent out by the board of guardians. DELAYED MAILS.
Washington, June 28.—The attorney for the Chicago & Northwestern railroad company today made an argument before the postmaster general in support of the application of the company for a remission of fines and deductions for non-performance of contracts to carry the mail. The company alleges that they are not properly responsible

for delays caused by floods. **SHIPMENT OF GOVERNMENT FREIGHT.**
The secretary of the treasury has issued a circular calling attention to the decision of the first comptroller of the treasury to the effect that payment must be made in cash for transportation services performed for any department of the government over such portions of the several Pacific roads as have not been built by aid of government bonds, and adding that when practicable and more economical to do so to have shipments of government freight made over railroads which have received aid from the United States. All officers shipping such freight should specify the particular route by which the same is to be transported.

THE OKLAHOMA LANDS.
Washington, June 28.—The following was received at the war department today:

"Fort Leavenworth, June 28.—To the secretary of war, Washington, D. C.: David L. Payne has applied to the United States circuit court in Pennsylvania for an injunction against yourself and me, restraining us from interfering with his entrance and occupation of the Oklahoma Indian territory, this application being for a decision of the whole question, and statutes regarding the Oklahoma district. I sent the papers served on yourself and me jointly to the United States district attorney for Kansas, who requests me to report the facts to Washington, in order that instructions may be sent him. The case needs attention, and I request the district attorney for Kansas to be telegraphed at once to attend to the case."
