**GENERAL NEWS.**  
 Detailed Resume of the Business Situation.  
 Washington N 6 3.  
 Crimes and Casualties.  
 Miscellaneous Matters.

**CONDITION OF TRADE.**  
 New York, Oct. 5.—R. G. Dun & Co. of the mercantile agency report that the week just closed has been one of quietude in New York with a very considerable decline in the volume of business, which is to be expected as the season advances. Reports from western cities indicate more activity, and exchanges in that section show increased business. No special feature has been presented in the markets. Moderate activity prevails in dry goods circles, and the season's trade is neither unsatisfactory in dimensions or in profits. Failures continue to be numerous, but seem to reflect more mistakes of the past than any serious defects in business at present. The money market continues easy. The exhaustion of surplus revenue of the banks leads to a contraction of loans, the effect of which however, has not been at all serious. Grain markets have been irregular and unsettled, but without much variation in prices. There is a better feeling in the provision trade, but the advance in prices is slight. Cotton is stronger, in view of the probable reduced crop, but receipts have interfered with any material advance in prices. Petroleum has been fairly steady with a tendency at the close upwards. Fruits are in good request, at about previous rates, though for some time descriptions prices are a little better. Raw sugars are fairly active. Refined are in good demand at steady prices. The grocery trade is generally without a change. The iron trade does not show much life.

**BRITISH GRAIN TRADE.**  
 Liverpool, Oct. 5.—The leading weekly grain circular says wheat is quiet, but steady. Previous high prices are well maintained. Cargoes of coarse are firmly held. One cargo of California brought rather more money. A few only remain unsold. Today there was an average attendance at the market and moderate business in wheat. There was a fair retail demand for flour, but prices are not altered. Corn is in good request; prices are 1d lower.

**A CONFERENCE.**  
 New York, Oct. 5.—Francis Adams, representing the Union Pacific, and President Lovejoy, of the Denver & Rio Grande, have held a conference to consider the traffic arrangement between the two companies. Adams and Lovejoy left for the west last evening and President Lovejoy leaves next week, when negotiations will be resumed and closed at Denver.

**COLLISION ON THE RAIL.**  
 Columbus, Oct. 5.—A section of a freight train ran into a caboose on the Newark division of the Pan Handle this morning, killing Thomas Cranshaw, brakeman, and injuring another man. A Scioto Valley passenger, going out, ran into one of the box cars, damaging the engine, and the crew jumped, saving their lives.

**CAPTURED AT LAST.**  
 Chicago, Oct. 5.—Chicago detectives passed through here last night for Tilden, Texas, in charge of a man named Clabe Young who is wanted for the murder of a man named O'Donnell in November, 1878. The prisoner was arrested on a ranch seventy miles south of Rawlins, on the Union Pacific railroad, where he was living with a Mrs. Castro, having driven the husband of the woman away. It is told of Young that he and his brother carried on a career of brigandage in the southwestern part of Texas for a number of years, robbing stages. The murder of O'Donnell resulted in their being driven from the country.

**YELLOW FEVER.**  
 Mexico, Oct. 5.—The yellow fever epidemic at Vera Cruz has entirely subsided. The steamer Whitney will resume her trips between New Orleans, Galveston, and Vera Cruz on the 16th inst.

**PENSACOLA, Oct. 5.**—Not even a rumor of yellow fever. Marianne, Tallahassee and Millen raised quarantine today.  
**SHOT AT FROM AMBUSH.**  
 Adrian, Mich., Oct. 5.—As the Lake Shore train which left Chicago yesterday morning, due here in the afternoon, was nearing the city it was fired upon by concealed persons. Three windows were broken in, and three passengers had their faces badly cut by the fragments of flying glass. Officers are in pursuit, but no arrests have yet been made.  
**STORM ON THE LAKE.**  
 Milwaukee, Oct. 5.—A bottle was picked up on the beach at North Point today holding a paper on which was written in plain lead pen-

cil: "The steamer Rice ran ashore, and all hands are lost." It was signed P. J. Rice and Charles Graffer. There is no steamer Rice known, to the marine men here, but there is a barge Rice, of which nothing is known, not even her approximate whereabouts. The wind has been blowing night and day from the southeast, and the sea from off this port and lost her deck load of posts. She was not water logged as reported at first. The storm has been so severe that vessel men look for wrecks on this part of Lake Michigan, though none are reported as yet.

**WILL BE INVESTIGATED.**  
 Washington, Oct. 5.—The commissioner of internal revenue said today that the statements recently made in the United States court at Wheeling, W. Va., that an organization known as the "Red men," having for its object the protection of illicit distillers, and that a United States gauger named Marion Howe was at its head, had been levying tax on moonshiners, would be investigated by revenue officers. He had received no information confirming them, but he regarded them sufficiently important to be investigated.

**SIMPSON'S CASE.**  
 First Lieutenant James F. Simpson, of the Third Cavalry, tried by court martial at Chicago for conduct unbecoming an officer and gentleman, in having married a woman who had been his mistress, is now before the secretary for transmission to the President for final action. The court found Lieutenant Simpson guilty, and sentenced him to dismissal. It is understood that Judge Advocate General Swain, in his review of the case, takes exception to the action of the court, and recommends that the sentence be set aside.

**GOLD CERTIFICATES.**  
 Secretary Folger today decided it incompatible with the interests of the public service, and with public convenience, to provide a distinctive issue of gold certificates for Chicago.  
**WILL ACCEPT.**  
 The comptroller of the currency has accepted an invitation to attend the convention of the American bankers' association at Louisville on Tuesday next.  
**APPOINTED.**  
 J. M. Kean was appointed postmaster at Boise City, Idaho.

**Advertising Cheats!!!**  
 "It has become so common to write the beginning of an article, in an elegant, interesting manner, and then run it into some advertisement that we avoid all such."  
 "And simply call attention to the merits of Hop Bitters in as plain, honest terms as possible."  
 "To advise people."  
 "To give them one trial, which so proves their value that they will never use anything else."  
 "THE REMEDY so favorably noticed in all the papers,  
 "Religious and secular, is  
 "Having a large sale, and is supplanting all other medicine."  
 "There is no denying the virtues of the Hop plant, and the proprietors of Hop Bitters have shown great shrewdness."  
 "And ability  
 "in compounding a medicine whose virtues are so palpable to every one's observation."  
**Did She Die?**  
 "No!"  
 "She lingered and suffered along pining away all the time for years."  
 "The doctors doing her no good,"  
 "And at last was cured by this Hop Bitters the papers say so much about."  
 "Indeed! Indeed!"  
 "How thankful we should be for that medicine!"

**A Daughter's Misery.**  
 "Eleven years our daughter suffered on a bed of misery,  
 "From a complication of kidney, liver, rheumatic trouble and Nervous debility,  
 "Under the care of the best physicians,  
 "Who gave her disease various names,  
 "But no relief,  
 "And now she is restored to us in good health by as simple a remedy as Hop Bitters, that we had shunned for years before using it."—THE PARENTS.

**Father is Getting Well.**  
 "My daughters say:  
 "How much better father is since he used Hop Bitters."  
 "He is getting well after his long suffering from a disease declared incurable."  
 "And we are so glad that he used your Bitters."—A LADY of Utica, N. Y.

**St. Louis Fair.**
