A Brighter Day.

Wall Sire t, May 15, 11:00 a. m .-The foreign exchange market was at feeted unfavorably by offering large amounts, as well as by the withdrawal of money by cable from London for use in this market, the high rates for ease has been discovered by Dr. Dening | money on call here rendering such transactions highly profitable. Brown Brothers reduced the rate of sterling bills to \$ 87 long, \$4.89 short a decline of one cent. The first hour of business showed only one failure announced, and this del not involve any other firms Confidence is being gradually restored, and among financers fewer anxious faces are met. It seems generally accepted that the worst is over and many capitalists are beginning to discuss the question as to whether now is not the time to buy for a rise. Some few are buying. This fact relieves the situation of one of its most dangerous elements, namely: witholding capital from the market.

The stock of the bankers and mer chants telegraph, which yesterday sold at 1.0, .s now down to 65.

GRANT AND WARD. Receiver Davies reports the liabilities of the Grant & Ward, as far as be is able to ascertain, are \$14,5911531. Collaterals held by creditors between \$10,000,000 and \$12,000,000, leaving unsecured indebtedness between two and three millions.

Russell Sage is paying all demands on privileges. The report that he bak "laid down on contracts was started I have personally examined these lands. by somebody ignorant of the ways of the street. The only contract he refused to take yesterday were those on which the usual one day's notice was not givea.

Transactions on the board so far for the account of Dimick, have been stocks bought in under the rule. They were short of the general market.

SENATOR CHAFFEE BANKRUPT.

A Washington special says: "Friends of Senator Chaffee, who was in Washest sufferers by the failure of Grant & Ward. He lost every cent of his available resources. Last year he considered himself worth \$3,000,000, of which \$2,000,000 were in Colorado properties, which have since greatly depreciated and are now not marketable. At the To the cfeditors of J. G. Chambers and | time of the marriage of his daughter to Duck Grant, he had one million dollars in cash securities. When his daughter or was it for the purpose of securing any investments. It was simply deposited with young Grant as a trust during his brief absence. This money in some way reached the hands of Ward and it was lost. Chaffee is practically penniless and in a most wretched state of mind. This friend of Chaffee says it is by no means believed that Ward could have lost the large sums charged up to his failure. He believes \$2.000,000 would cover the l-gitimate The Metropolitan bank posted a ne-

me nin affairs would le in a better con tion than for many months past. as ne. 203 ins had been called to prevent a rash sacrifice of good securities.

THE OUTLOOK. A representative of the a sociated press just talked with a fnanci r or 35 years' experience. He says the action of the banks in declining to pool their issues has decided the satuation favorably. He does not anticipate further failures either of banks or banking firms; although he admitted the possibility of some weak stock houses sus pending temporarily. The failure of the latter he does not regard as a misfortune, as it would weed out small dealers and help to give a healthier tone to the general situation. THE MARKET RISING.

Kiernan's agency says: Davis & Co., received orders from London to buy both stocks and bonds. The London market for American securities is advancing with a strong teeling. The stock market is strong and higher in consequence of the resumption of the Metropolitan bank, and the action of the Clearing House. Prices rose nom 11/4 to 4 per cent. The failure of Dimi k & Co. had comparatively little ef-

THE OPENING. Wall Street, 10:00 a. m .- The floor of the exchange had more than the usual complement of buyers, and by 9:20 crowds of spectator, gathered in knots waiting the signal to commence the day's business. Just as the clerk mark d ten, Chairman Mitchel gave three raps of a gavel, and in an instant the pent up excitement of the brokers gave vent in a bowl, and five hundred hands were lifted in the air, and the yarious pools were formed, in which different stocks were dealt in. Ere five minutes had elapsed the gavel was again heard amid the din, and the announcement was made that Dimick & Co., of the United bank, suspended.
