THE SLY SAGE.

New York, June 27 .- A story is Jan S DAWly | cropping out here and there in political circles, and finding more or less belief, that Samuel Tilden, notwithstanding his letter of withdrawal, intends to make a play for the nomination for the first place. A perusal of his letter of disclination will show that the Sage of Gramere, has not sai', in so many bereafter we can conduct a strictly cash | words, that he will not accept it nominated The story goes that Dan Manning, chairman of the county democracy, was afraid that Flower, with the aid of Tammany, might get control of the Saratog: convention, and set about to prevent it, that he practically for ed that letter from Tilden by telling him that Flower intended to get control of the State convention and secure the passage of a resolution declar-Twenty-five cents in advance will ing Tilden's nomination out of the ness, that is Cleveland had been able to secure control of the State convention. DANA AS A DARK HOBSE. San Francisco, June 27.-General Clunic, delegate at large to the demo ratic national convention at Chicago, says that now Tilden has declined the nomination, Dana, of the Sun was his first choice for the presidency. The Call today states that a number of other California delegates will support Dana should be be placed in nomination.

WASHINGTON NOTES. Washington, June. 27 .- Every day's development strengthens the belief that congress will adjourn before the meeting of the democratic convention, not that it has accomplished so much that it is ready to adjourn; in fact the amount of work actually performed is very small. The increase in the size of the house occasioned by the result of the last census seems to have decreased the ability for work; and it is provable that no session of this length ans ever seen less actual result.

The company, it stated, will issue \$14,757,000 of its common stock at any time after 30 days from date. This stock will be delivered as required, in payment of the above railroad and rentals, and charges now paid these lines will cea e to be a charge against the company.

THE MISSOURI PACIFIC. St. Louis, June 27.-The announcement made that on July 1st, all heads of departments of the Msssouri P. cific ailway whose jarisaigaton has been ex ended over the Walasi, will retire from that road, and the lines comprised in the Wabash system be operated in tependently of the Gould system proper and under a new set of officers. This was discussed in New York last week y Messrs. Gould, Liayes, Hoxie and lumphries and the above action is lecided upon. The road will be oner ted by a much smaller force than low. The officers will probably be coneral : gent, general manager, superint det of transportation, general t eight agent, and general passenger gent. The position of general agent is already occupied by Jas. F. Howe. The other officers have not yet been de

termined upon. The general managership has been offered to A. A. Talmage but declined. Rumor places Thomas McKissock and Mr. Chappel, of the Chicago & Alton with it, but nothing OFFICE-AT FISHER'S DRUG STORE. definite is know. The officers of the Wabash are entirely separated from those of the Missouri Pacific here and elsewhere. All agents of the former ATTORNEY AT LAW, will practice in all Courts of the State. Office in Fitzgerld Block. will be instructed to compete with the latter, the same as any other road.
