National Republican Ticket.

FOR PRESIDENT,

JAMES G. BLAINE,
of Maine.

FOR VICE-PRESIDENT,

JOHN A. LOGAN,
of Illinois.

Call for Republican Judicial Convention.

The Republican electors of the second Judicial District of Nebraska are requested to send delegates from the several counties to meet in convention at Plattsmouth, Tuesday, August 13, 1884, at 10 o'clock a. m., for the purpose of choosing a national committee and such other business as may properly come before the convention. Two separate counts are entitled to representation as follows, being based upon the vote cast for J. M. Hiatt, regent of the university, giving one delegate at large, and one for every one hundred and fifty votes and major fraction thereof:

County	Delegates	Total
Class county	1	1
Lincoln county	1	2
Otoe county	1	3
Total	3	3

It is recommended that no proxies be admitted to the convention unless held by persons residing in the counties from which the proxies are given.

Plattsmouth, Neb., July 11, 1884.
J. H. STROBE, Secretary.
D. H. WHEELER, Chairman.

Republican District Convention.

The Republican Electors of the First Congressional District, Nebraska are invited to send delegates from the several counties therein, to meet in convention at Beatrice on Wednesday, August 20, at 2 o'clock p. m., for the purpose of placing in nomination a candidate for Congress, and for the transaction of such other business as may come before the convention.

The several counties are entitled to representation as follows, being based upon the vote cast for J. M. Hiatt, Regent of the University, giving one delegate at large, and one for every one hundred and fifty votes and the major fraction thereof:

County	Del. Districts	Del.
Douglas	19	19
Lincoln	1	1
Platte	1	1
Washington	1	1
Total	22	22

It is recommended that no proxies be admitted to the convention unless held by persons residing in the counties from which the proxies are given.

Plattsmouth, Neb., June 26, 1884.
JOHN STEIN, Secretary.
C. A. HOLMES, Chairman.

DIED

HON. W. B. WHITE, of Tekamah, Barton county, one of the State's prominent and energetic citizens, died suddenly Saturday and was buried on Sunday. Mr. White was a staunch Republican, and his nomination for State Treasurer this fall would have been made by acclamation had he lived. He was always a prominent member of the State Board of Agriculture, a gentleman who had a host of friends in the State, and who had a number of warm personal friends in this city.

Nebraska's Corn Crop.

A Chicago paper of recent date from reliable reports from nearly all points in this state estimates that Nebraska's corn crop for this year will exceed 129,000,000 bushels, an amount incomprehensible to the human mind. Allowing 500 bushels, the ordinary quantity for a car, it will take 240,000 cars to move Nebraska's crop from her borders. Thirty feet is the usual length of a freight car, 176 of which would make a train one mile long. Divide 240,000, the number of cars necessary, by 176, the number in a mile, and the quotient will be 1,363, or the length in miles of this corn transporting train.

GENERAL BUTLER in an interview, says: "I see they (the democratic leaders) complain that I have deserted the democratic party. There is no way of satisfying them. The last time they complained it was that I had captured the democratic organization. Be it so, for then I have a great debt of gratitude to the people of Massachusetts, but none to any democratic organization state or national. In no campaign did I ever receive aid from the democratic organization, nor did any national democrat from outside, ever come here or say a word in my favor, or in favor of the democratic party while I was the unanimous nominee. Whenever I have any use for the organization of Massachusetts democracy I will get it."

THE Pharisees of the East are not over-much pleased with Thomas A. Hendricks and his speech to the Notification Committee. Hendricks thinks he stands as the representative of a fraud to be avenged. The Boston Transcript (bolter) thus responds to the assumption that he was cheated out of his rights eight years ago:

"Ratherford B. Hayes and William A. Wheeler were made President and Vice-President by virtue of the decision of an Electoral Commission endorsed by a Democratic House, and their title to their respective offices was irrefragable. If there were any great public crime connected with this election it must have been in the attempt to purchase for Tilden and Hendricks the Electoral votes of Oregon and some Southern States."

In the course of his speech to the Notification Committee Mr. Hendricks said:

"I accept the suggestion that in this candidacy I will represent the right of the people to choose their own rulers; that right that is above all, that lies beneath all; for if all the people are denied the right to choose their own officers according to their own judgment, what shall become of free government if the people select not their own officers?"

To this the Independent Transcript responds refreshingly:

"There are Democratic States at the South where the above doctrine would be rank heresy owing to the position of colored citizens, who, although composing the majority, are governed by the white majority. No question exists that all the people in several Southern States are denied 'the right to choose their own officers.' This is one of the anomalies produced by conferring upon the negroes the suffrage for political ends. The fraud and violence employed to suppress the opposition vote in some parts of the South cannot be justified."

Would it not be well for the Transcript to remember that in supporting Cleveland and Hendricks now it is helping the party that expects to use "fraud and violence" in the South to carry the election this year just as it did in 1876 and 1880?

THE STATE AUDITORSHIP.

Among the important state offices to be filled at the November election is that of State Auditor, and in selecting a person to assume its responsibilities and discharge its duties care should be taken that he be a man of known character, business capacity, and undoubted integrity. Should the Republicans nominate Mr. H. A. Babcock, as it now seems certain they will, they will have a candidate who combines all these qualities in an eminent degree, and who will add more strength to the ticket in the counties north of the Platte than any other candidate who could be selected. That this fact is recognized and appreciated in all parts of the State is evidenced by the cordial reception and endorsement which is given to Mr. Babcock's candidacy by the State press and political leaders generally. If there is any opposition to him among Republicans it is of the "still hunt" order, and so feeble as to occasion no uneasiness or apprehension on the part of his friends and supporters.

One of the leading and most popular Republicans in this growing section of the State, whose private and public life are without a stain above reproach. Mr. Babcock would be a candidate whom all Republicans could heartily and conscientiously support, and whose election would furnish an instance far too rare in these days of political degeneracy, in which the man dignified and honors the office.—Valley County Journal.

The doctrine of Gov. Cleveland that when the State gives a franchise or a privilege to a subject corporation, no matter how bad, it enters into an irrevocable contract with it, and that the community can never recover the control of any railroad, water company, gas company, horse car company, or any other corporation to which it has granted a charter, is most emphatically a doctrine unknown to the law. As we have shown, the United States Supreme Court has vigorously rejected the efforts to gain its consent in the Granger cases and a number of others, to this attempt of the corporations to make themselves the perpetual dictators of industry. But, though this is not yet law, it may become law if those agents of corporate monopoly who are pledged to it obtain control of the courts. History is full of instances in which the efforts of lawyers acting for interested parties and persistent in their efforts to mold the law have finally wrought changes which have really been revolutions. The land monopoly of England is to a large extent the result of such endeavor. Through the

unceasing efforts of their lawyers the land grant roads of this country have reversed the law of the United States with regard to their titles to land. Gov. Cleveland's argument in his Five Cent Fare bill veto that the elevated roads could not be regulated by the State because their charter was a contract was the most formidable onset that has yet been made in this country by the corporation lawyers to overthrow the doctrine of the Supreme Court that the State and not the corporation is sovereign in America. This effort will be repeated. Corporation lawyers who become Mayors, Governors, Presidents, will repeat this doctrine, and will act on it until by the mere force of "damnable iteration" it may be forced into the law. If proper resistance is not made.—Chicago Tribune.

In the Saline county republican convention, an anti Laird delegation was elected to the congressional convention. The delegation to the state convention is favorable to the present incumbent for governor.

Vital Questions!!!

Ask the most eminent physician

Of any school, what is the best thing in the world for quieting and allaying all irritation of the nerves, and curing all forms of nerves, complaints, giving natural, childlike refreshing sleep always?

And they will tell you unhesitatingly

"Some form of Hops!"

CHAPTER I.

Ask any or all of the most eminent physicians:

"What is the best and only remedy that can be relied on to cure all diseases of the kidneys and urinary organs; such as Bright's disease, diabetes, retention, or inability to retain urine, and the diseases and ailments peculiar to Women?"

"And they will tell you explicitly and emphatically 'Buchu!!!'"

Ask the same physicians

"What is the most reliable and surest cure for liver diseases or dyspepsia; constipation, indigestion, biliousness, malaria fever, ague, &c., and they will tell you:

"Mandrake or Dandelion!!!"

Hence when these remedies are combined with others equally valuable, and compounded into Hop Bitters, such a wonderful and mysterious curative power is developed, which is so varied in its operations that no disease or ill health can possibly exist or resist its power and yet it is harmless for the most frail woman, weakest invalid or smallest child to use.

CHAPTER II.

"Patients

"Almost dead or nearly dying" For years, and gave up my physicians, of Bright's and other kidney diseases, liver complaints, severe cough, called consumption, have been cured

"Women gone nearly crazy!!!"

From agony of neuralgia, nervousness, wakefulness, and various diseases peculiar to woman.

People draw out of shape from excruciating pangs of rheumatism, inflammatory and chronic or suffering from scrofula.

Erysipelas!

"Sailor's blood poisoning, dyspepsia, indigestion" and, in fact, almost all diseases frail!"

Have been cured by Hop Bitters proof of which can be found in every neighborhood in the known world.

None genuine without a bunch of green Hops on the white label.

Shun all the vile, poisonous stuff with "Hop" or "Hops" in their name.
