The "Secret of Success."

(WRITTEN FOR THE HERALD BY OUR "SPECIAL.")

If in business I should go, And the times were hard and slow, I'd take a plan almighty wise, And in the Herald advertise. Into business I will go, And if the times are hard and slow, I'll take a plan almighty wise, And in the Herald advertise. Into business I have gone, And my trade begins with dawn, All this because I was so wise, And in the Herald advertise. Day by day my wallet grows, Year by year my cup overflows; All this is due in every wise, To the place where I advertise. Now I'm old, and rich, and gray, And I take delight as I say: The secret of my success lies In the fact that I advertise. So to you young man, I say, If your business does not pay, Fly to the Herald with an ad, And you will soon be rich and glad.

The street car company is laying soft pine ties along Main street. They are expected to last about a month, the Journal guesses.—Journal. It is a good thing that the Journal just guessed, it had best guess again then go off and hide. The street car company did not nor is not laying pine ties on Main street, it has Cedar ties and they will last nearly as long as any other kind of wood that can be had. The local scribe must have been tied up or tied down when he wrote the article. Last Friday evening the Y. L. R. R. A. gave another one of their delightful socials at the residence of J. V. Weckbach. The entertainment was musical—vocal and instrumental. The Misses Weckbach, Young, McCaw, Oliver and Mr. Darrick taking part. There was a fair attendance and all seemed to enjoy themselves. After refreshments those who choose engaged in a pleasant hop. The street car company has obstructed the road on Washington Ave. by laying their track on top of the ground, a part of the way they have laid their track in the middle of the road and then dug a ditch on each side to procure dirt to fill up on the inside thus obstructing the public highway so that teams cannot pass. They should be made to put the ties down in the ground so that teams could cross the track at any place that the driver wished to, without breaking his wagon. There are a great many complaints coming in and the council should make them put the track down in the ground as soon as possible.

On this day all children under 15 years of age will be admitted free. Our public schools will close for that day giving an opportunity to attend. Let all turn out and make this a grand gala day for the little ones. State Fair Notice. To enjoy the sights at Lincoln, on leaving Plattsmouth you will please supply yourself with Pepperberg's fine Bud's ac. cigars. By so doing you will avoid paying high prices for common eastern cigars such as are usually sold at state fairs. Budd's cigars for sale only by first class cigar dealers at Plattsmouth and Cass county towns also throughout this state. 1-5 Big Sales. As we were going our rounds to-day, we dropped into Mr. Warrick's store and found that he had sold this summer about 6 tons of lead, 17 bbls. of linseed oil, 1 1/2 tons of kalsomine and 10,000 rolls of wall paper which weighs about 5 tons. These probably are the largest sales ever made in Plattsmouth in so short a time. ANOTHER RISE. Heavy Rains in the Northwest Caused a Boom in the Missouri. Yesterday afternoon and evening all who were at the depot were again surprised to notice the river rising rapidly. At 6 p. m. the bars opposite the depot were entirely submerged and trees and drift-wood were sailing by. It is only a week since the Platt rose so suddenly on account of rains in the western part of the state. This time the rise was occasioned by heavy rains north of Sioux City, which occurred last Thursday. At noon to day the river marked nine feet above low water mark and seemed to be stationary. Reunion Notes. McConille Post took the prize banner for having the largest number of men in line. The Nebraska Soldiers association elected R. R. Livingston president, H. C. McMane secretary and J. W. Johnson treasurer. They also appointed a committee to make all the necessary arrangements as to the time, and place, for a reunion of the Nebraska soldiers. The committee is as follows: John M. Thayer, Lincoln; R. R. Livingston, Plattsmouth; Jos. E. Hill, Clarinda, Iowa; James Callihan, Lyons; Fred Behm Omaha; James J. Shaw, Adams; John G. Hess, North Platte; John M. Brockman, Humboldt; John L. Goss, Bellevue. There was 139 men enrolled; this is more than double the number that has ever come out before.

Fast horses in the speed ring and a good display by our merchants each day far to drawing good crowds each day of the fair. This morning three pianos were tried and fined \$5. and costs in Judge Mathews' court. Being unable to pay they were sent back to jail. The street railway will be completed as far as the laying of the rails by Wednesday, from 6th and Main street to the fair grounds and Valley place, and next week will be in operation ready for the street cars. The track has been put in excellent condition and all the buildings on the fair ground put in good repair; the stalls are renovated, and the weather permitting our fair will be a success. Remember the minstrel show at the opera house to-morrow night, it will be the best minstrel entertainment ever visited our city, consisting of all new specialties. Secure your seats now at J. P. Young's. Weather Indications. For Nebraska: Threatening weather with rain, rising followed by falling temperature, fresh to brisk southerly winds, increasing in force and becoming variable. For Iowa: Warmer, threatening weather with rain, light to fresh southerly winds, increasing in force and becoming variable. For Dakota: Local rains, followed by cooler, fair weather, light to fresh winds, becoming northerly. This afternoon about two o'clock a street fracas occurred in front of Johnson's hardware store. It seems there has been legal trouble between Mr. Fitzgerald and Arthur Robinson, a plasterer, over some money matter, and M. A. Hartigan is Fitzgerald's attorney. The matter is a standing one and Mr. Robinson feared an attempt was being made to beat him out of some money. This belief led him to use some boisterous language in Mr. Hartigan's presence, which angered him so that he drew a revolver and assaulted Mr. Robinson, striking him on the mouth and head causing blood to flow freely. It seems the bystanders separated them and Mr. Hartigan repaired to the court room to attend his cases, while Robinson had his head doctored. Mr. Robinson said he would swear out a warrant against Mr. Hartigan charging him with assault with intent to kill but at last accounts no legal steps had been taken. Court Docketings. In the case of State of Nebraska vs. Edward Cooley, the defendant was charged with assault with intent to kill. He made a plea of guilty of assault and battery, which was accepted. He was fined \$10 and costs, which were paid. State of Nebraska vs. Jackson Pierson. Plead not guilty, J. B. Strode was assigned as his counsel. Frank McMane who assaulted Marshall Malick the 13th of June, plead guilty to assault and battery and was fined \$10 and costs. Being unable to pay he was returned to jail. John Burns, of Weeping Water, and who tried to jump ball last Saturday, and was arrested on his way to Lincoln, was charged with burglary in company with Mr. Kennedy. Their case was submitted. Albert Pine plead guilty to felonious assault and his trial was set for Friday morning. Our Public Schools. The schools opened this morning with teachers all in their places and as it was a bright morning the rooms were all filled with bright children and Prof. Drummond and the teachers have been kept busy all day assigning the children to their proper grades. Miss May Lathrop is principal of the first ward and has 68 scholars being 29 more than she has seats for but as soon as the room can be properly graded 25 of these will be removed to another room. Miss Tucker is her assistant and has 23 scholars and this will be raised to 40 this afternoon. Miss Fulmer is in charge of the second ward; she has 74 scholars but 31 of these will be removed this afternoon. This building is some what crowded. Miss Gumpson teaches the west third ward she has about 59 scholars. East fourth ward, Miss Margaret Shepherd is teacher, she has 56 scholars. West fourth ward, Miss A. Killhoonek and Miss Mand Faxon teachers with 67 pupils enrolled. In the High School building Miss Anna Murphy teaches room no. 1 with 24 scholars, Miss Amelia Valley occupies room no. 2 with 31 scholars, Miss Kerney teaches the east third ward in room no. 3, she has 54 scholars. Miss May Russell occupies no. 4 with 58 children, no. 5 is occupied by Miss Addie Seal with 49 scholars. There are 31 scholars in room no. 6, Miss Schulof, teacher. No. 7 is occupied by Miss Etta Seal; this room will have about 36 scholars. Miss Safford occupies no. 8 with 37 scholars. Miss Alice Wilson has 54 scholars and occupies no. 10. Miss Wiles and 62 scholars occupy no. 11. Miss Gass has 33 scholars and teaches in room no. 12.

Geo. Chaburn, principal of the High School occupies no. 13 with 25 scholars. The schools are all crowded and even after they are all graded the rooms will be well filled. The rooms will be so arranged that each teacher will have about forty pupils and the teachers in the primary grades will be given ample time for thorough teaching.—CLARA WILSON. Last Saturday evening Marshall Malick and officer Fitzpatrick attempted to arrest three drunks by Blake's saloon, the man resisted and in the scuffle that ensued Mr. Malick was thrown against the plate glass window of the adjoining shoe store with such violence that he crashed through it. A frightful gash was cut in the left arm, the bone being laid bare for the distance of an inch or two. Mr. Malick says the pain was terrible for an hour or so but the wound was properly cared for and Mr. Malick is able to be about, but his arm is very sore. The men were finally lodged in jail. A cruel Assault. This afternoon Marshall W. H. Malick and officer John Fitzpatrick were called to the residence of a Mr. Mason, of Billingstown, who works in the repair shops. It appears that Mr. Mason has been sick for some time and for the past week the doctor has doubted his recovery. Mr. Mason's brother desired to take him to his mother's until he should recover and was going to do so, when the wife of the sick man became greatly enraged and declared some one would die if her husband was not left with her, and in her anger she jumped upon her husband's breast, pounding his head against the bed post and was brutally assaulting him. Help was sent for and on the arrival of the officers Mrs. Mason made furious threats and is said to have made an effort to obtain a revolver concealed around the bed, but the officers were too quick for her and took the sick man to his mother's. Thus far no arrests have been made. Plattsmouth Markets. FURNISHED BY W. H. NEWELL & CO. Monday, September 12, 1887. Wheat No. 2, 47. " " 3, 42. Corn, 27. Oats, 18. Rye, 30. Barley, No. 2, 40. Money is being raised in England for the relief of the Exeter sufferers and a bill will be introduced into commons regulating theater fire escapes. Players of Wind Instruments. The manner in which players of wind instruments keep their lips hardened often excites curiosity. This is only attained by constant practice, and the more perfectly a performer plays the more practice is needed to keep him up to the mark. Many performers on wind instruments, and especially cornets, frequently lose control over the muscles of their mouths and are affected by what is known as the "swollen lip." In this case the lip sometimes swells to an enormous size, and in many instances the performer is obliged to take a temporary rest from playing. Too much smoking is also bad for the lips, as it makes them dry and feverish. While the use of too much liquor would, of course, be bad for any performer, yet when used in moderation it sometimes has a beneficial effect upon the playing. This is especially true when a very heavy program is rendered.—New York Journal. Entloons for a Military School. Two balloons have been purchased for the military school at Trenton, China. The larger one is capable of holding sixty or seventy persons, and the smaller thirty persons. An instructor has already arrived at Trenton, and, after five months' practice, trial trips will be made. These balloons are said to have been bought in Germany, and they are similar to those which were used during the late Franco-German war.—Chicago News. Italy's Abyssinian Expedition. The Italian government will have 30,000 troops in Abyssinia by the middle of September. They propose to punish King John for interrupting their stealing of his territory. The experience of England in punishing an Abyssinian king, some years ago, shows that one little expedition into the interior with 20,000 or 30,000 men costs \$50,000,000 to \$75,000,000. The Italian are in for a very expensive war, and possibly a disastrous one.—New Orleans Times-Democrat. Pensioning Superannuated Workmen. The German system for pensioning workmen in their old age will cause a tax of three marks per year on all, estimated at 7,257,000 marks. This will give a state credit of about 22,000,000 marks. Workmen over 50 years of age when the bill shall have passed will be excluded.—Public Opinion. Send the WEEKLY HERALD to some distant friend or relative.
