WRECKED BY RUNAWAY CARS.

Four Persons Fatally Injured in Another Railroad Catastrophe.

STOEX CITY, Ia., Sept. 20.—About 3 o'clock this morning a bad collision happened on the Milwaukee main line east of Canton. The grade just east of the Big Sioux is steep, and in going up this grade a long freight train broke in two and the rear part ran backward down the hill. A mixed train that was following the freight collided with the runaway cars. According to all accounts the conductor and two brakemen of the freight who were in the caboose and the engineer and fireman of the mixed train were badly hurt. One account says that four of the party will not recover.

CANTON, Dak., Sept. 21.—An east-bound passenger train on the Chicago, Milwaukee & St. Paul road ran into the rear of a freight train this morning three miles east of here. The freight was switching at Inwood, Ia., and the rear part broke loose and tore down the grade, and finally collided with the passenger train. The following persons were killed: Andrew Parreth, Rock Valley, Ia., line repairer; W. A. Ploog, McGehee, engineer passenger train; Charles Dunbar, Mason City, Ia., fireman; 15 bodies are still in the wreck and wreckage trains are now at work. The accident occurred at the foot of the bridge and a few seconds more in that would have thrown both trains into the river from the high embankment and thirty or forty lives would have been lost. Twenty members of the Canton band got out of the smoker at Canton ten minutes before that car was smashed up. The freight conductor is blamed for the accident.

Maine's Big Meteor.

NEW YORK, Sept. 20.—Prof. J. S. Harvey, of the agricultural and mechanical college, Orono, Me., has made a special investigation concerning the meteor which passed over Maine September 15. He writes as follows: "It was seen by a great many persons widely separated and must have illuminated a belt of country several hundred miles in width. It was distinctly seen at Bangor, Me., at the Maine state college, by a party of astronomers, Calais and other towns in Maine and by citizens of St. Johns, Me. Adams Hallifax and other points in the province. The meteor probably entered our atmosphere near the boundary of the states and provinces and moved in a southeasterly course, crossed the Bay of Fundy and peninsula of Nova Scotia and landed in the Atlantic ocean. The time was estimated by various observers as from two to three seconds and the size that of a full moon or small wash tub. Several believe they heard a hissing or rushing sound. Most of the observers say it was a round body of a deep red color like the sun. It had a smoky atmosphere and from this the central position extended. Purplish, star-like scintillations were continually given off. Some competent observers regard the body as oblong and one believed the oblong mass was divided into two portions, separated by a space of greater brilliancy. The light given to the atmosphere was considered purplish in color. Many were badly frightened."

TESTING THE BREAKS.

What Can Be Done With the Westinghouse Brake.

BURLINGTON, Ia., Sept. 20.—The fifth series of tests of the automatic air brakes of freight cars was concluded here today. The tests demonstrated that on a fifty car train 1,900 feet long, equipped with the Westinghouse brake, and running at the speed of forty miles an hour, can be brought to a stand in a distance of 659 feet without a shock, and at twenty miles, in 165 feet without any shock, which is without precedent.

Captain Black's Motion Overruled.

ATTAWA, Ill., Sept. 20.—Captain Black counsel for the anarchists, asked the supreme court to-day for leave to withdraw the original record in the anarchist case for thirty days, wishing to submit it to his associate counsel in New York and then, if so advised, to submit the record to the United States supreme court upon application for a writ of error. After consultation the court overruled the motion. Chief Justice Sheldon said similar motions had always been denied, and cited a case where an ex-judge of the court had asked and had been denied leave to take the record to a hotel to look it over during the night. Captain Black appeared very much discouraged and after court adjourned remarked that "he would not have the responsibility of delaying that motion on his head for the world." That the court had only given them sixty days of life to work on and this decision would give the impression that the court did not desire to aid the seven men in getting justice. One of the judges, being told of this, said that no matter what impression went abroad, they proposed to do what was in accordance with the rules of the court. The record contains 2,000,000 words. Captain Black has asked the clerk of the court to make an estimate of what it would cost to make a copy at once and advise him to-morrow.
