BORROWED AND STOLEN.

CAPTAIN BLACK DISCOURAGED.

A Crimson-Hued Circular Being Circulated—Governor Larrabee of Iowa Petitioned to Interfere.

The rebuff received by Captain Black yesterday before the supreme court was very disheartening. He said to-day, however, that if the worst comes to the worst the voluminousness of the record and the length of time required to copy it are excellent grounds for a stay of proceedings by the court or a respite by the governor. But he does not despair of getting the record ready in time for the United States supreme court to act on an application for a supersedeas. In fact, he believes that a justice of that court can lawfully grant a supersedeas without seeing the whole record, and by merely consulting the abstracts in the case. He left therefore for New York this evening, accompanied by Attorney Solomon, whom he takes along because of his familiarity with the case. They carry with them copies of the main papers in the case for New York, where the prospect for securing a supersedeas will no doubt be anxiously canvassed by themselves and General Roger A. Pryor. The anarchists in the county jail had more calls to-day to-day and appeared to be remarkably cheerful. The story in a morning paper of Nina Van Zandt's maid going to Captain Schaack, with a blood-curdling account of how the anarchists were plotting wholesale destruction, and were endeavoring to have weapons conveyed to them from the outside by Nina herself, created considerable amusement on all sides to-day, but was denied in toto by Captain Schaack. Considerable precautions are taken at the jail just the same to guard against any surprise. A cordon of police surround the buildings, and detectives hang around the corridors and lounge in and out with assumed carelessness, but still keeping a watchful eye on every person who enters the place, or even looks curiously at it from the outside. States Attorney Grinnell is the special object of the care of the watchers. Everything brought into the jail for the anarchists by their friends is subjected to a careful, minute examination, and it is quite impossible that a weapon or explosive could be given to them which would enable them to attempt an escape and any effort to destroy the building from the outside would involve the death of the men whom all their friends are now moving heaven and earth to save from that fate. The mail of the imprisoned men has increased vastly since the judgement of the supreme court. Twice a day the death watch distributes a big bundle of letters and papers among them. Spies get the most mail. Some big, corpulent envelopes came one day last week. One was sent to each of the anarchists. The superscription on one of them was: "To Ostizen August Spies, Murdered by the State." On one corner of the envelope was: "Citizen George Francis Train, New York." A visitor who talked with Sewab this morning, said he had received a letter from Herr Bebel, the great socialist leader of the German parliament. Parsons gave out to the newspapers to-night a document about two columns in length, addressed to the American public.

ANARCHY'S DYING WAIL.

Chicago, Sept. 21.—A circular of deep red anarchistic tendencies is being circulated in Chicago. It is headed: "To Workingmen of the United States of North America," and denounces the action of the supreme court in upholding the decision of the lower court in the anarchist cases. The circular refers to Captain Bonfield as the "notorious police bandit" and vilifies Judge Gary without stint. The circular is signed by "The Federation of Trade Unions," and was printed in New York. Police Captain O'Donnell telephoned this afternoon all over the city to have any and all persons found distributing the circular arrested.

GOVERNOR LARRABEE PETITIONED.

Des Moines Ia., Sept. 21.—Governor Larrabee has received a letter from an anarchist association, asking him to sign a petition to Governor Oglesby for executive clemency to the Chicago anarchists.
