The Republican State Platform.

The republican party of Nebraska, while ever careful of property rights, and holding no sympathy with those who would with the communist divide, or with the anarchists destroy, renews its determination that the great railway corporations of this state which hold relations of close interest to the people shall be the fairly paid servants of the state and not its masters. This work of legislative control in the state and nation shall continue until all cause of complaint of exorbitant rates and unjust discrimination, in favor of individuals or localities shall cease to exist. Assuming the responsibility which fairly belongs to it of having originated all legislation looking to railroad control and the creation of those tribunals or commissions which have been enabled to grapple with corporate power, the republican party will see to it that by a needed enlargement of power these commissions, national and state, shall be armed for battle and for victory. We favor such change in the constitution of this state as will permit the railroad commissioners to be elected by the people, it hereby voices its confidence in the existing board of transportation, and commends its efforts to obtain for Nebraska the same tariff of rates for freight and passenger service as is accorded to neighboring states similarly circumstanced. It is grossly unjust and a grievous wrong that Nebraska should pay more for the transportation of her products and the carriage of her supplies than her neighbors, Iowa, Minnesota and Dakota, with 1,200 miles of easily constructed and cheaply maintained lines of railroad and the republicans of this state will not cease to demand until all wrongs be righted.

We reaffirm our adherence to the American system of tariff, under which, with its broad protection of American labor, our country has prospered beyond any other. As the business of the country now demands revision, the republican, alive to the demands of every material interest, will see to it that such revision shall be made at the earliest practical day. We condemn the action of the democratic majority in congress in that after repeated pledges of tariff reform, it has utterly failed, while having a large majority in the house of representatives, when tariff bills must originate, to bring about such reform, which must come from the party that has ever been the friend of the American laborer and producer. The grants to the railroads of the American people are due to those who defended the union in the late war and we are in favor of providing suitable pensions for soldiers and sailors who were disabled in its service or who have since, without fault or view, become objects of public or private charity and to the widows and orphans of those who fell in its defense.

We heartily sympathize with the ambition and energy of the patriots of Ireland in their endeavors to obtain for their country the blessings of free institutions and local self-government. We recognize in Charles Stewart Parnell and the R. Hon. William E. Gladstone worthy exponents of the fundamental principles of the Declaration of Independence.

We condemn the action of the president in his attempt to return the trophies won by bravery on the field of battle.

We condemn the narrow, intolerant and partisan action of the democratic party in excluding from the privileges of state citizenship the half-million people of Dakota, solely on the unmanly and indefensible ground of a difference in political views. Not content with their efforts to exclude the negro from the elective franchise, they now seek to proscrib an intelligent, prosperous and patriotic people because of their political opinions.

We view with alarm the abuse of the veto power by the president of the United States. A power from the use of which England's sovereigns have abstained for two centuries; a power used but six times during the first forty years of our national government, a power by the people intrusted to the president for the purpose of preventing hasty legislation, has by the present incumbent of that office been used to thwart the well ascertained will of the people and to resist their repeated demands. He has, in one-half of the cases of veto, used the power more times than all the predecessors combined. He has sought by all the precedents and by extraordinary power, to establish himself a co-ordinate branch of the national legislature. He has frequently exercised this "one-man power" by the cowardly method of the "pocket veto" by which important measures have been defeated without any reason being given for withholding its approval.

Pool your issues.
Vote the ticket Straight.

REPUBLICANS should see to it that Samuel M. Chapman and Allen W. Field get a good vote in this county.

VOTE for A. Madole for county surveyor, a man that has been tried and found well qualified for his office.

HONEST Calvin Russell for county judge has practically no opposition yet republicans should see that his vote is a large one.

KEEP it before the people that Mr. Babbitt, the Saunders county candidate for sheriff, must be allowed to attend to his own private affairs.

"FIGHTING rebels with his mouth" is more creditable than anything the apologist and eulogist of Geteau has ever done since we have known him.

It is conceded all over the county that D. A. Campbell, as good a treasurer as Cass county ever had, will by the decision of the people to-morrow, be chosen his own successor.

On the one side it is free trade and the freedom of the saloon; on the other it is protection to the interests of American workmen and liberty from the power of the saloon.—*Sioux City Journal.*

HENRY BOECK, an old resident of the county, will not be traded off for a man who has barely been here long enough to be allowed to vote.

NOTWITHSTANDING the dirty electioneering work against Mr. Pool, there is no question, in the opinion of the HERALD, but what he will receive a handsome majority, at the hands of the people to-morrow.

THE *Indianola Herald* has run up against a perplexity. It says:
We are somewhat curious to know how in the world a man can on next Sabbath pray, "Lead us not into temptation," and then on Tuesday walk up to the polls and vote for men, who, if elected to the legislature, and the question of the repeal of the prohibitory laws should come up, would vote yea on that question.

WHILE all the mugwumps and disgruntled office seekers in the republican party are fighting Mr. Eikenbary yet his record is so creditable and his ability as sheriff so well known, that it is the candid opinion of THE HERALD that the people, tomorrow will reelect Mr. Eikenbary to succeed himself.

MAYNARD SPINK will succeed himself as county superintendent; he has given good satisfaction; the people have examined his record and to say it is beyond criticism is but telling the truth. Rev. Burgess, his opponent is a very pleasant old gentleman; yet republicans cannot afford to vote for Mr. Burgess for that office, as against Mr. Spink.

POLITICAL indications: The political weather indications are that Higgins and Wiggins will experience a tidal wave tomorrow,—the temperature will be decidedly lower. There will be no flies to roost on Higgins that Mr. Wiggins can not disperse with the cold breeze that will sweep over Cass county after the polls close.

THE HERALD will still insist, while Mr. Campbell is discharging his duties as county treasurer, that our esteemed brother of the *Journal* will inform the public which is the more pleasurable sensation that of receiving a bribe, or accepting a bribe; certainly there can be no good reason why our neighbor can not answer this conundrum.

MR. CRITCHFIELD, our nominee for county clerk, being in every way well qualified for that office, should receive the full party vote in this city. It would certainly be a reflection upon the intelligence and integrity of the republicans of Plattsmouth if they allowed Mr. Critchfield's name to be scratched from the ticket, to even a limited extent.

C WOODRUP'S bank article, in Saturday night's *Journal*, is on a par with the man. The theory that Campbell could deposit the county funds in one bank in his own name, then draw a check against the deposit and thus get the money into another bank without its coming from Campbell, or being in Campbell's name is certainly very, very brilliant. Mr. Schuman's experience in bank management is evidently very limited.

It is very interesting and amusing as well to see brother Sherman slip over in behalf of the Knight's labor. During all these years not a word of commendation of the K. of L. organization has been seen in the columns of the *Journal* until since the convention; since then, however, we are informed that the K. of L. organization is a very important one; that it is deeply interested in the welfare of the country; that it is non-partisan, with a slight intimation, however, that it votes the democratic ticket straight, with the exception of Judge Maxwell of supreme judge. The last sentence proves the key to the whole situation. If it votes the democratic ticket, then it is a daisy organization if, however, some of its members should see fit to vote the republican ticket then, according to Sherman, it would be a vile compact that meant no good to the public, and would receive the same abuse that the Hon. Patrick Eagen received for voting the republican ticket and earnestly working in its behalf.

HENRY J. STREIGHT is a liberal minded, honest, conscientious, careful man, well qualified, in every particular, for the office to which he aspires. Mr. Streight cannot be, in any sense, considered as one of the papsuckers—he has always minded his own business; and although an old citizen of Cass county has never before, been a candidate for office. Opposed to Mr. Streight is Mr. Showalter, a hide bound partisan, whom intelligent republican voters cannot afford to support, although Mr. C. has held public office in this county for eight years, which is longer than any other man has ever held a county office in this county. Yet, Mr. Showalter is not satisfied but wants four years more, which, if elected), would make him twelve years in office in this county, which is really almost one half of a business man's business life. To all fairminded people this is asking too much and, it is the candid opinion of the HERALD that Mr. Showalter will be allowed, for the next four years to take a rest from the laborious duties of the clerks office.

OH! SAWYER.

What do our German friends think of the German circular published at the instigation of A. J. Sawyer, and paid for by Mr. Sawyer, wherein he charges Allen Field as a prohibitionist? Especially what do you think of the circular in view of the fact, that, Mr. Sawyer's organ which he controls in Lincoln, *The New Republic*, charges Mr. Field with being an opponent of the temperance movement and an enemy to prohibition? More especially, what do you think of this German reading dodger, in view of the further fact, that, Mr. Sawyer on Saturday last swapped horses with the prohibitionist ticket of Lancaster county, Mr. Sawyer's name being placed on the prohibition ticket for district judge in place of Mr. Humphrey, pulled down, and Mr. Helmer the prohibition candidate for county treasurer of Lancaster county, being placed on the democratic ticket in place of the democratic candidate, deposed. This trade was openly made in Lancaster county last Saturday, Nov. 5th, and Andrew Jackson Sawyer is now running on the prohibitionist ticket for district judge, with German circulars sticking out of his coat-tail pocket in which he denounces Allen Field as a prohibitionist.

If the republican party of Nebraska has nominated as contemptible a ward politician for judge of our courts, in any district in this state, we would like the democratic press to trot him out.

ATTEND TO THIS.

Get out the vote. In every township and voting precinct in Cass county, republicans should get out and vote tomorrow. Stir up the laggards. If a man does not come to the polls, send for him. See that every vote is polled. Republicans, you owe this to your party. A single vote may change the result. See that every republican in the county votes. Don't wait to be asked but go and give it a little time.

The *Providence Journal*, discussing the abuses of campaign assessments and the corrupt use of money in politics, says:

They (the campaign assessments) are levied under the guise of printing and distributing ballots and providing the other necessary machinery of elections. Now, if the state performed this work and paid these expenses, it could be done much more cheaply and the excuse for making assessments would be removed. Each fresh examination of the money question in politics only shows still clearer the desirability of having state-printed ballots, distributed to the voters only by regular polling officers paid by the state.

TO-DAY closes the campaign in Cass county. The prospects and indications are that the entire republican ticket will be elected. One very pleasant feature of the campaign has been the disposition of republicans, in all sections of the county, to support the nominees of the convention. The ticket is an especially good one from Mr. Campbell at the head to Henry Boeck at the foot. The candidates are all old, well established, well known citizens of the county, and certainly our opponents have given no good reason why a single man upon the republican ticket should not receive the cordial support of all true republicans. The republican press of the county, with one or two unfortunate exceptions, have given the ticket its undivided support; and indeed the exceptions, which we will not particularly mention, have tended rather to strengthen the ticket than to weaken it. The last duty for republicans to perform is to be at the polls to-morrow morning and see that their vote is polled in this city. Let the work be done orderly, decently and quietly; but let the committees in each ward see to it that their voters are brought to the polls, and that their votes are cast; this is all that is necessary to ensure a sweeping victory in Cass county. After the votes are polled, if republicans pursue this course, they will have great cause for congratulation. There is no question about the republicanism of Cass county, or of Plattsmouth city if the rank and file of the party will simply bury their trivial differences and allow the principles of republicanism, that each and every one of them believes in, to control them in casting their ballots. Then the HERALD says to its republican patrons in Plattsmouth city: close the work of this campaign to-morrow by showing a united front, singleness of purpose and a determination to vote that you will have no cause for regret during the next two years.

- Over 2,000 miles of railroad conveys its freight traffic into and through our city.
- Ten passenger trains leave Plattsmouth daily for north, south, east and west over the C. B. & Q.; K. C., St. Joe & C. B. and the B. M. R. R. in Nebraska.
- The cheapness of the land around Plattsmouth and its nearness to Omaha markets together with good railroad facilities, make it not only a pleasant place to reside, but a desirable place for the establishment of manufactories.
- To healthy, legitimate manufacturing enterprises, the citizens of Plattsmouth would doubtless make reasonable inducements to secure their location, and correspondence is solicited.
- While real estate values are growing firmer each day, yet there is nothing speculative or fictitious about them, and good residence lots can be bought at from \$150 to \$350; land near the city can be purchased at from \$150 to \$200, each. This picturesque addition is accessible by either Chicago or Lincoln Avenues or by South 9th Street and may be reached in a ten minutes walk from the business center. South Park is more rapidly building up than any other part of the city. Correspondence solicited.
