A WORD TO HUSBANDS.

Love and appreciation are to a woman what dew and sunshine are to a flower. They freshen and brighten her whole life. They make her strong-hearted and keen sighted in everything affecting the welfare of her home. They make her to cherish her husband when the cares of life press heavily upon him, and to be a very providence to her children. To know that her husband loves her, and is proud of her and believes in her; that even her faults are looked upon with tenderness; that her face, to one at least, is the fairest in all the world; that the heart which to her is the greatest and noblest, holds her sacred in its innermost recesses above all other women, gives her strength and courage, and energy, and sweetness, and vivacity which all the wealth of the world could not be stow. Let a woman's life be pervaded with such an influence, and her heart and mind will never grow old, but will blos som and sweeten and brighten in perpetual youth .- Woman's Work.

Among them was one quite an adept in the vonderful. She was a Brahma, and much lid she boast of her noble Eastern blood. Mme. Devachau was her name. Her age no fowl could find out. Some said she was a female Mahatma nearly 500 years old. Others said she was 80 years at least. Meantime the madame smiled when the subject was hinted at, and looked to be on the sunny ide of 40.

Mme. Devachau was a wonderful bird. she was very learned. She read Sanscrit as easily as she could fly over a fence. She vrote a good deal of very obscure and mystic literature. She could drop down apparently dead and be flung around almost anyhow, and when she got tired of that pick herself up and go on as before. At such times she claimed that her spirit was out of her body and floating off speing things in two hemipheres. Besides she was a clairvoyant and old fortunes. At this she did quite a thrivng business.

About Nov. 1 she warned the big turkey hat something unpleasant, not to say dangerous, was hanging over him. At first he whistled her down the wind, and declared that he put no faith in predictions.
