A WEDDING DAY.

I was married today. All the books I have ever read finished with the marriage of the heroine...

how immensely I love him, and how blank and awful the world would seem without him. Why of all days should his friend have had an accident today?

...bathed my head with eau de cologne, fished my tea, begged to be allowed to send for a doctor; but all I craved was to be alone.

could he make me? Presently he turned. "Come and let me tell you the truth." And he took my hand, led me to the sofa and sat down beside me.
