Vice President Potter's Condition. Chicago, Jan. 31.—Vice President Potter was better today and decided to continue his journey to New York, although against the advice of his physician. He will probably go to Florida in a short time.

Detail to Kill the Czar. London, January, 30.—Advice from St. Petersburg say that a prominent army officer shot himself fatally recently and before dying told the surgeons he was a member of a secret society and had been detailed to assassinate the czar, but had preferred suicide. A searching investigation is in progress.

The Pope's Rich Presents. BALTIMORE, Jan. 31.—A correspondent for the Sun in Rome has furnished an interesting description of the gifts to Pope Leo, on the occasion of the jubilee. So far 7,000 cases of articles have been handled, and the end is not yet. Up to January 13th presents to the value of \$10,000,000 have passed through the hands of the vatican inspector. Even that sum has been exceeded in money. The United States has outstripped every other country in cash donations.

The Whittier Homestead. CHICAGO, Jan. 30.—The statement was made a few days ago that John G. Whittier had denied that it was his wish to have the Whittier homestead at Haverhill, Mass., purchased and preserved as a monument of affection for him and his poetry. This appears to have been a misstatement, as the times this morning print a letter from Whittier to Miss Frances Willard, in which he expresses his gratitude at the proposed movement, and hearty wish for its consummation.

A Deputy Sheriff's Forgery. RED OAK, Jan. 30.—H. T. West, of Villisca, late deputy sheriff of this city, was convicted of forgery in the district court yesterday. The crime was committed while he was in office, and when the note came due he, in his official capacity, served the notice of suit upon the parties whose names he is convicted of forging, two Swedes living near Villisca, and attempted to terrorizing them into acknowledging the signatures. F. H. Jerome, a note broker at Villisca, bought the forged paper and loses the amount, as West has no property. It was for \$125.

Begg's Blood Purifier and Blood Maker. No remedy in the world has gained the popularity that this medicine has, as a hold on family medicine. No one should be without it. It has no calomel or quinine in its composition, consequently no bad effects can arise from it. We keep a full supply at all times. O. P. Smith Co. Druggist. j25, 3mo, d-w

Again Sentenced to Hang. DRUMQUE, Ia., Jan. 30.—The jury in the Barney Kennedy murder trial reported today, after being out sixteen hours. Their verdict was guilty of murder in the first degree, and the punishment was fixed at death. Kennedy was convicted on a former trial and sentenced to hang, but secured a new trial on ground that one of the jurors was not a naturalized citizen. His attorneys will now move for a third trial because one of the jurors in the trial just concluded became intoxicated during its progress. The general opinion is that Kennedy will be hanged as the jury ordered. If he does escape through the courts he will never escape the vengeance of the tribunal of public opinion.

ROCHESTER, N. Y., Jan. 30.—On the New York Central roads between Syracuse and Buffalo there were several live-stock trains when last week's storm came up. Efforts were made to run them to points where the stock could be sheltered, but in spite of all efforts nearly fifteen car loads of cattle and hogs destined for Boston and New York were frozen to death near Palmyra, and several car loads at other points.

New York, Jan. 30.—The fury of the storm which began Thursday, and which swept the railroads and eastern New York with snow, was not spent until Saturday afternoon, and the railroads, up to that time completely at its mercy, began a vigorous fight against the drifts, and unless more snow falls today the blockade may be said to be ended.

WASHINGTON, D. C., Jan. 30.—The signal corps station at Nantucket reports upwards of fifty vessels in the ice near there, and from Great Point to Tuckernuck Shoals, many of them are adrift, having lost anchor and chains. The ice is ten inches or more thick, and the most powerful tugs can render them no assistance. Most of them will be wrecked unless prompt assistance is rendered to them when the ice breaks up.

Nebraska Bills in the House. WASHINGTON, D. THE FIVE PER CENT BILL. Senator Manderson's resolution in the senate today calling on the Secretary of the Interior for information as to the sale of public lands in Nebraska, and whether five per cent of the net proceeds has been paid to the state, is supplementary to the bill introduced some weeks ago by Senator Paddock providing for the payment of such unpaid sums which is now pending before the Committee of Public Lands. When in the senate before, Mr. Paddock succeeded in securing the passage of a similar bill which failed in the house. With the cooperation of the entire delegation he has strong hope of more complete success at the present session.

This evening Governor Wilson's representative returned from Logan county and reported that the belligerents on both sides in the Hatfield-McCoy affair have disbanded and the trouble ended. The governor has countermanded the order for the militia.
