GEORGE D. MEIKLEJOHN.

WALT. M. SEELY, Chairman.  
Secretary.

The political cauldren is boiling right merrily today.

How are you Dr. Salisbury? Councilman from the First.

ALTHOUGH we have had a Democratic mayor and council for the last two years, the Democratic party have just discovered that they were in favor of public improvements, and "resolved" in proper shape at their convention Saturday night.

MARION RICHIE is the man that used his influence towards the securing of gas works and water works here, and was successful. He is the man who will favor street paving and sewerage, and if elected will see that these improvements are made.

SHERMAN of the Journal shows pretty clearly what he believes and about how much patriotism he is possessed of when he clips and endorses the state rights editorial from the Louisville Courier Journal. A man in this enlightened commonwealth should be ashamed to print such stuff, let alone endorse it.

THE HERALD has been so far a very successful prophet; several days ago we predicted who the Democratic nominees would be, and the result was exactly as we predicted. We will now make the guess that the entire Republican city ticket will be elected by good round majorities. There are numerous and we think sufficient reasons why it should be done.

THE silk stocking Democracy were successful as usual, and had no trouble in nominating James Patterson, jr., for city treasurer, although he was opposed by a very popular young man in the person of Frank Morgan. Frank, you don't belong to the right wing; you should leave the ranks of the Plebeians and join the ranks of the upper tens, you would stand a better show for success.

## BASE IN GRATITUDE.

Not a word of commendation was heard at the convention Saturday night in favor of Mayor Simpson or his retiring government. THE HERALD is not now engaged in writing Democratic eulogies; if it were it could find several things in Mayor Simpson's reign to commend.

By the use of Ayer's Sarsaparilla, elasticity of step, buoyancy of spirits, and the bloom of health, may be restored to the system which has become enfeebled with disease. The best vitalizer and blood purifier is Ayer's Sarsaparilla. Sold by all druggists. Price \$1.

## RIGHT HERE IN NEBRASKA.

What Your Friends and Neighbors Say on a Matter of Vital Importance.

Below will be found a sample of the multitude of letters of encouragement Messrs. H. H. Warner &amp; Co., of Rochester, N. Y., daily receive. The subjoined unsolicited testimonials are from your friends and neighbors, ladies and gentlemen you know and esteem for their honor and straightforwardness, and who would scorn to be a party to any deception. What has been done for others can be done for you, and it is fully, nay suicidal, to longer suffer from the means of recovery lie at your very door.

McCook, Neb., Jan. 31, 1888.—"Warner's Safe Remedies" have become a sort of necessity or "cure all" among us. Several of my relatives particularly have taken "Warner's Safe Cure" for kidney troubles, and found it beneficial.

Mrs. Minnie B. Green

McCook, Neb., Feb. 1, 1888.—In 1882, I lived at Bellwood, Neb., engaged as a contractor and builder. During all the summer of that year I was troubled with kidney complaint. I got so bad that I had to quit work and put myself under a physician's care, who pronounced my ailment to be Bright's Disease of the Kidneys. I kept failing in health all the time and could only leave my bed or room on very pleasant days. I suffered terrible pains and was constantly growing weaker. I thought something must be done and that quickly. I tried another physician, who was a Professor in a Medical College at Omaha. I had to go on the cars about ten miles to his office in David City. One day I went to see him and he was not at home. I went to the hotel to wait for a train home, but was in such pain that I could not keep still. I was so far gone that I kept passing blood every few minutes, together with small pieces which looked like liver. I went to the drug store to get something to ease the pain and saw there a bottle of "Warner's Safe Cure" on the counter. I bought it and began to take it. The first twelve hours after taking it, there was but little change. First I noticed that I began to sleep better and the discharge began to grow thinner and lighter and gradually resumed the natural color. After taking less than three bottles of "Warner's Safe Cure" and remaining quiet for a few weeks, I was well and able to resume work at my trade. I did not take any medicine but "Warner's Safe Cure." I am now 53 years old and have never had any return of my former complaint. I tell all who suffer with lame back or kidney complaint to try "Warner's Safe Cure." I am sure that if I had not missed the doctor on that day at David City and found "Warner's Safe Cure" I would not have lived thirty days longer.

L. B. Bacon

CLARK, Neb., Dec. 9, 1887.—I have used a number of bottles of "Warner's Safe Cure" and it has given satisfaction. I would advise every one that is troubled with their kidneys to use it.

Frank A. Mott

CHESTER, Neb., Jan. 3, 1888.—In the summer of 1881, I took cold, which led to catarrh of the bladder. I was confined to my bed for weeks. I had a good doctor, but only partially recovered from the attack. I was so bad that my bladder gathered and broke and I passed a tea-cupful of pus through a catheter. After that time, whenever I would take cold, I would experience the same old trouble. Two years ago I began to take "Warner's Safe Cure," and after taking four bottles I got well and I am today as well as ever. I am 58 years old. My wife has been troubled for several years with kidney complaint, and at times was so bad that she almost lost her mind. She commenced to use "Warner's Safe Cure"—"Warner's Safe Nerve" and "Warner's Safe Pills," and now she is feeling as well as she ever did. We feel very grateful.

Milton G. Diebler

GIBSON, Neb., Nov. 29, 1887.—I take "Warner's Safe Cure" as a Tonic and Liver Regulator. My wife takes "Warner's Safe Cure" for Liver complaint, and it seems to do her more good than anything she has yet taken.

John M. Beatty

(Beatty &amp; Beatty, Hardware and Furniture)

LIBERTY, Neb., Nov. 29, 1887.—My wife has taken "Warner's Safe Cure" and finds its effect extremely beneficial.

HENRY WATERMAN is an honest, careful man; he is one of the best city treasurers Plattsmouth has ever had; to defeat him would not only be unfair treatment after one term of successful service, but it might prove a bad thing for the taxpayers to do. Mr. Waterman's opponent is a young man with no experience, and with nothing to recommend him except that his father is cashier of the Cass county bank, and that, of course, he will represent the interests of that institution. But if THE HERALD is not mistaken, we are not electing bank "treasurers" so much as we are careful financial agents of the city. What skill would young Mr. Patterson evince in the collection of special license taxes, one of the most difficult matters that falls to the lot of a city treasurer. We think, however, there is no danger of Mr. Patterson being worried with the job. He will probably remain a clerk in his father's bank for some time yet.

## AN EXTRAORDINARY OFFER TO ALL WANTING EMPLOYMENT.

We want live, energetic, agents in every county in the United States and Canada to sell a patent article of great merit, on the most liberal terms. An article having a large sale, paying over 100 per cent. profit, having no competition, and on which the agent is protected in the exclusive sale by a deed given for each and every county he may secure from us. With all these advantages to our agents, and the fact that it is an article that can be sold to every hotel, however, it might not be necessary to make "An Extraordinary Offer" to secure good agents at once, but we have no choice but to make it so, not only our confidence in the merits of our invention, but in its salability by any one that will handle it with energy. Our agents now at work are making from \$100 to \$300 a month clear, and this fact makes it safe for us to make our offer to all who are out of employment. Any agent that will give our business a thirty-day trial and fail to clear at least \$100 in this time, above all expenses, can return all goods unsold to us and we will refund the money paid for them. No such employer of agent dared to make such offers, nor would we if we did not know that we have agents now making more than double this amount. Our large descriptive circulars explain our offer fully, and these we wish to send to everyone out of employment who will send us three one-cent stamps for postage. Send at once and secure the agency in time for the boom, and go to work on the terms named in our extraordinary offer. Address, at once, H. H. Warner &amp; Co., 514 Smithfield St., Pittsburg, Pa.

## Costumes of Greek Women.

Though the Greek women in the towns have almost entirely discarded their picturesque national costumes, they are still worn in the country. In some districts these costumes bear a great resemblance to those of the Bulgarians, though without their gaudiness of color; in others they consist generally of a skirt of brightly striped stuff, and an embroidered cloth jacket, while for out-of-door wear a fur lined pelisse is added. The hair is braided into numerous tresses, and surmounted by a small red cap decorated with gold and silver coins similar to those worn as a necklace.—Boston Budget.

## Disposal of Sewage.

From time to time some local quid nunc rushes into print with the advice that Chicago should follow the foreign practice, and instead of seeking to dispose of her sewage by water carriage should utilize it for fertilizing purposes, "as they do in England and France." Such wisdom may be intended to learn that a steamship costing nearly \$16,000 has been constructed to carry 1,000 tons at each voyage of the solid residuum of the London sewage out to the North sea from the Barking creek sewage works. Four or five more such ships will be required to deal with the entire quantity.—Chicago News.

## Payment for a Poem.

Some publishers have their own ideas as to the manner in which compensation for literary service should be made. In a monthly edited by an acquaintance of mine appeared a poem. It was a very good bit of verse by a local literarian, rather given to negligence in the matter of attire. The editor marked it on his pay roll as being worth \$5. "That's too much," said the publisher, promptly. "He's a very shabby fellow, you know; \$5 is enough for him." And that is all he got.—Alfred Trumble in New York News.

## Emerson's Greatness Criticized.

There was in Concord an excellent lady of the old school, who, having heard Mr. Emerson's greatness spoken of, said: "Yes, Mr. Emerson is a pretty smart man; he keeps his head up there in the clouds, and he says things that nobody can understand, and folks think it's wisdom, and he writes it all down, and people buy it of him; but I guess if he'd 'a' turned his attention to the butter business he'd 'a' got along just the same." The old lady meant this as a compliment, and, no doubt, as the world goes, it ought to be taken as one.—Boston Transcript.

## Dry Rot Contagious.

It is said that dry rot, the enemy of builders, is a sort of contagious disease. Good authorities state that it can be carried by saws and other tools which have been in contact with affected wood, and that such contact and impregnation is often the cause of the mysteriously rapid decay of originally sound timbers.—Chicago Times.

## A Collector of Idols.

S. M. Zahn, of Lancaster, Pa., is an idol collector. Among his collections are an Aztec idol from the mound in Mexico, and supposed to be thousands of years old; a Hindoo idol, a Japanese god, Arizona Indian idols, and a sandstone god taken from the banks of the Susquehanna.—Chicago Herald.

## A Mohammedan Slave Market.

There is a well patronized slave market in Cabul for the sale of slaves brought from Afghanistan. Girls being higher prices than women and are sold according to height. Only Mohammedans are allowed to buy.—New York Commercial Advertiser.

## Buddhist Missionaries.

A society has been formed in Ceylon which has for its object the propagation of Buddhism throughout the world.—New York Tribune.

It has no calomel or quinine in its composition, consequently no bad effects can arise from its use. We keep a full supply at all times. O. P. Smith &amp; Co., Druggists. j25-3md&amp;w.

If Diogenes lived today he would be out with a lantern looking for a Democratic lawyer who hasn't been mentioned for the office of chief justice of the supreme court.

## Who is Your Best Friend?

Your stomach of course. Why? Because if it is out of order you are one of the most miserable creatures living. Give it a fair chance and see if it is not the best friend you have in the end. Don't smoke in the morning. Don't drink in the morning. If you must smoke and drink wait until your stomach is through with breakfast. You can drink more and smoke more in the evening and it will tell on you less. If your food ferments and does not digest right—if you are troubled with heartburn, dizziness of the head, coming up of the food after eating, biliousness, indigestion, or any other trouble of the stomach, you had best use Green's August Flower, as no person can use it without immediate relief.
