CITY CORDIALS.

Regular meeting of city council tonight.

F. G. Fricks & Co. are repapering and otherwise improving the appearance of their drug store.

Ed. Parrott, car checker, has a new assistant. Its a bouncing boy born May 13. No thanks, we don't smoke.

The Bellevue Enterprise is improving every issue and is a real newsy sheet and is worth double its subscription price.

All members of the Young Men's Republican Club are requested to meet this evening at the county judges office at 8:00.

The Ladies' Aid Society of the M. E. church will give a sociable at the K. P. Hall tomorrow night. All are invited to attend.

Lyman vs. Chester Walcott et al was the subject of the district court today. The case was entered in default and decree rendered in favor of plaintiff as prayed for in petition.

County Judge Russell today solemnized the vows that made one, Mr. Robert Mitchell and Miss Mary A. Rivett, of Lincoln. May their pathway through life be as bright and sunny as today.

At the State Pharmaceutical association last week, Mr. O. P. Smith of our city was appointed a member of the executive committee, a deserving recognition of Mr. Smith's ability and interest in the association. The appointment could not have been better.

The county Clerk received a wolf scalp yesterday through the mail. The Clerk says he believes the dead should bury their dead and not send it here for him to do. But it is a good thing the postmaster is a democrat for if he had not been used to smelling the dead democratic party for so long he never could have handled that wolf scalp without suffocation.

The Young Men's Christian Association held a very interesting meeting yesterday afternoon at the Presbyterian church. Their subject "Manly Christianity" is one in which all young men should take a deep interest. To be a man should be the aim of all and there is nothing that aids so much to be a man as christianity. Then every one who would be a manly man should feel an interest in the subject of manly christianity.

It is about time for some spring poetry. Our early birds have all been drowned in the recent rains and we cannot expect any more from them and as we are no poets ourselves we would be glad to have some one come to our rescue and write us a nice poem on spring and flowers. It has been a long while since we have heard anything about this subject that our mouths our fairly watering for something of the kind.

A very serious accident happened Saturday evening about half past eight o'clock. A switchman named Chas. Reynolds in attempting to get on a flat car missed his hold and his foot went down onto the track and was run over by the car and was badly mangled. The great toe was amputated and it is feared that a part of the foot will have to be. Mr. Reynolds came from Nebraska City and had just moved his family from that place on the day he was hurt.

one can always tell where to get new goods and low prices by looking through the columns of a newspaper. A man who advertises can always sell cheaper than one who don't. "Quick sales and small profits," is the motto of every live merchant and the merchant who advertises will always sell the most goods because the people know what he keeps and how he sells before they start out to do their trading, and will never take the time to run around over town to hunt another place. It pays every business man to advertise and it pays to advertise extensively. The oldest and most successful business men of the day will always tell you there is nothing lost in printers ink, and the more you use the better.

A long time ago, way back in old Kentucky, in an old log school house, we saw boys go to church, sit back in the back part of the house, laugh and talk and disturb those who came to church to hear the sermon. There also we saw young men stand just outside the door and laugh and talk so loud that they could be heard a mile. We were reminded of these days last night at the M. E. church. The actions of some of the would-be young men was very ungentlemanly, and we hope that they will not repeat their actions of last Sunday evening again. If you don't come to church to hear the sermon you would do better to stay away and not disturb those that do go for that purpose.

W. G. Keefer believes in letting people know where he stays, so has had a neat new sign put over his harness shop door.

The Young Men's Republican Club meets at Judge Russell's office this evening at 8 o'clock. A full attendance is desired as there is important business to transact.

Again has our city been disgraced by a drunken row at the hell-hole kept by one Johnny Blake. Such occurrences in which men are being butchered up are getting to be too frequent at this place, and if the authorities of the city are going to allow this man to run a butcher shop they should have him take out a special license for that purpose, and not allow him to run under the name of a saloon. There are such things as places becoming a nuisance, and this is one of them, and should be closed on that account.

The case of Grace vs. Blake was finished up this morning in the district court. This was an action brought to dissolve a partnership and also to recover money owed by defendant. The decree of the court gave judgment in favor of plaintiff for the sum of \$749.91 and costs. Also a lien on partnership property until amount was paid. Exceptions were taken to the judgment and an appeal was asked for which was granted and 40 days given in which defendant to reduce his exceptions to writings and have them approved.

The Ladies of the M. E. church will give a sociable on Tuesday evening at the K. of P. hall, south side of Main street, over J. V. Weckbach's store. The following program will be given: Song, M. E. choir; declamation, Miss Kit Russell; duet, Mrs. Martin and Mr. Mutz; song, Glee Club; reading, Miss Witten; song, Willie A. Derrick; song, quartette; declamation, Anna Sullivan; duet, Mrs. Lovrin and Mrs. Martin; reading, Miss May Russell; song, Glee Club. Debate, resolved that man has done more for humanity than woman. After which ice cream and cake will be served. Admission, 10 cents.

The April term of the district court of Cass county, will probably close today or tomorrow, a very large amount of work has been disposed of and many important cases tried and decided. The time seems to have come when litigants who have causes in court law have a speedy determination of their differences. District court convenes on Monday next in Lancaster county where Judge Chapman goes to set with Judge Field, and work until June when he goes to Otoe county to hold the June term of that court, so that the only breathing spell the Judge gets comes in the warm months of July and August.

"Nigger shooters" are getting to be quite a handy weapon these days; and they are also becoming a nuisance. It is becoming dangerous to even walk along the streets any more. One cannot tell what moment he will be knocked over by one of these instruments and not know where it comes from either. It seems to us that people who do not know what they are doing should not be permitted to handle such things. It is bad enough for a man to be slugged when he knows who does it but to give it to him when he has no chance to resent is unendurable, and several cases of this kind have been reported to us within the past few days.

SOMETHING OF INTEREST.

To The People of Cass and Adjoining Counties.

I desire to say a few words to the people at large in regard to the breeding of horses. Having myself, for the last 35 years been engaged in that business, believing that I am competent to give a fair, unbiased opinion of the best breeders. I drove the stallion, Little Breches, who took the 1st premium at the first fair ever held in Des Moines, Ia. I also owned and bred the stallion, Cap Walker, who was the first horse to take a premium in Cass county and have always been handling horses for breeding purposes. I have handled and bred Printers, Morgans, Copper Bottoms, Bashous, Hamiltonians, Clydesdales, Normans and others. I have bought and brought to Cass county, a large number of horses even before the E. & M. R. R. had a rail here and among them were a Printer Stallion, a Copper Bottom Stallion, four Norman Stallions, four Clydesdale Stallions and others and have bred all these horses at different times. I have been on the horse market for 20 years and am by this time, certainly competent to know what horse or breed of horses will bring the most money in this or any other market and which are the most valuable to stock raisers my opinion is that the Clydesdale and Norman are worth more money to the breeders and it is based upon this fact, that a three year old Norman or Clydesdale draft horse is worth and can be sold in market for \$140 to \$200 and the smaller horses at the same age will not possibly bring over \$75.

I have said this much for the benefit of breeders and in explanation, and I further desire to say that we have now at our stables in Plattsmouth two Clydesdale and one Norman horses good clean big breeders, and with more to follow, both for sale and breeding purposes.
