CITY CORDIALS.

—Mr. Frank Cranmer is able to be around again after a slight attack of sun stroke, which he received last Sunday.

—A gentleman of our acquaintance was asked last evening by his wife, what he wanted for supper. His reply was, "just a common every day supper, only give me more supper." He is more easily satisfied than some of the Smith family.

—The fair given at Fitzgerald's hall last night was a success socially and financially. Not so many were present, probably, as there would have been, had the evening been cooler, but as it was, all present seemed to thoroughly enjoy themselves.

—Matilda Fletcher lectured last evening at Rockwood hall to rather a small house. All present seemed to thoroughly appreciate her speaking and became quite enthusiastic at times. Her subject was, "The way of the World," in which she made many good hits. If the evening had been more agreeable, she would probably have been greeted by a large audience. She left this morning for Des Moines, via Omaha, where she will take a vacation for some weeks.

—A surprise party was given Miss Nota Eikenbary last night by a number of young people from here and the surrounding country. Miss Nota is a daughter of Mr. Henry Eikenbary, whose farm is about three miles southwest of the city. A very enjoyable evening is reported, and the party did not break up until the small hours this morning. Dancing was the main amusement of the evening. About eight couples were present from here, who had hard work fighting the elements on their return.

—The Bohemian band gave the city a good serenade this morning. The music was very nice and gave the people a hint that a good time was in store for them if they would only join the merry throng and give up their tedious labors for a half day. A large number went out to the fair grounds this afternoon to take in the picnic and see the ball game between the Council Bluffs nine and the Plattsmouth boys. Each team feels confident of a sure thing, and it is expected that a good game will be the result. A full report of the game will be given in tomorrow's issue.

—Mr. C. S. King, editor of the *Utah Daily Union* called on us this morning. Mr. King and C. J. Pettee, formerly of this office and city, are proprietors of the *Utah Daily Union* and the *Sunday Utah Times* at Ogden. He reports that they are doing nicely. Mr. King is traveling with a handsome car gotten up in Salt Lake City to advertise that city and Utah. This car is furnished very handsomely both inside and outside, and carries a sample of all the products and manufactured articles of Utah, and Mr. King represents the city of Ogden. He left this morning for Cincinnati.

—We hear some representative citizens talking of improving the county square in this city. One says build a city hall and court house to cost, say \$25,000, and thinks the amount could be had by private subscription; another says yes, who shall we go to and what steps shall we take to get the city hall and court house started. The property owners of that part of the city are improving their property, new homes are going up and they begin to think the county square should be improved. Citizens come to the front and let us have a city hall and court house, and thereby have a more secure hold on the county seat.

—We are sorry to learn that it is the intention of Mr. M. A. Hartigan to move his family from Plattsmouth and go to Hastings. They have built themselves a reputation which no one need be ashamed of, and they have endeared themselves to all with whom they have had an acquaintance. The citizens here, all of them, regret to see them make such a move, and feel sorry to think they could not be contented in this thriving little city of ours. But as it is their intention to go, and all arrangements have been made for their departure soon, we would ask them to kindly remember their old home, where people live who have hearts ever open to receive them, should they ever be discontented anywhere else and wish to return to old Plattsmouth. Our best wishes go with them and may success ever be within their reach.

A GAY DECEIVER'S PLEDGE.

Charles Olsen Skipped Within a Half Hour After Being Wedded.

The bastardy case brought up against Charles Olsen commenced before Judge Stiles May the 25th, culminating June 9th by the parties appearing before his honor, L. C. Stiles, Esq., with license in hand and asking to be joined in wedlock. The ceremony was performed in the Judge's latest and most approved *Style*, in the presence of several ladies and gentlemen, and the bride and groom departed seemingly happy. But alas! the deception of unkind and unfeeling mortals cannot always be accounted for.

No sooner had the wedded pair left the sanctimonious bar of justice than the hard-hearted groom tore himself away from her whom he had first allured and ruined, and that two after only a half hour before he had solemnly promised, in the presence of a brother, friends and witnesses, to take her for his lawful, wedded wife, to love, cherish, protect and care for her in sickness and in health, as long as they both should live. The perfidy of a gay deceiver, a rakish, rapish, lustful, carnal wretch, one whose heart is hardened against his Creator and his brother man, should be punished to the fullest extent of the law, and he be kept within the prison walls until his heart is softened and his carnal nature properly subdued. It is a sad thought for the rising generation of girls to ponder upon. Look out for the silver-tongued gay deceiver.

Drowning Accident.

GREENWOOD, June 13.—[Special to the HERALD.]—Yesterday afternoon about 2:30, a very sad drowning accident occurred at this place. A young man by the name of Henry Ewing had gone in swimming in Salt Creek, about one-half mile west of the town and was drowned. He is reported as being a very industrious and congenial sort of a young man and much respected by all who knew him. His many friends were horror stricken when they heard of his terribly sad fate and the whole community is very much grieved over the sad affair. Not being personally acquainted with him, we can not give as good an account of his good acts and speak as well of him in a good many ways as we otherwise would do, but from what we have heard of the young man, we are prompted to speak very highly in his favor. His body was found at 5:45 yesterday evening. He came from Illinois last spring, and has, since that time, been running a billiard room here. He was 22 years of age.

County Seat Question.

The unterified Weeping Water anarchists are again urging the question of the county seat removal. They have we understand, already commenced to get up their petition to present to the commissioners, in order to get it on wheels; and then will come the election, and it will take two thirds of the voters of Cass county in favor of the same to remove it. Our poor deluded brethren of the village forget that Plattsmouth City proper holds one fourth of the entire vote of the county, and with the other help the city can secure, the movement, as all others have, will fall to the ground a failure.

PERSONALS.

Mr. Allen Beeson returned from Beatrice last night.

The Collapse of the Morning Mail.

The time the old *Morning Mail* went to the wall, we think it was some time in January, 1886, it was a cold winter's night, the air was full of snow, when the climax was reached. Mr. W. L. Brown was then proprietor of the paper with Joe Fairfield as managing editor in charge. Mr. Brown had come down from Lincoln where he had removed. He came down on the evening train, and was met by Mr. Fairfield who, in his usual blank manner, says, "Brown, then fellows have quit work again." Says Brown, "What is the matter is there no copy on the hook?" "Matter! h—l," says Joe, "the hook is full of matter—the matter is the d—d fools have struck, and wont work any longer without money, and I can't make collections enough to pay them or myself." And so, that winter's night, another bright light went out, never to brighten the pathway of republicanism again.

The above shows conclusively that the only way a newspaper can be run successfully, is for the patrons to pay up, and we give this as a gentle hint to those who are in our debt.

Fire Department.

The Plattsmouth fire department met last night in regular meeting. Albert Noble and Charles Wheeler were proposed for membership, and the usual committee was appointed to examine into the qualification of the candidates for membership.

The matter of sending two candidates to the Clinton, Iowa, tournament, was discussed, but the department concluded not to send any one this year. The secretary, H. C. Ritchie, was instructed to notify all delinquents in the sale of tickets for the last annual ball to call on him and settle up, and also one or two who were short last year.

On motion it was ordered that the president appoint a committee of five from the department to act in conjunction with a like committee of citizens to get up a rousing Fourth of July celebration picnic etc. The committee consisted of S. C. Green, T. S. Clifford, Geo. Poissall, D. M. Jones and L. Reinackel. The meeting then adjourned.

"That Damned Green Flag Again."

MOUNT VERNON, N. Y.—*Editor Irish World*:—A great deal of surprise has been expressed by some persons at Mayor Hewitt's action in refusing to allow the Irish flag to be raised over the city hall on St. Patrick's Day. To me it seemed consistent and what should have been expected.
Does he not belong to the same party and express the same sentiments as the Colonel of the rebel regiment at Antietam who, on seeing the Irish Brigade advancing to charge his works (the sunken road) the third time made use of the now famous expression, "Boys, here comes that damned Green flag again!" It was gall and wormwood to them; it is the same to our (ignoble Mayor. Yours for the old flag. "ANTHETAM."

This is the same old flag, interwoven with the red, white and blue, which will charge the same old Democratic enemy again in November; and no matter who our leader is—whether he be Blaine, Gresham, Sherman or Allison—no the same "Damned Green Flag" may worry the Democratic party and win the day.

BROTHERHOOD BREEZE.

J. C. PELTIER AND J. F. LLOYD, M. C. R. R. MEN.

Come all ye scabs, both old and young, Hark, and you will hear how the Q. did the Brotherhood Of the engines they loved most dear. The last and least of the little flock are welting across the way. Some day will ask a scab for a ride, Then what will the brave scab say? Are you a B. of L. E., if so, the cross ties are good.

I remember the time when I asked for a ride From a Brotherhood man; he said to me, Let me see your card. I said that I had none, and he replied, I can't carry you, it would not do, As the rules of the company are strong. Now the scabs are both noble and true, And the time has surely come when they will ride, While the dear Brotherhood walk and sweat in the summer sun. So take our advice, when you next get a chance: Do unto others as you'd have them do to you. Take your grip on your back and start up the track, And beware of the scabs on the Q.

Dress the Hair
With Ayer's Hair Vigor. Its cleanliness, beneficial effects on the scalp, and lasting perfume commend it for universal toilet use. It keeps the hair soft and silken, preserves its color, prevents it from falling, and, if the hair has become weak or thin, promotes a new growth.
"To restore the original color of my hair, which had turned prematurely gray, I used Ayer's Hair Vigor with entire success. I cheerfully testify to the Efficacy of this preparation."—Mrs. P. H. Davidson, Alexandria, La.
"I was afflicted some three years with scalp disease. My hair was falling out and what remained turned gray. I was induced to try Ayer's Hair Vigor, and in a few weeks the disease in my scalp disappeared and my hair resumed its original color."—(Rev.) S. S. Sims, Pastor U. B. Church, St. Bernard, Ind.
"A few years ago I suffered the entire loss of my hair from the effects of tetter. I hoped that after a time nature would repair the loss, but I waited in vain. Many remedies were suggested, none, however, with such proof of merit as Ayer's Hair Vigor, and I began to use it. The result was all I could have desired. A growth of hair soon came out all over my head, and grew to be as soft and heavy as I ever had, and of a natural color, and firmly set."—J. H. Pratt, Spofford, Texas.
