NATIONAL REPUBLICAN TICKET.

FOR PRESIDENT, BENJAMIN HARRISON, of Indiana.

FOR VICE PRESIDENT, LEVI P. MORTON, of New York.

THE democrats fear that there is Blaine plot to elect Harrison. Well, there is, and the whole republican party is in it too.

ALREADY our democratic enemies are sneering at the republican emblem, the American Flag. Very well, gentlemen! "We will rally 'round the flag" and you can rally 'round the rag.

THE Omaha (newspaper monopoly) World has put up "Mr. Sampson of Omaha" as its exponant of republicanism, and Mr Sampson's Delila as its democratic exponant; this is a'l very fine for a mugwump democrat like Mr. Hitchcock, but we will wager a big red apple that before the campaign is over the mugwump will assert itself and the so-called political debate will be turned, or attempted, over as a democratic victory by the editor-inchief of that sheet. Mugwump independence is simply a very green and insipid quality of democracy "in the brine."

THE public doesn't hear much more of the man of destiny and the noble Old Roman, since Messrs. Harrison and Morton have stepped before the foot lights. The great American audience appreciate the American play: its characters and caste are essentially American; it is put on the stage by American managers and it takes and will draw the crowd during the entire season. Noble Old Romans. bandanas and over fed Cobden Club cu pids, won't make expenses before this Yankee nation. The novelty has worn by 300 pages-will be sent to any address,

The Daily Call, of Lincoln, under the management of Messrs. Bushnell, Fairbrother and Cox, is a venture the Lincoln people should stand solidly by. This new evening adventure has everything in its make-up to warrant success. In business qualifications for management, in brains and solid accomplishments for editorial work, we do not know of newspaper in Nebraska that presents as strong a combine, and we predict for the Call a profitable and useful future. Go in, boys, and may the Capital RINGS recognize that there is a Call for publicity in all their devious meanderings.

How does that record compare with Ben Harrison's? Let the old soldiers who vote the democratic ticket answer that question; but further, Ben Harrison has a record as a lawyer; Grover Cleveland chose the same profession, what is his record? What do you think of a member of the learned profession in Buffalo, in the pride of his young manhood, abandoning his profession and running for sheriff? How does that look anyway? . What would you tnink of Judge Wakeby, Judge Doan, John M. Thurston, John L. Webster or Gen'l Cowin, leaving their lucrative and honorable practice to run for sheriff of Douglas county? But further, Mr. Harrison has the record of an irreproachable private character, without the taint of the saloon, without the taint of the libertine. What is Grover Cleveland's record? You are in the business now, wanting voters to consider the record of Mr. Harrison, let us have the corresponding life of the man whose election to the greatest office within the gift of the American people, will always be a reproach and stagma upon the moral intelligence of this great liberty professing nation. On with the record business!

TARIFF LITERATURE FOR ALL.

The American Protective Tariff League s publishing a most valuable series Tariff documents. These are prepared with a view not only to state the facts and arguments for Protection, but also to con vince doubtful voters, whether they are farmers, laborers, merchants or professional men. Each issue of the series appeals to those engaged in separate indusries, and presents indisputable facts, comparisons of wages, cost of living, and other arguments showing the benefits of Protection. Recent issues include the following :

'The Farmer and the Tariff." Col. Thus, H. Dudley. The Wool Interest." Judge William "Workingmen and the Tariff,"

The republicans of the United States, assembled by their deligates in a conal convention, pause on the threshold of yeir proceedings to honor the memory of their first great leader and immortal champler of liberty and the rights of the people, Abraham Lincoln, and to cover also with wreafus of imperishable remembrance and gratitude the heroic names of our later leaders wno have been more recently called away from our councils, Grant, Garfield, Arthur, Logan and Conkling. May their memories be faithfully cherished. We also recall with our greetings and prayer for his recovery the name of one of our living heroes whose memory will be treasured in the history both of republicans and of the republic. The name is that of the noble soldier and favorite child of victory. Philip H. Sheridan.

In the spirit of those great leaders and of our devotion to human liberty, and with that hostility to all forms of despotism at dispression which is the fundamental idea of the republican party, we send fraternal congratulations to our fellow Americans of Brazil upon their great act of emancipation which completed the abolition of slavery throuhout the two American continents. We carnestly hope we may soon congratulate our fellow citizens of Irish birth upon the peaceful recovery of home rule for Ireland.

WE AFFIRM OUR UNSWERVING DEVOTION to the national constitution and to the indissoluble union of states to the autoonmy reserved to the states under the constitution, to the personal rights and liberties of citizens in all states and territories in the union and es-

the personal rights and liberties of citizens in all states and territories in the union and especially to the supreme and sovereign right of every citizen, rich or poor, native or foreign born, white or black, to cast one free ballot in the public elections and to have that ballot duly counted. We hold a free and honest popular ballot and just and equal representation of all people to be the foundation of our republican government and demand effective legislation to secure the integrity and purity of elections which are the fountains of all pullic authority. We charge that the present administration and the democratic majority in

of Europe
wk will support interests of america.
We accept the issue, and confidently appeal to
the people for their judgment. The protective
system must be maintained. Its abandonment
has always been followed by general disaster
to all interests except those of the unsurer

and sheriff.

We denounce the Mills' bill as destructive to general business, labor, and the farming interests of the country, and we heartly endorse the consistent and patriotic action of the rethe consistent and patriotic action of the re-publican representatives in congress in oppos-ing its passage. We condemn the proposition of the democratic party to place wool on the free list and insist that the duties thereon shall be adjusted and maintained so as to fur-nish full and adequate protection to that in-dustry.

The republican party would effect all needed reduction of the national revenue by repealing the taxes on tobacco, which are an arrogance and burden to agriculture, and the tax upon spirits used in the arts and for mechanical purspirits used in the arts and for mechanical purposes, and by such revision of the tariff laws as will tend to check imports of such articles as are produced by our people, the production of which gives employment to our labor, and release from import duties these articles of foreign production, except luxuries, the like of which cannot be produced at home, there shall still remain a larger revenue than is requisite for the wants of government, of internal taxes. for the wants of government, of internal taxes rather than surrender any part of our protective system at the joint behest of the whisky ring and agents of foreign manafacturers.

AGAINST PAUPER AND LABOR TRUSTS. We declare hostility to the introduction into this country of foreign contract labor and of Chinese labor alien to our civilization and our constitution, and we demand the rigid enforcement of existing laws against it and favor such immediate legislation as will egolude such labor from our shores,

bor from our shores,

We declare our opposition to all combinations of capital organized in trusts or otherwise to control arbitrarily the condition of
trade among our citizens and we recommend
to congress and the state legislatures in their
respective jurisdictions such legislation as will
prevent the execution of all schemes to oppress the pecple by undue charges on their supplies or by unjust rates for the transportation of their products to market. we approve legislation by congress to pre-yent alike unjust burdens and unfair discrimnation between states.

A Most Indefatigable Worker.
Edison is a most indefatigable worker, but like all men of strong imaginative powers, works by fits and starts. I saw him the other day, and being struck by his haggard look, I asked him if he was ill. "No," he replied with a smile, "but I have been working for two days and the whole of last night on a problem which bothered me." I found afterward that this was literally true and that he had not even lain down for an hour, but had kept on steadily working without intermising appropriations made for that purpose to harrass ionocent settlers with spies and prosegutions under the false pretense of exposing traines and xingligating the law.

"As a rule the presidential contest has very little interest in the Old World. On the present occasion, hovever, an issue is involved which very closely concerns Europe, more particularly Great Britain. Mr. Cleyeland has taken his stand on free trade, and, although his party managers have considerably planed down his platform, he is universally recognized in the states, as pledged to initiate a new departure in fisical policy. Nor can there be any doubt that he would act up to this understanding were he elected. The central issue of the contest lies between the maintenance of the present fiscal system intact and its modification in the direction of free trade. THE MORMON QUESTION. The political power of the Mormon church in the territories as exercised in the past is a menance to free institutions too dangerous to be long suffered. Therefore we pledge the re-publican party to appropriate legislation, asserting the sovereignty of the nation in all the territories where the same is questioned, and in furtherance of that end to place upon the statute book legislation stringent enough to divorce political from ecclesiastical power, and thus stamp out the attendant wickedness of polygamy.

The republican party is in favor of the use of both gold and silver as money, and condemns the policy of the demogratic administration in its efforts to demonetize silver.

We demand the reduction of letter postage to be contracted.

OUR MEECHANT MARINE. We earnestly recommend that prompt action and Pacific states as well as for the payment of the maturing public debt. This policy will give employment to our labor, activity to our various industries, increased security to our country, promote trade, open new and direct markets for our products and cheapen the cost of transportation. We affirm this to be far better for our country than the democratic policy of loaning the government's money without interest to "pet banks."

THE DAY, JULY 6. 1888.

FOREIGN RELATIONS. The conduct of foreign affairs by the present administration has been distinguished by inefficiency and cowardice. Having withdrawn from the senate all pending treaties effected by republican administrations for the removal of foreign burdens and restrictions upon our commerce and for its extension into a better market, it has neither affected nor proposed any others in their stead. Professing adherence to the Monroe doctrine, it has seen with idle complacency the extension of foreign influence in Central America and of foreign trade everywhere among our neighbors. It has reeverywhere among our neighbors. It has re-fused to charter, sanction or encourage any American organizytion for constructing the Nicaragua canal, a work of vtal importance to the maintenance of the Monroe doctrine and of our national influence in Central and South America, and necessary for the development of trade with our Pacific territory, with South America, and with the further coasts of the Pacific Ocean.

FISHERIES QUESTION. We arraign the present democratic administration for its weak and unpatriotic treatment tration for its weak and unpatriotic treatment of the fisheries question, and its pusillanimous surrender of all privileges to which our fishery vessels are entitled in Canadian ports under the treaty of 1818, the reciprocate marinine legislation of 1830 and comity of nations, and which Canadian fishing vessels receive in the ports of the United States. We condemn the colicy of the present administration and the democratic majority in congress towards our fisheries as unfriendly and conspiciously unpatriotic and as tending to destroy a valuable national industry and an indispensible resource of defense against foreign enemy.

national industry and an indispensible resource of defense against foreign enemy.

The name of American applies alike to all cilizens of the republic, and imposes upon men alike the same obligation of obedience to the laws. At the same time citizenship is and must be the panoply and safeguard of him who wears it, should shield and protect him whether high or low, rich or poor, in all his civil rights. It should and must afford him protection at home and follow and protect him abroad in whatever land he may be on a lawful errand.

CIVIL SERVICE PERSONAL

The men who abandoned the republican party in 1884 and continue to adhere to the democratic party have deserted not only the cause of honest government, but of sound finance, of freedom jand purity of the ballot, but especially have deserted the cause of reform in the civil service. We will not fail to keep our pledges because it by have broken theirs, or because their candidate has broken his. We therefore repear our declaration of 1884, towit: The reform of civil service auspiciously begun under republican administration should be completed by a further extension of the reform system already established by law to all grades completed by a further extension of the reform system already established by law to all grades of the service to which it is applied. The spir-it and purpose of reform should be observed in all executive appointments, and all laws at varience with the object of existing reform leg-islation should be repealed, and that the dau-gers to free institutions which bork in the pow-er of official patronage may be wisely and ef-fectively avoided.

fectively avoided.

The gratitude of the nation to the defenders of the union cannot be assured except by laws. The legislation of congress should conform to the pledges made by a loyal people, and be so enlarged and extended as to provide against the possibility that any man who honorably wore the federal uniform shall become an inmate of an almshouse or dependent on private charity. In the presence of an overflowing treagury it would be a public scandal to do less for those whose valorous service preserved the government. We denounce the hostile spirit shown by President Cleveland in his numerous vetoes of measures for pension relief and the vetoes of measures for pension relief, and the action of the democratic house of representa-tives in refusing even consideration of general

pension legislation.

In support of the principles berewith gaunciated, we lavite the co-operation of pafriotic men of all parties, especially of all working men whose prosperity is seriously threatened by the free trade policy of the present administration.
