CITY CORDIALS.

—Half of the leap year is past, and no fatal results have yet been reported.

—Messrs. Dickson and Todd, county commissioners are at South Bend today overseeing the building of a bridge.

—The case of the Nebraska & Iowa Insurance Co. vs. Gilmore is before Judge Russell today.

—The Engel family which was arrested on Sunday for being drunk and disturbing the peace were fined by Judge Clifford yesterday as follows: The mother, \$5, Oscar, \$10 and the girl \$2.

—Anderson Nelson, a Swede, and Chas. Weaver, a German, were brought up before Judge Clifford yesterday and fined \$5 and trimmings for using indecent language on the streets.

THE HERALD learns from various sources that a wrongful impression has become current in several parts of the county, touching the extent of the invitations to the recent banquet of the Young Men's Republican Club of this city.

—The base ball boys of this city, after making contracts with numberless teams to visit some city in this vicinity, have finally decided that on the 25th they will go to Lincoln and meet the club which played them here on the 4th.

—The building is located on Hickory street between 5th and 9th. Many suppose the fire was caused by rats which had got hold of some matches, as no fire had been in any stove excepting the gasoline stove for sometime.

—Since base ball is the order of the day, the printers of this city do not propose to sit back in the shade and allow all fat and lean people of every description to toss a base ball without acquiring a little information in that science.

—If the democratic party at headquarters runs short of men who are capable of manufacturing a well polished lie, we would advise them to send to Plattsmouth after an Omaha Herald correspondent.

—On the 17th and 18th there will be an excursion over the B. & M. from Lincoln, Wymere, Central City, Columbus, Grand Island, Kearney, McCook and all intermediate points to Fleming, Colorado.

—There is some talk among several of the political men, and they are trying to work a club from the two parties into a hot game on the diamond.

—Mr. R. L. Keister, a young lawyer who has been performing his duties faithfully in the office of Judge A. N. Sullivan for some time, and who has left a favorable impression upon the citizens of Plattsmouth, leaves tomorrow morning for Alma, Neb., with the intention of going in business and practicing law at that place with Mr. W. M. Mourning.

—The original of the character of "Jocko, the Brazilian Ape," was Henry Leech, an Englishman, whose professional name was Otto Mottl.

—The undersigned coal dealers, doing business in the city of Plattsmouth, deem it to the best interests of the public, as well as of the dealers, to sell coal strictly and exclusively for cash.

—A commercial traveler tells the story of himself. It was in his early traveling days; in fact, he had been taken out of the office to make his first trip on the route of the regular traveler, who was sick.

—The fare has been put down on the ferry boat (Katie Pease) to \$1.00 for round trip for two horses and driver.

—English Spavin Liniment removes all Hard, Soft or Calloused lumps and Blemishes from horses, Blood Spavin, Curbs, Splints, Sweeney, Stiffes, Sprains, Pink Eye, Coughs and, etc.

The fire alarm... about 11 o'clock which brought the curious people from all directions in quest. No blaze was visible in any direction, and as no one seemed to be wiser than anyone on the matter, the large crowd stood looking for the blaze.

Nothing definite is known as to how the fire originated. A thousand opinions were made public in the crowd and nine hundred and ninety-nine out of the thousand, (as is generally the case) were too absurd to be listened to for a second.

The citizens crowded around the house, each one making himself so officious and spouting off orders so loud and rapid that the chief of the fire department, if he had had a trumpet in his possession that would break every glass in the houses of the city with its blast, it would have been impossible for him to have given an order to the firemen and made himself understood.

If they had not done this last night, we are sure so much damage would not have been done with the water that was complained of. Mr. Scott and wife had been attending a social given at the G. A. R. hall and had just arrived at the house on their return as the fire started.

Other damage than blowing the windows out by the water and the burning of some of the wood work under the chimney, is not worth mentioning.

The building is located on Hickory street between 5th and 9th. Many suppose the fire was caused by rats which had got hold of some matches, as no fire had been in any stove excepting the gasoline stove for sometime.
