NATIONAL REPUBLICAN TICKET.

FOR PRESIDENT, BENJAMIN HARRISON, of Indiana. FOR VICE PRESIDENT, LEVI P. MORTON, of New York.

It appears to us that no enthusiastic angler can think that he has paid proper homage to his favorite sport, unless he has read the excellent article, "A Rare Fish," in "Outing," for August.

PRESIDENT CLEVELAND will get no Chinese votes, and no Chinese money will be spent to aid in his election.—Boston Globe.

This is because they are few Chinese voters and no Chinese money spent for election purposes. But if it were otherwise Cleveland would get both the votes and the money.

PROTECTION builds up home markets.

The farmer of this country is interested in the transportation question and how to get to market with his products and not lose the profits of the product, in high freights.

Lurid Sentiment in Rhyme.

I stand at the gate of a smoldering land and bask in its sulphurous glow, and I beckon the spirits with welcoming hand to the regions of torture below.

Two True Gentlemen.

Asked who, in his long experience, was the best type he had met of a true English gentleman, a veteran official of the house of commons said: "I remember two—Sir Stafford Northcote and Lord Stanley, the brother of the Earl of Derby."

Revived Almonds.

The fashionable, refined, deviled almonds, is easily prepared. Blance one-half pound almonds and wipe them very dry; heat two ounces of fresh butter in a frying pan, lay in the almonds, and fry gently till of a good golden brown color.

Sautéing.

The word saute, frequently met with in recipes, means simply cooking an article in just enough hot fat to keep it from burning or sticking; in short, what the ordinary cook means by frying.

\$500 Reward.

We will pay the above reward for any case of liver complaint, dyspepsia, sick headache, indigestion, constipation or costiveness we cannot cure with West's Vegetable Liver Pills, when the directions are strictly complied with.

A Warning.

The modes of death's approach are various, and statistics show conclusively that more persons die from disease of the throat and lungs than any other. It is probable that everyone, without exception, receives vast numbers of Tubercle Germs into the system and where these germs fall upon suitable soil they start into life and develop, at first slowly and is shown by a slight tickling sensation in the throat and if allowed to continue their ravages they extend to the lungs producing Consumption and to the head, causing Catarrh.

—We now publish music each week in the WEEKLY HERALD. Everybody should be a musician. The pieces furnished in the paper will be found as popular as any costing 50 cents.

AFLOAT. The column hush of starlight over all. These, far away, a whiff of wind will call. A wild gale, an onrush, the Liberator's breath. And through the night its musky perfume breathes.

Mr. Lincoln and Gen. McClellan.

The friendly visits of the president to army headquarters were continued almost every night until the 13th of November, when an incident occurred which virtually put an end to them.

Scenes in a Slaughter House.

Cattle and sheep are being constantly driven to the abattoir. They may be seen at almost any hour of any week day plodding leisurely along the road from Watertown, or from the other stock yards, in blissful ignorance of their impending fate.

In the slaughter houses of Chicago the method of killing is quite unlike that practiced at the Brighton abattoir. In Chicago the cattle are driven one by one through a narrow opening, above which a man stands with a sharp spear which he plunges into the neck of each passing beast, severing the spinal column.

REPUBLICAN PLATFORM.

The republicans of the United States, assembled by their delegates in national convention, pause on the threshold of their proceedings to honor the memory of their first great leader and immortal champion of liberty and the rights of the people, Abraham Lincoln, and to cover also with wreaths of imperishable remembrance and gratitude the heroic names of our later leaders who have been more recently called away from our councils.

FOREIGN RELATIONS.

The conduct of foreign affairs by the present administration has been distinguished by inefficiency and cowardice. Having withdrawn from the senate all pending treaties effected by republican administrations for the removal of foreign burdens and restrictions upon our commerce and for its extension into a better market it has neither affected nor proposed any others in their stead.

FISHERIES QUESTION.

We regret the present democratic administration has failed to adhere to the democratic policy of the fisheries question, and its pusillanimous surrender of all privileges to which our fishery vessels are entitled in Canadian ports under the treaty of 1854.

CIVIL SERVICE REFORM.

The men who abandoned the republican party in 1852 and continue to adhere to the democratic party have deserted not only the cause of honest government, but of sound finance, of freedom and of the rights of the citizen.

REPUBLICAN STATE CONVENTION.

The republican electors of the state of Nebraska are requested to send delegates from their several counties to meet in convention at the city of Lincoln Thursday, August 23, 1888, at 2 o'clock p. m., for the purpose of placing in nomination candidates for the following state offices.

ADMISSION OF TERRITORIES.

The government of congress of the territory is based upon the necessity of their admission as they may become states in the union; therefore, whenever the conditions of population, material resources, political intelligence and morality are such as to insure stable local government therein the people of such territories should be permitted to elect representatives to form for themselves constitutions and state governments and be admitted into the union.

THE MORMON QUESTION.

The political power of the Mormon church in the territories as exercised in the past is a menace to free institutions too dangerous to be long suffered. It is the duty of the republican party to appropriate legislation, asserting the sovereignty of the nation in all the territories where they are tolerated, and in furtherance of that end to place upon the statute book legislation stringent enough to divest the Mormons of their power, and thus stamp out the attendant wickedness of polygamy.

OUR MERCHANT MARINE.

We earnestly recommend that prompt action be taken in connection with the merchant legislation as will be secured the rehabilitation of our American merchant marine, and we protest against the passage by congress of a free ship bill as calculated to work injustice to labor by lessening the wages of those engaged in preparing materials as well as those directly employed in our shipyards.

the shipping interests of the Atlantic, Gulf and Pacific states as well as for the payment of the maturing public debt. This policy will give employment to our labor, and thereby to our various industries, increased security to our country, promote trade, open new and direct markets for our products, and develop the coast of transportation. We affirm this to be far better for our country than the democratic policy of their protection of the present money without interest to "pet banks."
