-Mr. George and Miss Clara Palmer entertained about thirty-five of their young friends at the residence of their father, Capt. Palmer, last evening. An Explanation.

What is this "nervous trouble" with which so many seem now to be afflicted? If you will remember a few years ago the word Malaria was comparatively unknown,-today it is as common as any word in the English language, yet this word covers only the meaning of another word used by our forefathers in times past. So it is used with nervous diseases. as they and Malaria are intended to cover what our grandfathers called Biliousness, and all are caused by troubles that arise from a diseased condition of the Liver which in performing its functions finding it cannot dispose of the bile through the ordinary channel is compelled to pass it off through the system causing nervous troubles, Malaria, Bilious Fever, etc. You who are suffering can well appreciate a cure. We recommend Green's August Flower. Its cures are marvelous.
