NATIONAL REPUBLICAN TICKET.

FOR PRESIDENT, BENJAMIN HARRISON, of Indiana. FOR VICE PRESIDENT, LEVI P. MORTON, of New York.

DAILY delegations from surrounding states and localities wait on Gen. Harrison who receives all and who has already become famous for the brilliant and versatile qualities of the many short, impromptu, addresses he has already made.

This short, terse, trenchant, view of the situation by Mr. Harrison should be placed in the hands of every working man in America. How well it reads along side of one of Grover Cleveland's plagiarisms?

"SMOCKING." The newest industrial "craze" is "smocking." Now "smocking" is a revival. Years ago our grandmothers "smocked" or "honey-combed" their best bedspreads and towels.

Foraging for Her Cats. The spectacle of a handsome woman in an unmistakable Worth gown plucking grass out of a Fifth Avenue dooryard would, I am certain, have attracted the attention of an even less curious person than myself.

Robert Lee McCowan, a colored man, of Knightsville, also made remarks expressive of the esteem in which General Harrison is held in Clay county.

Press Censorship in Russia. The drastic censorship of the press in Russia is a curious study for Americans.

Italy's New Criminal Code. The new criminal code of Italy, just promulgated, abolishes the death penalty for murder or any serious crime.

Male Versus Female Journalists. When a male writer begins to rust out he takes a drink. What does a woman do? Can any one tell me? So far as memory aids me, it seems to me that women who work hard at literature die while working.

bility is one that tends to social disorder. (Applause and cries of "That's so.") You are called upon now to consider these problems. I will not debate them in detail.

My colored friends who are here today, the emancipation of the slave removed from our country that which tended to degrade labor. Men are now all free. You are thrown upon your own resources.

REPUBLICAN PLATFORM.

The republicans of the United States, assembled by their delegates in national convention, honor the memory of their first great leader and immortal champion of liberty and the rights of the people.

FOREIGN RELATIONS. The conduct of foreign affairs by the present administration has been distinguished by inefficiency and cowardice. Having withdrawn from the senate all pending treaties effected by republican administrators for the removal of foreign burdens and restrictions upon our commerce and for the extension into a better market.

FISHERIES QUESTION. We arraign the present democratic administration for its weak and unpatriotic treatment of the fisheries question, and its pusillanimous surrender of all privileges to which our fishery vessels are entitled in Canadian ports under the treaty of 1818.

CIVIL SERVICE REFORM. The men who abandoned the republican party in 1860 and continued to adhere to the democratic party have deserted not only the cause of honest government, but of sound finance, of freedom and purity of the ballot.

AGAINST PATENT AND LABOR TRUSTS. We declare hostility to the combination into trusts of the property of contract labor and of Chinese labor, and to the right enforcement of existing laws against such trusts.

REPUBLICAN STATE CONVENTION. The republican electors of the state of Nebraska are requested to send delegates from their several counties to meet in convention at the city of Lincoln Thursday, August 23, 1888, at 2 o'clock p. m.

ADMISSION OF TERRITORIES. The government by congress of the territories is based upon the principle that they are to be admitted as states in the union.

THE MORNING QUESTION. The political power of the Mormon church in the territories has been a source of danger to the people. It is important that the sovereignty of the nation in all the territories where the same is questioned, and in furtherance of that end, the place upon the statute book legislation should be sufficient to divorce political from ecclesiastical power.

OUR MERCHANT MARINE. We earnestly recommend that prompt action be taken in congress in the enactment of legislation as will best secure the rehabilitation of our American merchant marine.

the shipping interests of the Atlantic, Gulf and Pacific states as well as for the payment of the maturing public debt. This policy will give employment to our labor, activity to our various industries, increased security to our country, promote trade, open new and direct markets for our products and cheapen the cost of transportation.
