**CITY CORDIALS.**

—HOT is as mild as we can make it.  
—What's the matter with the sun as a striker? *It's all right.*  
—O. H. Ballou, of Omaha, is moving into his fine residence today, west of town.  
—The "Y's" are requested to meet in the Presbyterian church this evening at 8 o'clock.  
—Miss Tillie Weckbach, daughter of Mr. Jos. V. Weckbach, is lying very sick at present with gastric fever.  
—The base ball club has made arrangements with another Omaha team for a game on the 18th—Crane Bros' club which now stands at the head of the city league.  
—The painters and carpenters in the employe of the B. & M. here, played a game on the ball ground yesterday and the game ended in favor of the carpenters by a score of 27 to 1.  
—We are to have a paved street or the work commenced as soon as the sewer work is advanced far enough to allow it. A mathematician has figured out how long we will be obliged to wait for the paving if we are to be patient until the sewer work allows it at its present progress. He says it will be just 366 days.  
—Considerable enthusiasm and talk is noticeable in the democratic circles of this city over their rally and pole raising, which is to take place at Weeping Water next Saturday. The Hon. J. Sterling Morton will be present and address the meeting. Arrangements are being made by the Young Men's Democratic Club, of this city, to furnish a large attendance from here. Speaking to begin about noon.  
—Several complaints have been heard of late owing to the negligence of our carrier boys in delivering the daily. Those who are missed occasionally by them would do well to send or leave word at this office, as we cannot be held responsible unless informed in some way. If we learn of such dissatisfaction, the matter is invariably looked into, and we will always be pleased to learn that we may right the wrong.  
—Mr. L. C. Curtis, who is an employe of the B. & M. at their round house here, met with a very painful accident yesterday morning while in the act of using a trolley for the purpose of removing some machinery. He caught hold of a rope which had become fastened in some way to some cog wheels, and as he did so his hand was carried into the machinery, cutting the end of his little finger off. He lost the nail and a small piece of the bone with the flesh.  
—A grand festival will be given on Friday evening, August 3rd, for the benefit of the Mt. Olive Baptist (colored) church. Supper will be served from six till ten o'clock. Elder A. Boswell, the pastor, invites everybody to "come and get their suppers," and says that "everything will be served that the palate could wish. Come and help us out of this struggle to build a house for the Lord." Elder Boswell gives a free lecture during the evening. Admittance to the festival, 25 cts.; children 10 cts.  
—Our patrons who read the weekly HERALD speak favorably of the quality of music which we publish in each issue. The weekly circulation has increased considerable amount of it. The music alone is worth the small amount which is charged for the yearly subscription to the weekly, and besides it, the paper contains every news item which is of value. The paper is worthy of a trial and we feel confident that entire satisfaction would be the result. Every effort is also being made on the daily to push it to the front. It is encouraging to hear daily that the paper is improving and that if the people want the news, they now look for the HERALD. Let all assist us in whatever way they may and we promise faithfully to still improve with what encouragement we receive.  
—Mr. Philip Treatch, a well-to-do farmer and known extensively in this vicinity, who lives about eight miles northwest of the city, near Concord, met with a very painful accident yesterday afternoon which he is not apt to recover from immediately. He and his boy were engaged in loading wheat on a wagon, Mr. Treatch placing it on the wagon as it was thrown to him. The horses became frightened in some way and started to run away. As the lines had been thrown on the ground beside the horses, he was unable to stop them while he remained on the wagon. He jumped to the ground, and as he weighs about 205 pounds, could not drop easily on his feet, and badly sprained both ankles and injured several small bones in his limbs. He now thinks he would make too heavy an

—The store of S. & C. Mayer is being repainted inside.  
—About forty of the young Plattsmouth belles are entertaining themselves in a picnic style this afternoon at the popular resort known as Fitz's forty.  
—A base ball game is being played this afternoon on the ball grounds between a Weeping Water club and a juvenile club of this city. The club from Weeping Water, if it is the same nine which played with them there a short time ago as the boys say it is, has considerable advantage over the home team as they are mostly all heavier and older.  
—Mr. "Mick" McGuire, who had his name attached to several communications which were printed in the *Journal* some time ago, has at last gained fame, and is now holding down a government seat at Whitman, Neb. He is now postmaster at that place and draws a salary for delivering mail to the proprietors of a one-horse grocery, a blacksmith shop and a hand-me-down store. We wish him success in his new adventure.  
—Mr. Malick and deputy-sheriff Miller accompanied by John McClelland, the insane man, went to Lincoln last night. They will hand him over to the authorities there. He was very uneasy while in the car before the train pulled out and was swearing and throwing his arms around in an excited manner. No cause can be given for his insanity. Some think business caused it while others believe, because he is incessantly talking on religion, that that is partially the cause. He sleeps very little and generally walks around at night at all hours. During the last three weeks he has been more uneasy than he was known to be before and his condition does not improve.  
—Bills have been issued today advertising another game which is to be played on the base ball grounds on Saturday next, between the Plattsmouth club and the Jetter & Young club of South Omaha, one of the best clubs in the Omaha city league, and it is expected that as close and as hard a game as has been played this season will be witnessed. The complete club will be at home for this game. Mr. Sam Patterson, who has been in Pennsylvania for some time and who was absent when the last two games were played, will be on hand this time and help the boys. He and Mr. W. Miller, who has returned home to join the club until the first of September, are acknowledged to be two of the best players in the club and it is thought that with their assistance, in the coming game, that victory will surely fall to Plattsmouth. The boys are all eager to come to the front as is noticeable by their perseverance in practicing nearly every afternoon during such warm weather as we have had of late. The game will be called at 3:15 p. m., sharp, and those desiring seats on the grand stand in order to keep in the shade should go early as there will surely be a large crowd to witness this game. Everybody take an afternoon and assist the club and be entertained for a short time as well as you ever were before. Admission 25 cents.  
—Mr. Phil Harrison, one of our jolly transfer men, expressed himself this morning in a way that influenced the reporter to believe that he was gratified to know, more than ever before, that he still possesses his natural equilibrium, although he states he narrowly escaped a shock which might have broken several bones for him. Yesterday afternoon, about 3 o'clock, he backed his wagon to some freight cars standing on what is known as the town track, at the foot of Main street, for the purpose of unloading salt. He had succeeded in getting about eleven barrels into his wagon and was about ready to go in the car and roll out another, when suddenly he found himself flying through the air. When he recovered himself enough to know that he was still uninjured, he looked to find his wagon distributed in several pieces by the side of the track, and the mules, which were attached to the wagon, struggling to pull away part of it. His location was changed so quickly that he could not tell how it was done. The accident was caused by a train of cars coming against the stationary ones with such terrific force that it sent them down the track for the distance of about two blocks. The cars which came in from the south side of the yard were uncoupled and kicked in by the engine before it reached the switch. As there were no brakes on some of the cars, they could not be stopped soon enough to prevent the collision and it is a great wonder that they were not smashed. Mr. Harrison drives around town today with a little wagon painted green.  
**Grand Musical Event.**  
A grand vocal and instrumental concert will be given by the best home talent, assisted by the new orchestra organized for the season of 1888-89, and the talented concert singers, Mrs. Geist and daughter, of Milwaukee, at the Waterman opera house, Wednesday evening, August 15th.  
There will be no pains spared to make this the grandest musical entertainment ever given by home talent and will be worthy of the patronage of our citizens. The

**A Remarkable Family.**  
"The Gazette has not made any attempt to unearth the veteran voters who supported the nominees of 1840, but incidentally a somewhat remarkable survival has been brought to light. Joseph Smith, who lives at No. 411 A avenue, West, not only voted for Harrison at Mt. Vernon, Ohio, in 1840, but is remarkable for more meritorious achievements. That vote of 1840 was the first one he was entitled to cast but since then he has always voted the straight whig or republican ticket. He was one of the earliest organizers of the republican party in Ohio, and when the war broke out he was one of the seven brothers who shouldered a musket in the union cause. The total term of service which these seven brothers saw during the war, was twenty-eight years, one of them enlisting four times. Mr. Smith came to Iowa fifteen years ago, and to Cedar Rapids in 1880. He heard Harrison speak here five years ago, and at that time said he would like to vote for him, consequently he is somewhat tickled to think that that wish is about to be realized. Not the least remarkable of the circumstances connected with this remarkable family is that Mr. Smith is the father of seven sons who are living, and six of whom will be old enough to vote for Harrison and Morton. "They'll do it, too," the old man replied, "and if the other one was of age he would do the same." If any town can produce a more remarkable family than this we would like to hear from it. We have only dealt with two generations, though the family in this lineal descent had representatives in all our wars, and did gallant service."—Cedar Rapids (Iowa) Gazette.  
This Smith family is as usual large — and they are our kind. Our O. P. Smith, of O. P. Smith & Co., is one of these boys mentioned. Two others are in Nebraska, three in Iowa and one in Kansas. The name is seldom found at roll call in police courts, jails or penitentiaries, and of course all of that name in the past have been identified with the republican party. While we have great regard for O. P., and like his presence in Plattsmouth, still it would be a grand thing if all the Smith family were located in New York and Indiana until after November.
