

THE PUBLIC SCHOOLS.

They were Opened This Morning With Splendid Prospects.

A Total Enrollment of 709.

Owing to the resignation of several teachers last week, the full quota was short. The vacancies were looked after at once and new teachers examined the latter part of the week.

Prof. Drummond has been very busy arranging matters to the best possible interest of the schools. His ability in that line is well known, and under his careful leadership, assisted by his excellent corps of teachers, there can be no doubt of success.

We began our visit to the schools this morning by calling at the first ward school where we found Miss Hattie Lathrop presiding as substitute over the first primary, and had 44 pupils in attendance.

Miss Fulmer is teaching the second ward school and had 45 pupils this morning, all bright and intelligent looking faces. West third ward is taught by Miss Lou Sampson, who has 40 pupils, ranging in age from six to ten.

At the west fourth ward the schools are taught by Miss Carrie Holloway, 1st primary; and Miss Riddle, 2nd primary; both teachers of experience. Miss Holloway had 44, and Miss Riddle 25 scholars.

At the high school we found the scholars all taking an interest in the opening of the year's work, and the teachers busy arranging their classes and getting matters in proper shape for their duties.

Our first call here was at room 1 where Miss Edith Hanna presides over 30 bright looking pupils. Miss Hanna is recently from Genese, Ill., and expressed herself as pleased with her school and surroundings.

There is one thing that must be looked after by the association, and that is transportation of the public to the fair grounds at reasonable rates. Let our lively men and all interested get together and make a low uniform rate, and see to it that the public are not robbed.

Room 7, 4th and 5th grades, 33 pupils is taught by Miss Vallery who has served in the Plattsmouth schools for five years. Room 8, A and B 4th grade, 34 scholars, is taught by Miss Safford who has taught here for four years.

Room 10, 7th grade, Miss Addie Searle, teacher, 27 scholars. During last year there were 38 promotions, 17 from one class and 21 from another. Room 11, 7th grade, Miss Alice Wilson teacher, 26 scholars. Miss W. is entering on her 7th year's work in Plattsmouth schools.

Room 12, Miss Gass, 9th and 10th grades, 18 scholars, will have many more when the classes are arranged properly. Miss G. has also taught six years in the Plattsmouth schools. Room 15, Miss Wiles, 8th grade, 22 scholars. This is Miss Wiles' fifth year in our city schools.

The high school proper, is in charge of Mr. George Chatburn, Supt., and for the present, Miss Graves, of Iowa City, will assist him. We found that they were organizing this forenoon and by tomorrow will be ready for regular work. They have 59 students in attendance.

Much credit is due to Mr. D. K. Barr, the janitor, and to the school board for the improvement about the grounds of the high school building, new fences and sidewalks have been built and the grounds seeded down and cleared up generally, giving it a neat and tasty appearance. Mr. Barr informed us that they had recently purchased two new Dorrance rocking grates, to be used in the boiler; it will save in the expense of fuel from \$200 to \$300 annually. The new boiler room, a much needed improvement will soon be completed.

All the school yards in the city have been treated to new fences and sidewalks, together with other improvements, which adds greatly to the beauty of the surroundings.

New Time Table.

A new time table has been introduced on the B. & M. which took effect yesterday morning. The morning trains going to Omaha leave still earlier than before and the regular travelers to the metropolis express considerable dissatisfaction on account of that change. The west-bound trains leave as follows:

Table with 2 columns: GOING WEST and GOING EAST. Lists train numbers and departure times.

Child's high sandals, only 25 cents a pair, at Mergers.

Fair Notes.

The fair is looming up in great shape. A visit to the grounds shows a large number of speed horses already on hand although the races do not commence until Wednesday.

handed by F. M. Harlan, of Wichita, Kas. These horses will probably be entered in the free for all trot, as their records are in the twenties.

handled by Mr. Lehman, of Omaha, in the 3 minute and 2:50 trot.

handled by Arthur Perry, of Wahoo. Ford will be in the free for all trot; and Alma Boy in the 3 minute and 2:50 trot.

handled by J. F. Miller, of Lincoln, in the 2:50 and 2:35 class.

handled by Matt Robbins, of Perry, Iowa.

run by G. B. Shreye, Plattsmouth.

run by W. D. Jones, Plattsmouth.

run by Dr. E. Cook.

run by Sam Shoemaker.

In addition to these, two car loads of fine horses came in this morning from the Lincoln fair, and will be among the flyers. The speed stalls are filled and carpenters are busy making new ones.

The new building is completed and the merchants are busy making their display and tomorrow evening will witness one of the best exhibits our merchants and ladies have ever made at any fair held in the county.

The secretary, H. C. Ritchie, will open his office on the grounds tomorrow, Tuesday, morning, and will be ready to receive entries, many already having been made. All entries will positively close, except speed, on Wednesday morning, at 9 o'clock.

Wednesday will be school children's day. All children will be admitted to the grounds free.

The gentlemen's roadsters race occurs on Wednesday, Sept. 19. Among the entries in this class there is considerable rivalry manifested; Messrs. Jones, Holmes, Straight, Shoemaker, and others, and it will be one of the most interesting of meetings.

There is one thing that must be looked after by the association, and that is transportation of the public to the fair grounds at reasonable rates. Let our lively men and all interested get together and make a low uniform rate, and see to it that the public are not robbed.

Republican Meeting Tonight.

The Young Men's Republican Club will hold a meeting tonight at the county court house. All members are requested to be present, as business of importance will be transacted. By order of the president, JOHN A. DAVIES.

All goods of O. P. Smith & Co. at the fair will be for sale cheap.

The Base Ball Match.

The proposed base ball match which will be played between Beatrice and Plattsmouth is expected to be the game of the season. The game will be played on the old fair grounds, west of the city, and street cars will be run regularly to convey the admirers of the game.

The base ball season is about at a close, and this will be about the last game played here, consequently there should be an uncommonly large turnout. The club of this city have expressed themselves as grateful for the support afforded them by their admirers and are encouraged much by the interest which has been manifested in their success.

They are all fully determined on winning tomorrow's game and, by so doing, still retain the amateur championship of the state. The visitors will no doubt be prepared for a hard fight in every particular and it is expected to be the most exciting game of the season, even more than the last. The interest has been awakened this season in the game, and next year, if the players still remain in the city they will doubtless receive a strong support. Following are the names of those who will play tomorrow and their positions:
