HERMAN SCHMIDT.

Mr. DEWEY predicts a majority of 20,000 for Harrison in New York, and no man is better qualified to judge of coming events in the politics of that state. The vote in New York City and Brooklyn will be such as to astonish everybody, he says. Changes have been going on quietly all summer which will not be fully known until the votes are counted; and the local Democratic discussions are certainly calculated to promote Republican success.

The Journal from all the galaxy of talent and character on the democratic ticket has selected Mathew Gering as its chosen idol of democracy. A wood cut of Mathew making his exit from the jurisdiction of our district court a couple of terms ago on account of the fact that he was supposed to be needed as a witness in a case of some celebrity, would now be in order. Mathew would make a very exceedingly brilliant and efficient prosecutor (?)—he would.

REPUBLICANS from the interior of the county bring the intelligence that their vote will be longer and straighter on the whole ticket than it has been for years and that a close canvass by districts shows that a very large stay-at-home vote which has not been at the polls for years will be out on election day, and will be polled without a scratch for the national, state and county ticket. Now, let the republicans of Plattsmouth do their duty, and there will be no question of doubt in regard to the success of the whole ticket.

## MR. WATSON FOR FLOAT.

When the democratic wire pullers say that Hon. John C. Watson cannot carry his own (Otoe) county, republicans can put it down that they know better. Mr. Watson has never been defeated in Otoe county; he has received the endorsement of the people of that county time and again in the shape of large majorities and he will in this year of our Lord again carry Otoe by an increased majority. He is an able brilliant man and legislator, and although he was not our representative in the last legislature he was found there fighting Cass county's battle on the apportionment and it is largely in recognition of these disinterested services that Cass county with a majority of delegates in the float convention endorsed Mr. Watson for this office. A vote for John C. Watson is a vote for the very best in interests of Cass county.

## CONNELL AND MORTON.

The contest is in this congressional district is between J. Sterling Morton and W. J. Connell. As between these two men there can be no chance for doubt or hesitation. Mr. Morton is a lighted gentleman, by instinct in sympathy with capital and corporate power. Mr. Connell is a man of the people, who has always been in active and cordial sympathy with the working classes. Mr. Morton is a member of the Cobden club and English in his ideas. Mr. Connell is thoroughly American and in favor of the people of our own land as against the entire world. Mr. Morton was for many years in the employ of a powerful railroad corporation, and was known as a railroad lobbyist. Mr. Connell has always openly opposed the unjust exactions of corporate power, and has bravely and successfully contested for the rights of the people. Mr. Morton has always been a gentleman of leisure, cultivated, educated, of good presence and a captivating talker. Mr. Connell has been a hard worker, earnest and active in all his undertakings. For two years he has held the position of district attorney and was considered by both democrats and republicans as one of the best and most successful prosecuting attorneys ever elected to that position. For five years he was city attorney for the city of Omaha, and during his entire term of service never lost a case. During his term of service, and at its close, democrats and republicans alike were unstinted in their praise of his official work. In one respect Mr. Connell and Mr. Morton are alike, both have many friends and some bitter enemies. Mr. Connell especially has antagonized a good many and especially parties that sought to impose on the tax payers of Omaha and corporations like the gas company, street railroads and the railroad companies who were taking advantage of the city or seeking to evade their just responsibilities. His support will largely come from the workmen and from the farmers who desire a representative who can neither be bullied or bribed, cajoled or whipped into line by corporate power.—Bee

## A CHESTNUT.

We understand that political capital is attempted to be manufactured in the western portion of Cass county against Mr. Commissioner Todd on the ground that the board of commissioners have appropriated some \$2,000 road money to this district in lieu of the several expensive bridges which have been turned over to the county and done away with by the municipal authorities of the city. In the first place no honest man who rightly understands this act of the commissioners, will condemn it, because it is a move directly in the interest of the county, saving in the future the large expenditures of money to keep up, rebuild and maintain, these county bridges and second because Mr. Todd did not do it; it was the unanimous action of the county board, done in the interest of the whole county.

We understand that—in the second place, the men who have started this cheap and dishonest story are appealing to citizens of this road district for votes to elect Mr. Jones, also a resident of Plattsmouth. If Mr. Jones and his friends expect to make anything out of this kind of political work with our voters they will find they have very much underestimated the intelligence and honesty of our people.

## MILLS BILL IN ENGLAND.

Harry Pearce, a hotel-keeper at Acemontia station on the West Penn. railroad, has received some interesting letters from his brother, Benjamin Pearce, of Nottinghamshire, England. He writes wanting Harry to return to England. In one of his letters he says: "Old England is going to be twice as good a country as ever it was before. We are sure President Cleveland will be elected over again and the Mills bill, as you call it, be adopted by congress, and I tell you England will be in high feather then. We are doing all we can to put President Cleveland in. The workmen in several places are contributing a shilling apiece from their weekly wages to be sent to America for use in the campaign."—Pittsburg Commercial Gazette.

## What Am I To Do?

The symptoms of biliousness are unhappily but too well known. They differ in different individuals to some extent. A bilious man is seldom a breakfast eater. Too frequently, alas, he has an excellent appetite for liquids but none for solids of a morning. His tongue will hardly bear inspection at any time; if it is not white and furred, it is rough, at all events.

The digestive system is wholly out of order and diarrhea or constipation may be a symptom or the two may alternate. There are often hemorrhoids or even loss of blood. There may be giddiness and often headache and acidity or flatulence and tenderness in the pit of the stomach. To correct all this if not effect a cure try *Green's August Flower*, it costs but a trifle and thousands attest its efficacy.

THE MARCH OF PROGRESS!  
OUR LATEST IMPROVEMENTS!

"Competition is the Life of Trade," and if you have not seen our latest improved goods you cannot imagine how lively trade is, or how hard our competitors have to work to keep up with us. We are now offering the **JAMES MEANS' \$3 SHOE**, or the **JAMES MEANS' \$4 SHOE** according to your needs.

Such has been the recent progress in our branch of industry that we are now able to affirm that the **James Means' \$3 Shoe** is in every respect equal to the shoes which only a few years ago were retailed at eight or ten dollars. If you will try on a pair you will be convinced that we do not exaggerate. Ours are the original \$3 and \$4 shoes, and those who imitate our system of business are unable to compete with us in quality of factory products. In our line we are the largest manufacturers in the United States.

One of our traveling salesmen who is now visiting the shoe retailers of the Pacific Coast and Rocky Mountain Region writes from there as follows: "I have thus far succeeded in placing our full line in the hands of 'A No. 1' dealers in every point I have visited." He goes on to say, "I have found that the shoe retailers of the Pacific Coast are not worth as much as the shoe retailers of the Rocky Mountain Region. The consequence is that the **James Means' \$3 and \$4 shoes** are not worth as much as the shoe retailers of the Rocky Mountain Region. Our shoes with their very low retail prices stamped on the soles of every pair are breaking down the high prices which have hitherto ruled in the retail markets here, and when a retailer puts a full line of goods in his stock they at once begin to go off like hot cakes, so great is the demand for them."

Now, kind reader, just stop and consider what the above signifies so far as you are concerned. It assures you that if you keep on buying shoes bearing no manufacturer's name or fixed retail price stamped on the soles, you cannot tell what you are getting and your retailer is probably making you pay double what your shoes have cost him. Now, can you afford to do this while we are protecting you by stamping our name and the fixed retail price upon the soles of our shoes before they leave our factory so that you cannot be made to pay more for your shoes than they are worth?

Shoes from our celebrated factory are sold by wide-awake retailers in all parts of the country. We will place them only within your reach in any State or Territory if you will invest one cent in a trial card and write to us.
