MR. WHITNEY has sent the new navy all the way to Haiti for a little practice.

THE census of 1890 will be taken in about a year, and it will be taken under the direction of the republicans.

THE passage of the direct-tax bill in the house by a vote of 178 to 96 shows that but little more than half the democrats of that body were opposed to it.

It will be some years, doubtless, before the year 1888 will be surpassed in Plattsmouth by the amount of public improvement accomplished.

St. Louis has made such progress in all directions, the necessity of the erection of an elevated railway to give rapid transit to all classes is becoming evident.

THE Mistakes of Moses and Ingersoll, are common topics of conversation, but the mistake we wish to comment on here is the great one so many people labor under that consumption.

THE OFFICIAL POPULAR VOTE.

The following table is compiled from the official returns from all the states. It gives the vote in each state of the elector at the head of the ticket, and for this reason it may vary a few votes from other like tables.

Table with columns: STATES, Rep., D. m., Rep., Dem. Lists states from Alabama to Wisconsin with their respective votes.

Cleveland's plurality on popular vote, 97,826. The total prohibition vote this year was 248,814, as against 150,369 in 1884.

GEN. HARRISON'S POLICY.

The Grand Army Review for this month publishes an open letter to President Harrison elect regarding the rights of union soldiers to public offices.

Third That in our judgment no veteran soldier or sailor should be denied a place in the civil service of this government so long as there are places he is fitted to fill, and no political party has the right to proscribe these men.

Fifth, That equal capacity being assumed, such men should have preference in appointments under a government where statute and patriotic sentiment alike prohibit discrimination against them in the various departments of the public service.

The voters of a majority of these United States have this fall declared at the polls that the union soldier was worthy the support and honor of the American people, and that men from union ranks should have their rights, by selecting a leader of our government, a man from among them.

In considering the popular vote given in these columns of the HERALD today it should be remembered that Cleveland's majorities are, as a rule, in states where the republican voters were not permitted freedom of action.

St. Louis has made such progress in all directions, the necessity of the erection of an elevated railway to give rapid transit to all classes is becoming evident.

HOW CAN PARENTS allow their children to cough and strain and cough and strain say: "Oh! it is only a little cold," and keep giving them cheap and dangerous medicines.

THE latest Novelties of Neckties and Mullers at Joe's, The Only One Price Clothier in Plattsmouth.

Don't let that cold of yours run on. You think it is a light thing. But it may run into catarrh. Or into pneumonia. Or consumption.

Notice. All parties knowing themselves indebted to me, are requested to balance their accounts on or before the first day of January 1889, as, after that time, all accounts will positively be left in the hands of a collector.
