

The Evening Herald. OFFICIAL PAPER OF THE CITY. A. Salisbury, Dentist, Rockwood Building, Telephone No. 25. Dr. Sigling, Office in Gering's Drug Store, Residence Cor. Sixth and Granite, Telephone No. 12. Dr. Withers, Dentist, Union Block.

CITY CORDIALS.

The district court opened this morning. Judge Field, of Lincoln, presiding. The Y. P. S. C. E. will meet at 7 p. m. this evening, instead of 7:30 as formerly. The funeral of Grace Hart, the little girl who died of diphtheria last Friday night, occurred yesterday afternoon. There was quite a large attendance. One more case of diphtheria was reported here today, the victim being a Mr. Green who resides on Seventh street, between Pearl and Granite. His age is thirty years. The city council may meet tonight. Several of the members have been on the sick list for some time, which has occasioned the scarcity of councillors at the regular meetings. Messrs. S. Waugh and D. A. Campbell, who took in the excursion to Alabama a couple of weeks ago, are expected home tomorrow, according to a recent letter received from Mr. Waugh. The ladies aid society of the M. E. church will meet at the home of Mrs. W. B. Alexander, corner Sixth and Marble streets, Tuesday afternoon at 2 o'clock. A good attendance is desired. The following cases were assigned to the district court. For Monday: Coverdale vs. Barhydt and Patton vs. Eikenbary. For Tuesday: T. B. Gordon vs. Polk & Covell and T. B. Golden vs. J. S. Mathews. The school board has decided to keep the schools closed until after holidays. Although diphtheria is kept under control pretty well and it is much on the decline, it is not considered safe to open the schools yet. Pete Riley and Rudolph Sanson, the two boys who were arrested and jailed last Saturday morning for stealing a box of tobacco from the B. & M. depot, were tried before Judge Russell this morning. Each boy was fined \$1 and costs, amounting to \$3 in all for each. The fines were paid. The finest display in the line of New Year cards yet received in this city, can be seen at this office. We trust that the young men who intend returning the calls made by their young lady friends last year will select their cards early and allow us time for printing them. Samples can be seen at this office and orders taken any time between now and New Year. A team belonging to Mr. George Poissal, which was being worked this morning in filling up a ditch at the rear of Peterson's butcher shop, was driven too near the edge and allowed to fall in. The horses pulled in a scraper which was attached to them. Great difficulty was experienced in saving the horses, but through the strenuous efforts of several bystanders, they were extricated without receiving much injury. Mr. Eugene Foote and wife, of whom the Omaha Herald spoke yesterday as narrowly escaping death last Friday night, being chloroformed by a burglar who entered the house of Mrs. Huff, Omaha, where they were visiting, passed through the city this morning by the K. C. Mr. Foote is an engineer and is said to be the "luckiest unlucky man that has ever rode an engine." Seven times he has had the side rods on his engines broken and as many times faced death. We have as yet failed to see any manifestation brought about by a petition which was circulated through the city several weeks ago, numerously signed, praying the city council to fill up the cess pools which can be found open along the public highway. At first we were under the impression that such a request would surely move the council and prompt them to a sense of their duty. Those ditches to which we make reference contain enough filth to poison the atmosphere for a mile or more and contain germs of the most deadly diseases, such as diphtheria, (which is now raging in our midst) typhoid fever and others which are liable to break out should this matter not receive the prompt attention of the authorities. The refuse from the canning factories, gas factory, and of the city, has been dumped into this stagnant water, which will, in the spring, throw out a deadly stench. The medical fraternity will sanction the statement that diphtheria arises from nothing more than filth and bad drainage, and that unless those holes are filled up and the atmosphere made pure once more, it will be almost impossible to check this deadly epidemic now upon us. As the city fathers meet this evening this matter should be taken in hand and effective work immediately done. It is the request of many citizens, and for the safety of all, the prayer should be heeded.

Have you seen all the pretty things Santa Claus has left at Warrick's? It will do you good to see them. Go and look them over, you don't need to buy. Yesterday morning Mr. Arch Coleman received a good scare when he realized his experience of the night before. A. sleeps in a room with his brother Charles at their home in the western part of the city, and when he left the store of Mr. Carruth quite late and went home, he went immediately to his room and noticing a form in bed which he supposed to be his brother, he quietly undressed and crept into bed. When he awoke the following morning he found himself alone and wondered why his brother had quietly stolen away. Charles returned home in the morning about nine o'clock and the first salute was: "Where did you go this morning after stealing away so quietly?" They were all startled to learn that he had lodged at the Riddle house the night before, and his younger brother was then scared when he remembered that he had slept with some one, he knew not who. At first, they supposed a burglar had occupied the same bed, but no valuables were discovered missing, and they are all wondering and suspecting everything.

Have you been in to see Warrick's stock of Holiday Goods? He is going to give away a beautiful lot in South Park, every person buying \$2.00 worth of goods from now until January 1st will receive a chance. Pat Muldoon's entertainment last night was far above the average, and fully worth the price of admission, and to which the most fastidious could not find exception. The band gave some fine music, and was the best ever heard here. The company includes several well known people who received a hearty reception, and the company deserved the applause received. Especial mention must be made of Billy McAllister, who is a great favorite here; also the Williams and the Davenport Bros. The music hall was full and the audience went away well pleased.—Bridgeton (N. J.) Tribune.

Remember you get a chance on a beautiful lot in South Park for every \$2.00 worth of goods you buy of Will J. Warrick from now until Jan. 1st. He has more holiday goods this season than ever before and prices are lower. You will be sure to be satisfied if you buy of him. Pat Muldoon's comedy company will appear at the Waterman opera house tomorrow night. They carry their own band and orchestra.

Newton Beers and his company played "Lost in London" last Saturday night to a fair house considering the inclemency of the weather. The main attractions of the company were North Britain Pan Pipe Singers, the man with many voices and the beautiful scenery, which could not be excelled. Mr. Harry Gilfoil, the man with many voices, was a very amusing feature and he was called back a dozen times or more. The singing which was introduced during the play, was very sweet and apparently thoroughly enjoyed by the entire audience.

Pat Muldoon's Irish Comedy Company played to a very large audience at the opera house last night, and gave entire satisfaction. The music was good and the impersonations of character perfect, and nothing of an objectionable nature was presented. We do not believe in lauding snide shows and will not, but when a company is deserving of praise they ought to have it, and such is the case with this company. We recommend them to the fun-loving people wherever they go, and can assure them a hearty welcome should they return to Sedalia, and they will be greeted with a crowded house. Thanks, Manager Wood, for this entertainment.—Sedalia, (Mo.) Press.
