

Plattsmouth Herald. Published every evening except Sunday. Office corner of Vine and 10th streets. Telephone No. 28.

Don't let that cold of yours run on. You think it is a light thing. But it may run into catarrh. Or into pneumonia. Or consumption.

Catarrh is disgusting. Pneumonia is dangerous. Consumption is death itself. The breathing apparatus must be kept healthy and clear of all obstructions and offensive matter.

SEND THE WEEKLY HERALD to some friend in the past for a Christmas present. We will pay the above reward for any case of liver complaint, dyspepsia, sick headache, indigestion, constipation or costiveness we cannot cure with West's Vegetable Liver Pills.

THE Nebraska legislature meets tomorrow. We have made arrangements whereby we will receive the news from Lincoln twice a week and we will endeavor to keep our readers posted as to the doings of the legislators.

The eclipse of the sun will occur tomorrow just before sun set. It will be a total eclipse in California, and the observatories of Harvard and other universities in the east have sent representatives to California to co-operate with the Lick astronomers in taking observations.

There is a strong probability that the house will take a vote on the Dakota admission question on January 15, to which time Democrats have postponed the matter. The result, of course, can not be foretold with any hope of accuracy.

Plenty of feed, flour, graham and meal at Heisel's mill. Dr. Schilcknecht, Nov. 26.

HOW CAN PARENTS allow their children to cough and strain and cough and calumny say: "Oh! it is only a little cold."

COUGH! and COUGH! and COUGH! What in the world is the reason you will cough and keep coughing and still keep trying inferior medicines when BEGG'S CHERRY COUGH SYRUP will positively relieve your cough at once?

THE editor of the Sonora (Ala.) Sentinel thus asks his readers to come forward and pay back subscriptions. It is a sad duty to us to state to the many readers of this paper that we are actually in need of a suit of clothes.

AN INSPIRING SPECTACLE. It is announced that the United States men-of-war Galena and Yantic sailed into the harbor of Port Au Prince, "with shot-guns, torpedos, booms, the ships cleared for action, and the crews standing at quarters."

It is added that the French government is on friendly terms with the present ruler of Hayti, and that had there been a French war vessel at the port Commodore Luce would not have been so fresh.

WHAT ON EARTH is the reason people will not, can not, or do not see any difference in cheap nostrums put up by cheap John houses or irresponsible parties at enormous profits, rather than take a medicine of world reputation and one that is giving relief and satisfaction at equal price?

None Claimed It. An enviable quickness of repartee was shown by a French actor when the head of a goose was thrown upon the stage. Advancing to the foot-lights, he said: "Gentlemen, if any one among you has lost his head I shall be glad to restore it at the conclusion of the piece."

The standard remedy for liver complaint is West's Liver Pills; they purify the blood, and restore the system to its normal condition.

DEATH AND THE THEATRE.

Cases of the Grim Visitation on Ancient and Modern Stages.

It is recorded of Julius Caesar that in his own theatre his passion so overcame him during the piece that when one of the actors brought him a poisoned shirt dipped in the blood of the Centaur Nessus, instead of pretending only to kill him, he did so actually and threw his body over his head. In like manner one of the earliest Passion plays of which we have any account was rendered terrible in its result.

There once was a theatre in Lincoln's Inn Fields, and here a celebrated actor named Spiller was, in the early part of the last century, mortally struck by apoplexy while playing in the "Rape of Proserpine."

Fifty years later the celebrated Peg Woffington, when acting as Rosalind, in repeating the epilogue to "As You Like It," was struck down by paralysis after uttering the words, "I'd kiss as many of you as had beards that pleased me."

Reason thus with life: If I do lose these, I lose nothing. That nose but fools would keep, a breath thou art, than he dropped into a brother actor's arms and died suddenly.

The explanation probably is latent heart disease brought into activity by the depressing thoughts suggested by the words. As, for instance, when Miss Maria Linley expired at Bath some years ago while singing "I Know that My Redeemer Liveth."

A similar accident once happened in Dublin. A conjurer, in performing the feat of catching a bullet fired from a pistol in his teeth, handed to a young gentleman from the audience the wrong pistol, and the bullet pierced his brain.

In regard to the selection of a national flower, which, it is needless to say, I heartily commend, I was much pleased with the selection of the Indian corn, not only from its waving beauty, but also because it has been used in the early years of our commonwealth as a significant emblem of the United States.

Equine Sore Throat. The equine family have fully as long a list of ailments as the human race. And in many instances there is a very striking resemblance. Quinsy in a horse is much like it in a human.
