The claim of B. & M. R. R. Co. for refunding taxes paid for the year 1887, which was filed with county clerk Feb. 7, 1888, and layed over until decision of supreme court, was again taken up and refused payment by county commissioners, upon the decision given in said case by the supreme court of Nebraska.

—Mr. Al Schlegel, who has had a run from Dannison, Texas, for some time as a forger, has only within the last few days recovered sufficiently from injuries received about a month ago in an accident, to enable him to visit his home and many friends in this city. He was buried under a couple of cars loaded with coal which were wrecked, and sustained severe injuries about the head and body. It was feared for some time that he would lose his hearing, but he is now gradually regaining it. He will return to Texas as soon as he has recovered sufficiently.

Instinct in Brutes. Few things are more wonderful than the instinct that guides the brute in the choice of its food or medicine. In India the mongoose, when bitten by the deadly cobra, is said to seek among the grass for some unknown herb or substance which it swallows and is thereby enabled to counteract the effect of the poison. Man, when his system is deranged by the accumulated poisons engendered by constipation or a sluggish habit of body, should seek relief in Dr. Pierce's Pleasant Pellets, which will at once establish a permanently healthy action of the liver, stomach and bowels.

The "Fair" Concert.

The musical concert given at Fitzgerald's hall last night under the auspices of "The Sisters," is widely spoken of to-day in the most commendable terms. More expressions of satisfaction have since been heard than after any previous concert given in the city. The music selected exhibited the good taste of those who had the entertainment in charge and the variation from the ordinary home talent entertainments made it much more acceptable to the large audience. The character quartettes were apparently much appreciated, and the dialogues brought forth rounds of applause. The hall was crowded to the doors and standing room for all who wish to attend could not be found. At the admission fee of 25 cents, the receipts aggregated about \$117. Where a number on the program were so rendered, it would be folly to particularize, but appended we give the program in its order:
