CITY CORDIALS.

—Brick for the new hotel are being placed on the grounds.

—The State Medical Association will meet at Kearney May 21-3. About 300 representatives are expected there from over the state.

—A small cave in occurred last evening where the men are excavating for the brick block of J. C. Martin, but no serious results were had.

—Mr. Byron Clark, city attorney, has purchased the Strode property, corner of Oak and Sixth streets, which he will occupy as a residence.

—The house on the corner of Vine and Sixth streets, owned by Wm. Neville, is being raising to the grade and a substantial foundation placed under it.

—The tramp who was tried at Papilion this week accused of causing brakeman Tom Sullivan's death on Oct. 1, by pushing him from the train, was cleared.

—The Young Men's Christian Association having just moved their quarters and not yet being settled, the Sunday gospel meeting will not be held tomorrow.

—The Presbyterians will hold church and Sunday school services at the usual time tomorrow in Rockwood hall; having engaged it for their place of worship for the present.

—A change took place in night operators at the depot last night. J. B. Rhodes leaves here and goes to Fairmont to do day work, and his place is filled by D. E. Conedine, who comes from Lincoln.

—Today has been a very disagreeable one, and the rain which the clouds have been promising would be very welcome. It has been a game of "hang on to your hat and pick the dirt out of your ears" all day.

—The case of the crazy man at Weeping Water has become considerable of a joke. It turns out that the man was only intoxicated and got boisterous and as soon as he sobered down he was all right. He was a Swede employed in the stone quarry.

—C. B. Wilson, who used to be employed on the HERALD staff has accepted a position as city editor on the daily Rapid City, South Dakota, Republican, the republican organ of the Black Hills. From his service with us we know it is a position he will creditably fill.

—Engine No. 4, which draws the Schuyler train, encountered a number of horses on the way last night and killed several. The train, No. 7, leaves here at 7:05 P. M. for Schuyler. After passing Memphis, a small station six miles beyond Ashland, about 9 o'clock, a number of horses which had got on the track were run into with fatal results to about six of them.

A MIDNIGHT SPREE.

A Citizen From La Platte Takes in The Town.

About midnight last night Officers Fitzpatrick and Jas. Grace met a couple of men on the street from La Platte who were greatly intoxicated, and were making their way to the depot to catch a train for La Platte, neither knowing that there was no train nor realizing the great danger their lives were in going about the yards after night in such a condition. Their names were Dick Ellis and Delany. The officers followed them and tried to persuade them to get lodging for the night. Ellis did, but Delany refused to have anything to do with the advice and Grace started to help him up street from the depot to get him out of danger. Delany pulled from the officer and threw his hand around with a knife, as if to draw a weapon, whereupon Fitzpatrick arrested him and after a scuffle was gotten up to the corner of Main and Third streets. Here Delany commenced another struggle and laid down on the pavement on his back and began to call "bloody murder" and succeeded in awakening all the neighborhood, and for a time there were many phantom like appearances at the hotel windows near by. But finally Delany was gotten to the jail and shut up for the night. He was tried and fined this morning and his wife, who came down from La Platte on the K. C. paid his fine and he was liberated. As a sober man Mr. Delany is all right, but the drinking he done last evening completely got away with his reasoning capacity.

Removed to Larger Quarters.

The three rooms occupied for the past six months by the Young Men's Christian Association on Main and Fourth streets were vacated yesterday for larger and specially remodeled quarters in the Waterman block over Bennett & Tuttle's grocery. These new rooms have been partitioned and are being finished off to suit the requirements of the association. There will be the front room 21x18 feet to be used as the reading room, and the west part of it fixed to accommodate the secretary with an office, and on Sundays these will be used as a boys' hall for their gospel meeting. The center room 12x14 will be the game room. Back of this is the hall 50x21 feet, with a seating capacity of 200 or more, and all the rooms are connected with folding doors so that they can be thrown into one grand reception or meeting hall 80x21 feet.

The hall approaching the rooms from below is handsomely calomined also the ceiling of the hall and all the woodwork will be nicely finished, while the rest of the walls will be papered with light and attractive shades. Several nice paintings will be furnished gratis to decorate the walls and thus make them as cheerful and homelike as possible. Gas will be used for lighting.

The Young Men's Christian Association is permanently established in our city and its prosperity is noticed with pleasure, by all interested in the welfare of the young men. The reading room has furnished a choice and extensive supply of reading matter which has been largely and profitably patronized. Owing to the extensive repairing and amount of work to be done in the new rooms they will hardly be opened till next week, and the usual Sunday gospel meeting will not be held tomorrow.

—The board of trustees and building and other committees of the Presbyterian church held a meeting last night, and decided proceed with the erection of the new church as soon as the house now on the lots should be removed, and to build a church not to cost less than \$10,000. A committee was also appointed to receive subscriptions to the church.

—G. W. Holdrege passed through in his special car on No. 1, this morning.
