CITY CORDIALS.

—The rain this afternoon caused the gun club to postpone their shooting match.

—W. L. Brown yesterday bought the Kowles property, located next to his home on west Oak street.

—Yesterday afternoon Judge Russell performed the marriage ceremony for Jas. B. Tipton and Minnie Miller, of Cedar Creek. License to wed was also granted to Mr. Wm. Moorley and Johanna O'Brian.

—The committee having the matter in charge consider propositions in Omaha today from cities of the state for the location of the Mason's state widows' and orphans' home. Plattsmouth's offer is large in cash and lands.

—The Board of Education met again last night in regard to school superintendent and teachers. In balloting for superintendent no choice was made. As to schools teachers the board is seeking to secure the best corps possible.

—Mark Dean has quite a curiosity, at his store on Fourth street, it being no less an article than one of the famous Edison phonographs. Every close reader of the newspaper, has seen one or more descriptions of the improved phonograph, which is one of the gifted inventor's most wonderful productions. This is one of the improved patterns, which are just now being put upon the market for the first time. The instrument resembles, in outlines, a sewing machine, more than anything else. A description of it will not be admitted, but we advise curious ones to call and hear the machine talk for themselves. We have listened to it, and deem it worth any one's time to investigate.—Ashland Leader.

—Rev. J. M. Woods, a Baptist minister who has been living in South Park some time is seeking to interest the people enough to build a church structure in that place. The plan to build it is a good one and deserves hearty financial support; it seeks the welfare of many citizens who now live in that vicinity and the good of the whole city. The church building is to be economically constructed, but is to be airy and well lighted. It is to be built on a lot on Clinton avenue, one block south of Patterson avenue, it will be frame, 50x50 feet. Rev. J. M. Woods will hold two services each Sunday besides Sunday school, and the church will be supplied with an organ and seats, and lamps to give good light at night, and plenty of windows for days. The proposed building is for summer and fall meetings, and if support warrants, will become permanent. This seems to be an excellent opportunity to establish a church in South Park; the contributions thus far are liberal.

Rock Bluffs.

The composers made us say in our last letter, Allen instead of Alden.

A young girl put in an appearance at Fay Minor's last week, and Fay, mother and baby are all doing well.

Mr. Littman, our assessor, was here a few days ago, assessing property and he gave good satisfaction. He did what we call an honest job at assessing, for he assessed the property according to its value.

We have asked the question "are you going to vote for bonds?" "Why yes, of course we are, for Cass county needs a court house and a safe place for the records. And the county officials need a more respectable place to do business in than the old contemptive building that they are now confined to.

We wish the Weeping Water *Begle* man would come down here and get his hog, for she has been sucking our cows "in elegant shape" and we have had to shut her up for she sucked two cows one morning. Mr. Editor, this may sound like a joke but it is a fact that we have got a hog that will walk up to a cow and sit down like a dog does and suck a cow dry in about half the time it would take to milk her.

Wm. Gilmour lost his best cow last week with milk fever. Our observation has been that when milk fever attacks a cow it is about as sure death to them as hog cholera is to hogs and it is almost always the large milkers and fat cows that are attacked by it, when coming in on full grass feed. And in this disease an ounce of prevention is worth more than ten pounds of cure and the way to prevent it is to milk them dry twice a day at least ten days before coming in never allow the udder to cake. This is a sure preventive for when it is practiced they very seldom have the milk fever.

Geo. Shrader is well up in the class for ingenuity in cases of emergency. A few days ago he discovered one of his cows waded in the mud near one of his fish ponds and after trying all alone to extricate her he stopped and looked up to see what assistance he could get. Old Nell, his favorite mare was quietly grazing in the pasture near by so he walked up to her took her by the fetlock and led her to where the cow was. Backing her up to the cows head he tied her tail to the cow's horns and then told old Nell to go. Well, she went and the cow too, clear up to dry land. We thought when Mr. Shrader told us about it, that we could never have pulled one of our cows out that way for we sawed their horns all off the fore part of April.

District Court.

This morning the first jury case was called, being the State of Nebraska vs. Gid Archer, Chas. Wheeler and R. Henderson, for creating a disturbance at the colored church. The trial lasted all morning. At 2 o'clock this afternoon the jury returned a verdict recommending they be fined \$10 and costs.

Finn Piersoll, who plead guilty yesterday to horse stealing and Henry La-Croux, who plead guilty to house breaking were brought in court at 2:30 for sentence. La Croux said he had been in the west five months and was a shoemaker. He was given 60 days in the county jail and costs. He broke into the house of John Bates, near Nehawka, with Jas. Riley last month. Riley plead not guilty and is held for trial.

Finn Piersoll being asked if he had anything to say why sentence should not be passed, replied he had, and said he wished to withdraw his plea of "guilty." His reason for this was the complaint read "lead the horse away," whereas he "rode the horse away." The court postponed sentence till tomorrow morning when any defense the boy may have can be made. Piersoll is the young man who stole the horse last week from T. J. Thomas, rode to Milford and sold it and proceeded to Wayco where he was arrested.

Memorial Day Programme.

The sacred duty of honoring the memory of our dead comrades is again upon us. Let it not be said that the Grand Army of the Republic is oblivious to the trust imposed upon it by the rules and regulations of our order which declares one of its objects to be to perpetuate the memory and history of the dead. It is the duty of surviving comrades to hold their memory sacred and with our solemnly impressive ceremonies at their graves on memorial day, the 30th of May, teach the youth of the land that he who dies for his country gives up his life in the most noble cause, and that his memory will be cherished and revered as long as this republic shall exist.

All citizens who appreciate and are grateful for the blessings that we are permitted to enjoy on account of the sacrifices of our fallen comrades are invited to join with us on this solemn occasion. The G. A. R., Womans Relief Corps, Sons of Veterans and all honorably discharged union soldiers are requested to meet at the G. A. R. hall promptly at one o'clock May 30th, from which place we will march, at 1:30 to the cemetery in the following order: Post band in front, McConihis post G. A. R. and other old soldiers who choose to join us, the Sons of Veterans, flower wagon, Womans Relief Corps in wagons, the orator of the day, Judge Chapman; Glee Club, citizens.

At the cemetery the Grand Army memorial services will be had with an address by Judge Chapman.

If the weather should be unfavorable the memorial services will be held at Rockwood hall and the march to the cemetery dispensed with.
