CITY CORDIALS.

—County commissioners met today.
—A wedding that will be "away up" is announced for tomorrow.

—The fruit crop which has promised such abundance this year is beginning to fill up the market.

—The pool on the Plattsmouth cannery factory grounds on Third street is rapidly being filled up with dirt from Third street.

—Adam Boeck, of St. Louis, who is a real estate dealer there, left this morning for Omaha and Lincoln, after visiting his brother Henry Boeck, and nephew, W. A. Boeck.

—Marriage licenses were today granted to Wm. J. Stohlman and Miss Tracey Timkala, of this county, also, Mr. Adolph Mueller, of South Omaha, and Miss Martha Schuelke, of Greenwood.

—A most enjoyable surprise party was given Conductor Jas. Chase and wife last night at their home on Pearl street, by friends in this city. Parties were present from Lincoln and Pacific Junction.

—The Browns, of this city have arranged for another ball game to be played Friday afternoon of this week at the ball park, west of the city. It is "Browns vs. Ellevens." An admission of 10 cents will be charged by the boys for gentlemen, and ladies will be admitted free.

—In district court last night the jury in the case of State vs. Smith, for burglary at Elmwood, returned a verdict about 10 o'clock of "not guilty" and Smith was set at liberty. The jury case today was that of Mary S. Cannon vs. the sheriff of Cass county.

—The Eleventh Annual Tournament of the Iowa Firemen promises to be a big success and according to the Council Bluffs papers quarters for over forty teams have been secured and every day increases the list, and there will be ten or more teams from Nebraska, one from Colorado and probably one from Deadwood. There will be great sport.

—Quong Lee, the popular laundryman on lower Main street has been buying turtles from the boys the past week, and yesterday he had several dozen on hand. This morning a chinaman from Omaha piled them into a two bushel sack and took them home. Evidently a time is at hand among the laundrymen of Omaha to have a feast and the turtles be in the "soup."

—This morning there was placed upon our desk in the sanctum a basket of large delicious strawberries, of native growth and fresh from the vine. They were elegant specimens, and though some fine berries have been shipped in here this spring, for size and delicious flavor the left the imported ones far in the shade. The treat was due the generosity of W. B. Roberts, and THE HERALD is generously in love with the quality of the fruit he grows.

—The new South Park church is new under way and it is probable services will be held there next Sunday, morning and evening and Sunday school. Yesterday the work was begun. It will be a large building after a rustic fashion for use in summer and fall. The location is a good one in the park and a large attendance from the neighborhood is expected. Several men in the shops have volunteered their services after 4 o'clock in the evening and the hearty support the church is getting in building gives a good outlook for its success.

—Family troubles have recently been carried on in this city in which Wm. Owens, the fisherman of the Platte bottoms, has figured ignominiously and conspicuously. He lived with his wife, two little boys and a little girl in a hovel near the old Dufour & Co., slaughter house north of the city. The wife has long been a sufferer from consumption, and is nearly ready to succumb to the disease. The first of March Mrs. Owens' sister came from Jackson, Ohio, to take her home where she could be cared for, Owens objected and in April drove Mrs. Owens' sister from the place. She took up her residence with Mrs. C. M. Holmes. Yesterday Mrs. Holmes and Mrs. Hinkle induced Owens to let his wife come to town and spend the day at her home. Dr. Schildknecht was called to see her and advised that she be sent home as she was low with consumption. Owens stormed around and made things disagreeable with actions and language, but finally, by emphatic words of persuasion from the sheriff, he consented she should go but the oldest boy should stay. But continued during the day to act in such a manner that the marshal kept a watch on him. In the afternoon the mother, two youngest children and sister started for Ohio on the flyer and the oldest boy slipped aboard with them but Owens intercepted him at Pacific Junction by telegraph and had him sent back, which was much against the boy's wish.

—We are in receipt of complimentary tickets to the Minneapolis Fourth Annual Exposition which opens on August 21st for a season of thirty-four working days. General Manager Byron promises an exceptionally fine display of the Industries, Arts and Sciences, and judging by the record made by this superb Northwestern institution in the past, there seems no reason to doubt but that the promise will be fulfilled. The music will be the best procurable, the band being Inness' famous Thirteenth Regiment Band of New York, under the leadership of the Wizard of the trombone, Mr. Fred. Inness. The Art display too will be a great feature, so taken as a whole. Visitors will have no cause to regret the expenditure of time and money to make the city a visit.

MR. EDITOR:

If it will not occupy too much space in your columns, I would like to say to the friends of temperance and the people in general, that the W. C. T. U. of Plattsmouth will not take a vacation this summer, but will busy itself taking notes along the line, and with strong reinforcements prepare for fall work. Much interest was manifested by those present at the last meeting, and it was suggested that a cordial and earnest invitation be extended to the wives and mothers of the city to aid us by their presence and with their counsel. Every true mother desires her sons and daughters protected from the evils that are in our midst. Then it is important that we be fully alive to the needs of the hour. Come! and let us confer together. It is hoped every member enrolled on the books will consider this a personal request to them to be present at the next meeting, on Thursday of this week. There will be further notice given.

will have nothing to do with "cure-all" medicines that are advertised to cure everything from chillblain to a broken neck. Read the list of diseases that Dr. Pierce's Golden Medical Discovery will cure: Affections of the throat and lungs, incipient consumption, disordered liver, sore throat, bronchitis, asthma, catarrh, ulcers, tumors and swellings caused by scrofula and bad blood; fever and ague and dropsy. This seems like a cure-all but it is not. This great "Discovery" will really cure all these complaints simply because it purifies the blood upon which they depend and builds up the weak places of the body. By Druggists.

Table Talk for June: As soon as the weather begins to tighten a warm grip on humanity, humanity is apt to lose its grip on appetite, or, at least, on its fancy for such dishes as were wont to amuse the palate in cooler seasons. Table Talk thoroughly apprehends this condition of affairs, and its profession is to apprehend and apply the remedy. The peculiarly interesting manner in which it does this we won't attempt to explain here; the better way for our readers to do—if they have the curiosity and wisdom with which we credit them—is to get a copy of the June number, wherein they will plainly see with what ingenuity Mrs. Rorer patches up the appetite for its summer work. They also will find a great deal there to lure the mental appetite, for there are literary delicacies, as well as culinary, in Table Talk.—a combination which it has the deserved reputation of mixing up in the most delightful manner. The magazine is published by the Table Talk Publishing company, 402, 404 & 406 Race street, Philadelphia. \$1 a year, single number 10c.
