Dr. A. Salisbury has the exclusive right to use Dr. Steiman's Local Anesthetic for the Painless Extraction of Teeth in this city. Office Rockwood Block.

Dr. Withers, Dentist, Union Block.

CITY CORDIALS.

The pressed brick for the front of the Martin block has arrived.

In district court today Judge A. W. Field, of Lincoln, presided. The case of F. B. Gordon vs. Covell & Polk occupied the day. O. A. Mullen was court reporter.

The Ladies' aid society of the M. E. church will meet Tuesday afternoon at 2 o'clock at the residence of Mrs. C. W. Green on Tenth and Gold streets.

Fred Woodson is wearing a cane and fashionable eastern walk, celebrating the arrival of an attack of cholera morbus and cramps, which lays him off duty as a mail carrier.

Today the grand firemen's tournament opens at Council Bluffs. The Plattsmouth ball club will meet the Odell Bros. club at the tournament park on Thursday of this week.

Several carloads of large stones arrived today to be used as the foot stones of the foundation of the Riley hotel. They will be laid in the trenches on the concrete. The derrick was erected today with which to handle the heavy stone.

Yesterday morning Rev. J. T. Baird talked especially to the children in Rockwood hall, who were seated in the front seats. Many old and young people were there also, and the address was interesting, and to those who will take heed truly beneficial.

A foundation has been laid on the Catholic grounds on Oak street, west of the church building, 36x38, upon which will be erected a two-story brick building for a residence for the sisters employed as instructors in the St. John's school. A building for kitchen 16x16 will also be attached, and other improvements on the grounds are being made.

Sixth street hill presents a very lively and business like appearance today, and will continue so for some time. H. C. McMaker has a large force of men raising the grade of Pearl and Sixth streets, and the Sixth street hill is to furnish the dirt. This will greatly improve these streets at their intersection and by reducing the Sixth street hill grade.

A gang of men went to work this morning under Street Commissioner Morgan, to clear the mud from the Main street pavement. This is a move in the right direction, but slow progress will be made, as the heavy traffic over the pavement packs the dirt down like cement after a rain and it will take water to loosen it up again after it gets dry enough not to be called mud.

The Norfolk base ball club has written to the Plattsmouth club desiring to meet them at the ball park on Friday and Saturday this week, but their proposition for those days cannot be met. The Norfolk boys state in their letter that they start out today with a delegation of 150 supporters to play at Kearney, Grand Island and Hastings, and would like to take in a smooth.

The Western Engineering company who have the contract for putting in the equipments for the electric motor railway are about ready to commence work. The flat rails which arrived last week for Main street are being drilled for the rail connections; today two car loads of poles to set for the wires arrived and operations will soon begin. Poles will be set on Main street first, in rows on each side, poles being opposite. Everything is coming around in good shape to pushed through, for after stating "no delay will be tolerated."

Mr. A. B. Taylor received a telegram this morning from Salem, Kansas, announcing the death of Mrs. Elizabeth Murray, and that the body had been shipped here for interment. The body arrived on this morning's train and the funeral will take place from Henry Boeck's undertaking room tomorrow morning at 10 o'clock. Mrs. Murray was the mother of Mrs. A. B. Taylor and several of the Murrys of this county, who are well known. All her children live in this county but one. The remains will be interred in Oak Hill cemetery.

A second Presbyterian church has been planned to be erected at Mercerville, opposite the Oak Hill cemetery, on a prominence of the hill. The building will have stone foundation and will be frame. A piece of ground 132x269 feet has been donated by the Plattsmouth Land and Improvement Co. Ground will be broken for the foundation this week. The building is to cost \$6,000, one fourth of which is subscribed by O. H. Ballou. The enterprise is worthy and needs the support of all inclined to forward the best interests of the city. An outside view of the building as it will appear when completed has been on exhibition in front of M. B. Murphy's store. The church room will seat 240; the Sunday school room 150 and they can be made one by sliding doors.

The Y. P. S. C. E. meet at the M. E. church tonight. The meeting will open at 7:50 with a ten minutes song service.

The South Park tabernacle will doubtless be the scene of an ice cream supper next week, probably Thursday night. The idea is to raise money for Sunday school and church song books which are greatly needed.

Yesterday afternoon the Y. W. C. T. U. celebrated flower mission day, having postponed their trip Saturday on account of the rain. The poor farm and jail were visited, hymns were sung and prayers offered. Each prisoner and inmate at the poor farm were given a beautiful bouquet with scriptural text attached.

PERSONALS.

Dal Jones was down from Omaha today.

Judge Chapman went to Lincoln this morning.

T. L. Murphy left this morning for Concord, this state.

G. W. Covell, of Omaha, was in the city today.

Mr. A. E. Cook, of Malyern, Iowa, was in the city today visiting Dr. E. W. Cook.

Nancy West, of Missouri, who has been visiting relatives in this city, returned home this morning.

Rev. Sallenbach, presiding elder of this district of the German M. E. conference of Nebraska, held quarterly services at the German M. E. church in this city yesterday. He returned this morning to his home in Lincoln.

Rev. Wm. Murray, of Murray, this county, started this morning for Tarkio, Missouri, to be present at the closing exercises of the 1888-9 term of the United Presbyterian college, there of which he is one of the board of directors.

Opening of the Tabernacle.

Yesterday afternoon at 2 o'clock occurred the opening of the South Park tabernacle. There were present about 300 people, many coming from distant parts of the city. Some doubtless were kept away for fear of mud, but the roads leading to South Park were abundantly dry, and cool air of the park and beautiful surroundings made it delightful to spend an hour in the tabernacle, where there was plenty of fresh air.

After singing several songs the meeting opened with the following proceedings: Song, Doxology; prayer, invocation by Rev. W. B. Alexander, of the M. E. church; Psalm 49, read by Rev. J. T. Baird, of the Presbyterian church; opening prayer by J. M. Bothwell, secretary of the Y. M. C. A. Rev. J. M. Wood, manager of tabernacle, addressed the congregation, giving a brief review of his residence in the city and the cause of the building of the tabernacle, thanking the people for their hearty support and especially the shop men who donated their time to labor on the building after the shops were closed in the evening. Addresses were also given by Rev. W. B. Alexander, Rev. T. J. Baird, Rev. J. K. Reed, of the Christian church, and J. M. Bothwell, which were appropriate for the occasion. The meeting then closed with collection, song and benediction. Organization of the Sunday School then followed. At this meeting about sixty were present and a flourishing Sunday school will doubtless result. Mr. Cliff Wescott was elected superintendent and Miss Maggie Straight assistant.

Meetings will be held each week in the tabernacle as follows: Sunday school at 10 a. m., Sundays, preaching at 11 a. m. and 8 p. m. The evening meeting will open at 7:45 with a song service for 15 minutes. Prayer meeting Tuesday evening, choir practice Friday evening.

At the tabernacle meeting last night the attendance was nearly as large as in the morning. The organization of a large choir will be effected this week and the singing will be an important feature of the tabernacle services.

A DANDY BOOK.

County Clerk Critchfield has the Best Assessment Abstract Book in the State.

Cass county now has the most complete abstract of assessment book in the state. The book was made to order after a pattern of Clerk Critchfield's own design. The pages are double size, 22x32 inches, and each double page contains the assessment of each precinct of the county, with totals of original and equalized assessments. The page opens with precinct personal property assessment, with every article of value named and arranged for convenience. Below is the list of precincts for lands, giving total acres improved, unimproved, number of acres cultivated in all kinds of grain and trees and fruits. The third and last assessment blank is that for town and city lots, improved, unimproved, etc., with blanks for raising or lowering the assessment by the board of equalization, and remarks, etc. The book has 81 pages, and thus will do the county service as an abstract for assessment for sixty years to come.

Heretofore the abstract of assessment has been recorded on sheets of paper of a most inconvenient makeup and awkward construction. In the new book every figure has a column and the page will always look neat and plain, and lines of figures can be traced with great ease.

Is Any "Flower Born to Blush Unseen?"

The old wives tell us "that blushing is virtue's livery." But, alas! too many a maiden, whose soul is purity itself, has been denied the gracious privilege of wearing the delicate crimson; and all because her skin is covered with blotches, pimples, yellow "liver spots," and other discolorations. Who can tell how such a maiden loathes the very sight of herself, or who shall intrude upon her as she weeps bitter tears over her uncomely appearance? Thrice unhappy she, if by the use of cosmetics, she shall seek to hide her wretched complexion. But if she will use Dr. Peirce's Golden Medical Discovery, to regulate the liver and purify the blood of all poisonous humors, she will find that her "flesh shall come again like unto the flesh of a little child." It cures scrofula, tetter, salt-rheum, pimples blotches, eruptions, and all skin diseases. Druggists.
