Cough-Cures

Are abundant; but the one best known for
its extraordinary anodyne and expectorant
qualities is Ayer's Cherry Pectoral. For
nearly half a century this preparation has
been in greater demand than any other rem-
edy for colds, coughs, bronchitis, and pul-
monary complaints in general.

"I suffered for more than eight months
from a severe cough accompanied with hem-
orrhage of the lungs and the expectation of
matter. The physicians gave me up, but
my druggist prevailed on me to try

Ayer's Cherry Pectoral.

I did so, and soon began to improve; my
lungs healed, the cough ceased, and I be-
came stouter and healthier than I have ever
been before. I would suggest that the name
of Ayer's Cherry Pectoral be changed to
Elixir of Life, for it certainly saved my life."

"A few years ago I took a very bad cold,
which settled on my lungs. I had night
sweats, a racking cough, and great soreness.
My doctor's medicine did me no good. I
tried many remedies, but received no bene-
fit; everybody despaired of my recovery. I
was advised to use Ayer's Cherry Pectoral,
and, as a last resort, did so. From the first
dose I obtained relief, and, after using two
bottles of it, was completely restored to
health."—F. Adams, New Gretna, N. J.

A COPYRIGHT BILL

Fixed to Suit the Senate and
Passed.

MRS. CUSTER'S PENSION RAISED.

The Indian Appropriation Bill Passed by
the House—Speaker Reed III—Infor-
mation as to Purchases of Silver—Omaha's
Building Limit Increased.

WASHINGTON, Feb. 19.—In the senate
a number of pension bills were passed,
including house bill to increase the pen-
sion of the widow of Gen. Custer to \$100
per month. The copyright bill was con-
sidered and the Sherman amendment to
admit copyrighted books, etc., printed in
foreign countries on payment of tariff
duties was agreed to, as was also an
amendment by Senator Frye, requiring
maps, dramatic and musical composi-
tions, engravings, cuts, prints, photo-
graphs, chromos or lithographs to be
printed from plates executed in the
United States; and an amendment by
Senator Ingalls exempting newspapers
and periodicals from prohibition of
importation. The bill was then passed
—yeas, 36; nays, 14. The senate bill
for the erection of a new custom house
in New York City was then passed.
The following bills were also passed:
House bill amending the act of July,
1882, dividing the state of Iowa into two
judicial districts. Senate bill to pro-
vide the times and places of holding
terms of the United States courts in
Idaho.

The senate then proceeded to the con-
sideration of the substitute for the house
bill to provide for the adjudication and
payment of claims arising from Indian
depositions. Senator Edmunds moved
to strike out section 3 of the substitute,
which prohibits the allowance of any
claim made by Indians on the testimony
of any witness of the Indian race. The
vote was taken on Senator Edmunds'
motion to strike out the third section,
and it resulted—yeas, 22; nays, 22—lack-
ing one of a quorum.

In the house Mr. Payson of Illinois
was elected speaker pro tem, in the
absence of the speaker, who is detained at
home by sickness. Conference reports were
ordered on the District of Columbia and
military academy appropriation bills,
after which the Indian appropriation
bill was considered and passed, and the
postoffice appropriation bill carried into
committee of the whole. A joint resolu-
tion was passed appropriating \$105,000
for printing 100,000 copies of the report
on diseases of horses, prepared under
the supervision of the chief of the bu-
reau of animal industry.

About Silver Purchases.

WASHINGTON, Feb. 19.—In answer to
a senate resolution calling for informa-
tion concerning the purchase of silver
under the silver bill of last session, the
acting secretary of the treasury sent to
the senate a statement prepared by the
director of the mint, showing the amount
of silver bullion purchased by the govern-
ment from Aug. 13, 1880, to Feb. 14,
1884, with a list of all persons, firms and
associations offering amounts, the
amount and price offered, the amount
purchased, etc. The acting secretary
says that in estimating the basis of the
market price of silver bullion purchased
under the act, the department was guided
by daily dispatches from London, New
York and San Francisco, the mar-
ket price being determined by a com-
parison of the prices quoted and the
price at which silver is offered for sale
to the government, the rule being to ac-
cept the lowest offers, provided they did
not materially exceed the highest mar-
ket price in the three cities named. The
acting secretary says that no silver bul-
lion has been purchased by the govern-
ment outside of the United States, but
that undoubtedly large quantities of
silver have been delivered on the pur-
chases to the government made from
parties residing in the United States.

French Spoliation Claims.

WASHINGTON, Feb. 19.—Senator Hig-
gins, from the committee on claims, re-
ported favorably the senate bill to pro-
vide for the payment of the French
spoliation claims in accordance with the
findings of the court of claims. The
committee submitted an amendment to
the bill providing that in cases where
the original sufferers were adjudicated
bankrupts the awards shall be made on
behalf of the next of kin, instead of to
assignees in bankruptcy, and the awards
shall not be paid until the court of
claims shall certify that the personal
representatives of the whole behalf the
award is made or present the next of
kin, and the courts which granted the
administration shall have certified that
the legal representatives have given
adequate security for the legal disburse-
ment of the awards.

Ingalls' Successor.

WASHINGTON, Feb. 19.—A caucus of
Republican senators will be held next
week to determine on a candidate to
succeed Senator Ingalls as president pro
tempore of the senate. Senator Ingalls'
term in the senate will expire on March
4, and it is proposed (according to cus-
tom) to install his successor as president
pro tempore before the end of the ses-
sion in order to provide against any dif-
ficulty that might arise if Vice Presi-
dent Morton should be unable to pre-
side. The names most prominently
mentioned for the honor are those of
Senators Edmunds and Sherman (both
of whom have held the office), with Sen-
ators Frye and Aldrich as possibilities.

The Omaha Postoffice.

WASHINGTON, Feb. 19.—Senator
Spooner reported favorably the pro-
posed amendment to the sundry civil
bill, increasing by \$400,000 the limit of
cost for a postoffice building in Omaha.
The president approved the act for a
building for industrial schools in Wis-
consin and a joint resolution to correct
an error of punctuation in the tariff act
relating to binding twine, etc.

Speaker Reed Sick.

WASHINGTON, Feb. 19.—Speaker Reed
is confined to his room at the hotel by
a severe cold, which shows signs of im-
provement.

SHERMAN'S FUNERAL.

Thousands Look for the Last Time Upon
the Face of Old Tecumseh.

New York, Feb. 19.—Among the first
visitors to the Sherman house in the
morning was the venerable Professor
Kendrick of West Point, who was one
of the General's teachers at West Point.
Gen. Fitz John Porter, Mrs. Walter
Dunroch, Lawrence Barrett and one
hundred scholars of the West Point
school, in uniform, were also among the
visitors. P. T. Sherman said that the
first invited guests to the funeral will
include the president and his party,
Archbishop Corrigan, Hamilton Fish,
Senator Evans, Archbishop Ryan of
Philadelphia, A. J. Drexel, George W.
Childs, Gen. Porter, Cyrus W. Field,
Hon. Collis and Stephen B. Ekins. The
family arrangements for the trip to St.
Louis are also complete. The family
travels the case of President Roberts
guardian.

Two beautiful floral pieces were re-
ceived at the Sherman residence about
noon. One was from President Harri-
son, it consisted of a large bed about
three feet wide by five long of lilies of
the valley, with a border around it com-
posed of purple violets. The other piece
was a large pillow of various colored
flowers, and Mrs. Sawyer, Gen.
Sherman's sister, been appointed as aide to
accompany the body to St. Louis. Mes-
sages of condolence and sympathy are con-
tinually arriving at the residence of the
dear general from all parts of the
country.

Last Look at the Dead.

Thousands of people took a last look
at the face of the nation's dead general
in the afternoon. It was one of the
greatest testimonials of respect and love
that could be paid to any one. At 6
o'clock the family and others of the
household assembled in the parlor and
took their final gaze at the face of their
father, brother, friend. Then the
casket was sealed and will be opened
again only to let the Rev. Thomas Ed-
wards Sherman look upon his father's fea-
tures if he arrives here in time.

The arrangements for the family and
immediate friends were completed.
They, with the invited officials, will oc-
cupy fifty-one carriages and will ride
in the funeral procession behind the pall-
bearers and ahead of the president.

During the evening R. B. Hayes ac-
cepted the invitation of the family to
accompany the remains to St. Louis.
At 10 o'clock Mr. P. T. Sherman re-
ceived a dispatch saying that the steamer
Majestic had been sighted and would
reach quarantine station at 11 p. m.,
with the Rev. Sherman aboard.

During the Funeral.

By railroads were issued to the police
captains as to their duties during the
funeral. Twelve hundred policemen
are to be stationed along the line of
march. The postoffice will be closed
from noon until 3 o'clock. No mail of
any kind is to be handled. All the
branch stations will be closed.

The Presidential Special.

New York, Feb. 19.—The presidential
special train, bearing the president and
vice president, the cabinet and mem-
bers of the committee appointed by the
house to attend the funeral of Gen.
Sherman, arrived at 7 o'clock this
morning. The train was driven directly
to the Fifth Avenue hotel. Senator
Evarts was with the party.

MINISTERS WON'T RESIGN.

Queen Liliuokalani Urged to Bring Suit
Against Her Cabinet.

SAN FRANCISCO, Feb. 19.—Advises in
haste that a contest between the
Hawaiian ministry and the crown is
imminent. It has always been a pre-
sident in Hawaii, as in other kingdoms,
for the ministry to resign at the death
of the monarch, but the ministry inti-
mated to Queen Liliuokalani that she
must not look for their resignations,
save by the action of the legislature. A
complication ensued, which has not
been decided yet. The friends of the
queen urge her to bring action against
the ministers before the supreme court,
in which event it is probable that she
will be upheld in her course. Chief
Justice Judd, chancellor of the king-
dom, himself resigned a cabinet posi-
tion on the accession of King Kalakaua,
and it is said that he considers it the
proper course to resign in this case.

The dead king's will was opened
by following the arrival of the Charles-
ton. It was short and to the point. It
left the entire personalty to Kapiolani,
settling with the debts all paid of
about \$150,000. The widow is allowed
to name the executors herself. Liliu-
okalani gets the crown and crown lands.
These are estimated at nearly \$100,000 a
year, but how much she will realize on
them is a question. It seems that as the
leases to one piece or another expired
they were leased anew to Kapiolani for
long terms of years, at \$1 a year in most
cases. The lands are valuable, many of
them lying in and about the city, so that
while the laws prevent Kalakaua taking
the leases himself, he managed it
through his wife.

The Kansas Lymph.

LAWRENCE, Kan., Feb. 19.—The vio-
lators of the prohibitory law in this city
try every plan to evade detection, but
are seldom very successful. Christopher
Fringer, one of the most notorious
joint keepers, was arrested, and, upon
default of bonds, was committed to jail.
This is the second time he has been ar-
rested, and the penalty is always
doubled. He claims not to sell intoxi-
cants, but when the officers searched they
found several cases of empty
bottle and one case of bottles filled
with something that several witnesses
state in their affidavits is beer. It was
described on each bottle by a label,
which reads as follows: "The S. E. F.
B. Health Invigorator. Sure cure for
nervous prostration, biliousness, indi-
gestion, consumption, etc. Dose ac-
cording to prescription. Manufactured
at Milwaukee, Wis." Fringer's new con-
sumptive cure has had a big run.

Discrediting Our Currency.

WASHINGTON, Feb. 19.—Representa-
tive Sweet of Idaho introduced a resolu-
tion and preamble which sets forth that
certain national banks are refusing to
loan money except upon contracts pay-
able in gold, which tends to discredit
the currency of the country. The resolu-
tion, if adopted, provides that any na-
tional bank refusing to degrade the
currency of the country by demanding
other than lawful money shall forfeit
its charter.
