O. H. SNYDER,
 Druggist, Plattsmouth, Neb.

THE FIGURE '9.'

The figure 9 in our dates will make a long stay
 to man or woman now living will ever date
 document without using the figure 9. It stands
 at the third place in 1900, where it will remain ten
 years and then move up to second place in 1910,
 where it will rest for one hundred years.
 There is another "9" which has also come to stay.
 It is unlike the figure 9 in our dates in the respect
 that it has already moved up to first place, where
 it will permanently remain. It is called the "No.
 9" High Arm Wheeler & Wilson Sewing Machine.
 The "No. 9" was endorsed for first place by the
 experts of Europe at the Paris Exposition of 1889,
 where, after a severe contest with the leading ma-
 chines of the world, it was awarded the only
 Grand Prize given to family sewing machines, all
 others on exhibit having received lower awards
 of gold medals, etc. The French Government
 also recognized its superiority by the decoration of
 Mr. Nathaniel Wheeler, President of the company,
 with the Cross of the Legion of Honor.
 The "No. 9" is not an old machine improved
 upon, but is an entirely new machine, and the
 Grand Prize at Paris was awarded it as the grand
 advance in sewing machine mechanism of the
 age. Those who buy it can rest assured, there-
 fore, of having the very latest and best.

The Secret of Success.

F. G. Fricke & Co., druggists, believe
 that the secret of success lies in perse-
 verance. Therefore they persist in keep-
 ing the finest line of perfumeries, toilet
 articles, cosmetics, drugs and chemicals
 on the market. They especially invite
 all persons who have palpitation, short
 breath, weak or hungry spells, pain in
 side or shoulder, oppression, night mare,
 dry cough, smothering, dropsy or heart
 disease to try Dr. Miles' unequalled New
 Heart Cure, before it is too late. It has
 the largest sale of any similar remedy.
 Fine book of testimonials free. Dr.
 Miles Restorative Nervine is unsurpassed
 for sleeplessness, headache, fits, etc., and
 it contains no opiates.

FLOWERS BRING MONEY.

**HERE IS AN INDUSTRY WORTH WHILE
 FOR WOMEN TO PURSUE.**

**A Young Washington Woman Tells About
 Her Success in Cultivating Roses and
 Violets—They Require Little Labor
 and Bring Large Returns.**

"Flower culture in a small way can be
 made to pay even by an amateur who
 chooses to pursue it in a painstaking and
 intelligent way," said a young woman.
 "Five years ago I bought a little farm
 near Anacostia, called it 'Rose Acres,'
 and started in really for amusement's
 sake with a few rose bushes and some
 other plants. I love flowers dearly, and
 the labor I expended upon them was well
 repaid by the pleasure of it, but after a
 while I found that it would produce
 money also. So I planted more and
 more, until at present I have between
 three and four thousand rose bushes of
 the choicest varieties. A skilled gar-
 dener told me the other day that my col-
 lection of hybrid perpetuals is probably
 the finest in this country. On the day
 before Decoration Day I picked and sold
 5,000 roses from my own place.

"I am extravagantly fond of roses,
 but violets are more profitable. On the
 day before Christmas I picked and sold
 3,000 violets at two cents apiece; that is
 60 worth. They were worth the highest
 price then, but they never bring less
 than one cent apiece. To raise them is
 quite easy. I have 320 glass sashes un-
 der which the violets bloom all winter
 long. In May I have a lot of fresh
 ground plowed and prepared, and in it I
 plant all my violets, taken from beneath
 the sashes for the purpose. Then I sim-
 ply take up the sashes and cover the
 newly planted violets with them and
 the work is done. In October they be-
 gin to bloom, and continue all through
 the winter, so that I can pick them every
 day and send the flowers to market.

ALWAYS A MARKET.

All of my violet plants come from one
 little pot that I bought at the Center
 market five years ago. They are made
 to multiply by dividing the roots, so
 that a single plant taken up in the spring
 will supply a score or more. I sell my
 flowers by sending them to the florists
 in Washington or very often in New
 York. Prices are higher in New York,
 so that it usually pays to express
 them on.

"There is always a market for flowers
 and there is never any difficulty in dis-
 posing of them. Any florist is glad to
 buy them if they are good ones and in
 good condition. Those which I send
 to New York are delivered early the
 next morning. I expressed some thir-
 teen originally on speculation and I got
 immediate replies praising their quality
 and asking for more. The violets must
 be picked always in the afternoon, be-
 cause otherwise they lose their perfume.
 Then they must be brought into town
 in the evening for shipment.

"My greatest success is with sweet
 peas, which most people do not get
 along very well with in this latitude. I
 get the very finest possible seed to begin
 with. From June to August I pick
 very nearly 4,000 sweet pea blossoms
 daily, and they sell for fifty cents a hun-
 dred, so that they are really the most
 profitable of my flowers. They require
 but little care. I plant the seeds in the
 spring in open ground, about four inches
 deep, and as the plants grow the earth is
 kept hilled up around them. Then pots
 are stuck in along the rows with strings
 arranged so that the vines are trained
 upon them. I had one-sixteenth of an
 acre set out with sweet peas, and it
 brought in a clear \$300 from the sale of
 the blossoms.

GROWING DAHLIAS.

"Another flower I am very successful
 with is the single dahlia, which is very
 much handsomer than the double
 dahlia, you know. I plant the bulbs,
 which I propagate myself, the last of
 May, and the plants begin to flower
 about the last of August, keeping on
 until frost. I manage to keep them go-
 ing for some time later than would
 otherwise be possible by lighting fires
 on cold nights at the ends of the rows.
 In this way I get them over the first
 frosty spell, after which there is usually
 a season of quite warm weather, so that
 frequently my dahlias are blooming
 beautifully up to the end of November.

I try to make the flowers I grow alter-
 nate, so that when one sort stops bloom-
 ing another begins. My violets are
 flowering from the last of September to
 the end of April; then come the roses
 through the summer, and the sweet peas,
 with dahlias in the fall and violets again
 until spring. You can perceive that my
 way of growing flowers does not neces-
 sarily require any large investment in green-
 houses or otherwise. Of course there are
 some expenses. I have two men to
 help me, though one of them I should
 have to keep anyway for other purposes.
 There is a great deal in the proper pack-
 ing of flowers for market.

"For example, violets must be placed
 in bunches in pasteboard boxes, with
 waxed paper folded loosely around them.
 They must not be touched with water,
 because to do so will take away their
 sweetness. I consider my own flower
 growing enterprise as only begun thus
 far; some day I hope to become a mil-
 lionaire by selling violets and sweet peas.
 At all events there is money in the busi-
 ness, properly pursued, and more women
 ought to go into it."—Washington Star.

Can This Be So?

"Nothing wears a railroad traveler
 more than a straight track," says an old
 railroad man. "Any road with fifty
 miles of straight track would be shunned
 for one with three or four curves in that
 distance. I know legions of people who
 put themselves out to go by roads which
 wind and curve and give a new bit of
 scenery every few minutes."—Detroit
 Free Press.

It is a fact not generally known that
 Missouri furnishes better cavalry horses
 than any other state in the Union. The
 Missouri horse is sturdy and short back-
 ed, and is now much in demand by cav-
 alry officers.
