NUMBER 153

## Royal Baking Powder

ABSOLUTELY PURE

**The Spring Wheat.**  
Best adapted to Nebraska and the wheat that also makes the best flour is the celebrated "Blue Stem" or "Velvet Chaff." It is free from smut, has stiff straw, is a good yielder and the straw is eaten readily by all kinds of stock. If this wheat is extensively raised in this vicinity you will have no trouble in getting flour from it equal to any Dakota or Minnesota flour, so says T. M. Warner, who will gladly furnish you out at cost if you cannot get it in your neighborhood. Union Ledger.

**Found.**  
Two shirts wrapped up in a HERALD of January last. The owner can have same by calling at this office, proving property and paying for this notice. d2t

**Prof. Crosthwaite.**  
WEeping WATER, NEB.  
"After hearing the readings of Prof. L. L. Crosthwaite in an evening entertainment, I am assured that he is master of the profession and is worthy of the patronage of all."  
T. A. HULL,  
Pastor M. E. Church.  
At M. E. church, March 10, Admission 25 cents.

**Look Here!**  
Every one indebted to JOE, The One Price Clothier, must settle within thirty days or the accounts will be placed in the hands of a Justice for collection. If  
JOE KLEIN. Wm. FISHER.

**DR. MARSHALL, DENTIST,** will be in his office on and after March 10th.

The ladies of the M. E. church have secured Prof. L. L. Crosthwaite, the celebrated elocutionist, to give an entertainment at the church Tuesday evening, March 11th. Tickets 25 cents. On sale at Wildman & Fuller's.

**Opinions of the London Press.**  
The first appearance in London of the American comedienne, Patti Rosa, was made at this theatre last night, and was completely successful. Miss Rosa is of the type and follows this style of Lotta, known to metropolitan audiences some few years ago. In personal appearance and physique, in vivacity and smartness, the new arrival is not a whit inferior to her predecessors on similar lines, and succeeded in keeping a fairly full house in constant merriment. "Daily News."  
Miss Rosa will appear in her great comedy success, "The Imp," next Saturday night.

**The N. Y. Symphony Club.**  
LANSING, MICH., Jan. 3, 1891.  
The concert last night by the New York Symphony Club was very fine. The audience was entirely satisfied. Respectfully,  
F. E. CHURCH, Y. M. C. A.  
Secretaries of Y. M. C. A., Lecture Courses, G. A. K. churches, and other societies all over the country, that play the club, speak in glowing praise of the entertainments, and it is hoped our music loving people will turn out tonight to hear them.

**Draper & Ruffner.**  
Is the name of the new firm of implement dealers, which has opened up at the corner of Sixth and Pearl streets. They will also furnish a feed stable for farmers. These men are hustlers and go in to win. They propose to handle nothing but the best grade of farm implements and will undoubtedly get their share of the trade.

Dr. Daniel Golding came home Saturday to spend the summer with his father and mother, Mr. and Mrs. Levi Golding. Dan left this city over three years ago, after graduating in the high school; and by close attention to his books he graduated with honors at the Jefferson Medical College, of Philadelphia, about a year ago. Dr. Golding is quite young to enter the active practice, and through the advice of his friends, he has been giving his time entirely to hospital work at the Connecticut State Hospital. The HERALD is glad to note the progress of a Plattsmouth boy, especially one that knows the value of industrious application to whatever he undertakes to do.

**PERSONAL.**  
W. H. Pickens is in Council Bluffs to-day.

Joseph Sharp, of Lincoln, is in the city to-day.

O. H. Ballou has business at the state capital to-day.

Sol Kiggins is attending to business in Omaha to-day.

Harry Barstow was among the Omaha passengers this morning.

J. H. Waterman is looking after railroad matters in this city to-day.

Steve Orton, a leading capitalist of Weeping Water, is in the city to-day.

Mrs. Pearce made a brief business and pleasure trip to the metropolis to-day.

Marion Ruby, a prominent citizen of Louisville, is in the county seat to-day.

Mrs. H. C. Ritchie and daughter Mary departed this morning for Denver.

Mrs. Charley Forbes is visiting her sister, Mrs. Al Gass, at Pacific Junction to-day.

Otto Kos started out this morning for a pilgrimage to St. Louis and intermediate points.

Capt. H. E. Palmer will leave on the flyer today for New York City on important business.

Judge Cline and Attorney Rockwell, of Louisville are in attendance at district court to-day.

Miss Nettie Waybright and Miss Margaret Davis returned home this morning from Weeping Water.

Mrs. R. Smith, of Oakland, Burt county, has been the guest of Mrs. Dr. Withers for a few days. She returned home this morning.

W. R. Olmstead, foreman of the Waterloo News office, visited the family of J. M. Young over Sunday, and returned home this morning.

County Surveyor Mayes has closed his Sarpy county school and can be found at home from now on, ready to attend to his official duties.

J. M. T. Schneider, a resident of this city twenty-six years ago and at present a wholesale liquor dealer at Nebraska City, was here yesterday on a business trip.

Alex Clifton, having been transferred to Nebraska City, does not come home as he used to. He however looked in on the folks at home, last night which was his first visit here for a month.

George Edson, one of Cass county's best farmers and one of the boys that is proud of his republicanism, made the HERALD a pleasant call to-day.

Patti Rosa will present her new comedy-drama, "Imp," at the Waterman next Saturday night, March 11. The sale of seats will begin tomorrow morning, price \$1.

Levi Golding has traded off his stock of goods which he removed to Omaha, for Omaha property. He therefore continues to make Plattsmouth his headquarters.

The warm sunshine of to-day would make one think the back of winter had been broken so often in the last three months that we have lost confidence in that sort of procedure.

Geo. W. Fairfield went up to Lincoln this morning, but he promises to come back before he returns home and give us the advantage of his experience as a practical hydraulic engineer.

S. A. Davis came in last evening from a business trip to Hastings. He brought with him a handsome bantam game cock, but as he is not a sportsman, he explained that the chicken was purchased in the interest of the younger members of the family.

Mrs. Dawson & Pearce are always abreast of the times. On Saturday next they will open up their Easter bonnets and spring novelties with a wealth of French flowers that will fairly outdo nature in her happiest mood. These ladies are artists in their special lines, and something unusually nice may be expected at their opening on Saturday of this week.

At a regular meeting of McConchie Relief Corps No. 50, it was unanimously resolved that a vote of thanks be heartily extended to the ladies who so kindly opened their homes and entertained their sisters who attended the eighth annual convention of the W. R. C., Department of Nebraska, held in our city last month. And it was further resolved, that we also tender our thanks to Mr. C. W. Holmes for favors, and to Mr. S. A. Davis for his kindness and assistance in having the ladies' tickets properly stamped also to the comrades of McConchie Post, we give our most hearty thanks for financial and other aid, and to the Sons of Veterans for their many kind acts and assistance in so beautifully decorating the Hall. Also

RESOLVED, That that the foregoing be published in the city papers.

SARAH M. McELWAIN, Secretary.  
EMILY DICKSON, President.

Father Carney, accompanied by his brother, departed for a two months visit with his parents, who reside in the northern part of the state of New York. The HERALD in company with a host of friends, trusts we may see the worthy gentleman much improved in health on his return. Father Crary will have charge of the parish during the absence of Father Carney.

Mrs. C. W. Sherman left last evening for a visit of a few weeks with her daughter, Mrs. Bellville, at Knoxville, Iowa. Mrs. Sherman expects to meet her nephew, Mr. Groome, at Des Moines, and together they will visit her old home and birth-place which she has not seen for twenty-five years.

**Free Delivery.**  
J. W. Freeman, Esq., special agent of the post-office department, is in the city today, inspecting the office and looking particularly at a proposed new location in the Riley building. After all expenses are paid the postmaster finds he receives a salary of about \$10 per month for his work of sixteen hours per day. He either has to move the office or resign. The two north rooms in the Riley building on Sixth street with an arch between them has been offered to Mr. Streight, rent and fuel free. That he should prefer to change rather than pay \$75 per month out of his own pocket, is not surprising. Among other things mentioned by the inspector was the fact that he could have a free delivery system the same as Omaha, Lincoln, Fremont, Beatrice and Nebraska City, in the spring if we had more room. Mr. Freeman goes to Lincoln to-night and will be here to see our people again Thursday before a site is agreed upon.

**Council Meeting.**  
The city fathers met in regular session last evening with all members present except Hagar and McCallam. The matter of buying twenty acres of land of the Plattsmouth Land and Improvement company for cemetery purposes was taken up and discussed pro and con and finally put over until to-night, when the council will meet to take up the matter again. The price asked is \$250 per acre which seems reasonable considering how much adjoining lots will be damaged.

On motion of Salisbury the mayor and city clerk were instructed to take immediate steps to see that Plattsmouth got her share of the river appropriations, and on motion of Brown, Salisbury was added to the committee. Council then adjourned to meet Tuesday, March 10.

**River Improvement.**  
If our people will act at once and promptly, we may be able to get our just deserts in the way of river improvements. The river commission is now in session at St. Louis and will probably remain in session all week. Omaha and Nebraska City each have delegates before the commission, while Plattsmouth is not represented at all. The board of trade should take immediate action and send one or more delegates to St. Louis forthwith. We not only have \$50,000 specially to our credit in the hands of the commission, but we have our share of the million dollars appropriated to be used between Sioux City and the mouth of the river. Last year, through the manipulations of W. J. Broatch, the "Omaha" and Nebraska City got all the work, amounting to over \$100,000, while not a penny was expended here. And no where on the river could the money be better expended than at Plattsmouth; if the bar in front of the depot were reclaimed the river would be straightened and the channel thereby deepened aiding navigation materially, but that is not all if the bar were reclaimed the 10 people we are insured would be willing to use it for switches and would move their Pacific Junction offices over here together with their freight crews making this one of their main division stations on the line. Many other direct benefits would be derived from the expenditure of a large sum of money here. The council have acted in the matter and we hope the Board of trade will send a delegate at once.

**Relief Corps Meeting.**  
At a regular meeting of McConchie Relief Corps No. 50, it was unanimously resolved that a vote of thanks be heartily extended to the ladies who so kindly opened their homes and entertained their sisters who attended the eighth annual convention of the W. R. C., Department of Nebraska, held in our city last month. And it was further resolved, that we also tender our thanks to Mr. C. W. Holmes for favors, and to Mr. S. A. Davis for his kindness and assistance in having the ladies' tickets properly stamped also to the comrades of McConchie Post, we give our most hearty thanks for financial and other aid, and to the Sons of Veterans for their many kind acts and assistance in so beautifully decorating the Hall. Also

George Longenhagen has been quite sick for some days but is able to be out again.

The case of Con O'Connor vs. the B. & M. occupied the attention of the district court yesterday afternoon and all day today.

Simon Mix, John Wunderlich and John Mackey took out their second papers today and are full-fledged citizens of the United States.

Warren G. Richards, king of the fun-makers, will be at the opera house to-night. He is a member of the new York Symphony Club.

The mayor has appointed G. W. King as garbage master and scavenger. Mr. King is a new comer, but the business is one in which he claims to be well versed.

J. M. Schnellbacher sprained his knee over a month ago and is still confined to the house. For a man who is accustomed to an active life, it must be pretty hard to be shut up so long in doors.

The HERALD will stake its judgment on the claim that the symphony club which appears at the opera house to-night will give Plattsmouth the best musical treat of the year.

F. H. Ellenbaum, a gentleman of experience from Council Bluffs, has purchased the Valley meat market on Sixth street and is already in full possession of the premises. He expects to keep nothing but first class meats.

Allen Rhoden, the victim of the circular saw accident south of town, is resting as well as could be expected. Dr. Siggins, assisted by Drs. Schildknecht and Brendel, amputated the fractured limb just below the knee joint. The young man rallied from the effect of the operation and if blood poisoning does not set in, and no sign of it has thus far been apprehended, he will certainly recover. Mr. Moore was well enough to be removed to his home.

W. H. Miller, one of our best carpenters, is home from Sarpy county where he has been engaged on bridge work for Billy Neville. The work is finished over there, but an extra stringer has been ordered placed on all the bridges, so that Mr. Miller and his crowd will begin on the job at Union this week and finish as they go. Work has been begun on the over-head crossing near Lew Moore's.

**Republican Central Committee Meeting.**  
The members of the republican city central committee are requested to meet at my office to-night at 8 o'clock.  
A. N. SULLIVAN,  
Chairman.

**Hair Work.**  
Of all kinds to order. Hair chains, pins, rings, combs, etc., a specialty. Orders left at Davay's store or Madames Wise & Root, will be promptly attended to, or postal card to  
MRS. A. KNEE,  
Hair-dresser.

**Do Not Forget.**  
The night school at South Park school house on Monday, Tuesday, Thursday and Friday nights each week. The common branches taught by  
d3t O. T. Wood.

**Remarkable Facts.**  
Heart disease is usually supposed to be incurable, but when properly treated a large portion of cases can be cured. Thus Mrs. Elmira Hatch, of Elkhart, Ind., and Mrs. Mary L. Baker, of Ovid, Mich., were cured after suffering 20 years. S. C. Linburger, druggist at San Jose, Ill., says that Dr. Miles' New Heart Cure which cured the former, "worked wonders for his wife." Levi Logan, of Buchanan, Mich., who had heart disease for 30 years, says two bottles made him "feel like a new man." Dr. Miles' New Heart Cure is sold and guaranteed by F. G. Fricke & Co. Book of wonderful testimonials free.

Perhaps no local disease has puzzled and baffled the medical profession more than catarrh. While not immediately fatal it is among the most distressing and disgusting of ailments the flesh is heir to, and the records show very few or no cases of radical cure of chronic catarrh by any of the multitude of modes of treatment until the introduction of Ely's Cream Balm a few years ago. The success of this preparation has been most gratifying and surprising.

**A National Event.**  
The holding of the World's Fair in a city scarcely fifty years old will be a remarkable event, but whether it will really benefit this nation as much as the discovery of the Restorative Nervine by Dr. Franklin Miles is doubtful. This is just what the American people need to cure their excessive nervousness, dyspepsia, headache, dizziness, sleeplessness, neuralgia, nervous debility, dullness, confusion of mind, etc. It acts like a charm. Trial bottle and fine book on "Nervous and Heart Diseases," with unequalled testimonials free at F. G. Fricke & Co. It is warranted to contain no opium, morphine or dangerous drugs.
