PLATTSMOUTH, NEBRASKA. THURSDAY EVENING, MARCH 12 1891.

NUMBER 155

Royal Baking Powder

ABSOLUTELY PURE

PERSONAL.

Highest of all in Leavening Power.—U. S. Gov't Report, Aug. 17, 1889.

Mrs. J. N. Wise is in the metropolis today.

Mrs. Purdy and daughter were Omaha visitors today.

Will Fischer made a brief business trip to Omaha this morning.

Miss Laura Russell, of Weeping Water, is the guest of her sister, Mrs. A. B. Knotts.

Mrs. Gruesel and Mrs. Ballance are visiting friends today in the metropolis.

Luther Bediker, one of Louisville's best citizens, will move to Plattsmouth this week.

George Adams and Charley Flower of Weeping Water are in the city today attending court.

J. M. Roberts has purchased the Billings property on Main street of the heirs of the Billings estate.

Jack Denson, the ladies' man of the police force, has been quite sick for a few days but is able for duty again.

S. F. Foglesong was taken sick nearly two months ago with hemorrhage of the lungs and is still quite poorly.

Mrs. Roberts, of Lincoln, was the guest of her friend, Mrs. Spurlock, last evening; she returned home this morning.

Mrs. Hilton departed this morning for Deadwood, to visit her husband, who is located there as division engineer on the B. & M.

Claus Breckenfeld, the genial hardware merchant, has a new name, the boys call him "Claus Sprackles" for the California sugar king.

Captain Murphy, of Arapahoe, an old resident of this city and brother of M. B. Murphy, has been here for two or three days on business.

General Palmer, the gentleman elected yesterday as senator from Illinois, is a first cousin of J. D. Tutt. John will answer to the title of colonel hereafter.

A New Firm.

W. G. Keefer has made many friends during his stay in this city, and built up a fine trade in his line of harness and saddlery. In a few days he takes O. M. Strieght, an old harness man, into the firm, and as both these gentlemen are hustlers from way back, they will make a strong team.

O. H. Snyder, the druggist, is supposed to look very much like Judge Ramsey, and is often saluted as "Judge" by men whom he never met. A few days ago an incident occurred worth mentioning. It seems Mr. Snyder had business in a store on Main street and the proprietor called him "Judge Ramsey." Mr. S. made the necessary explanations and they laughed over the mistake. Some time afterwards he was called again into the same business room, when the proprietor called him "Judge" again and took him to one side to tell him what a funny mistake he had made a few days ago by taking Snyder for him. The druggist again explained matters and the business man witted. He says the will never again speak to Snyder for fear it's Ramsey, nor to Ramsey for fear it's Snyder.

Patti Rosa

The London Times says: "Patti Rosa, the young American actress who has acquired so great a popularity in her own country—a popularity which was thoroughly justified by her performance last night—made her first appearance in London at the Strand Theatre."

The whole interest depends upon the acting, dancing and singing of Patti Rosa, who is naturally sprightly and piquante, and sustains the interest and amusement of the piece from the first scene to the last.

The play is a decided success, and ought to have a good run. Miss Rosa's quips and cranks, her degradation and agility, never degenerate into vulgarity, and are not disguised by mannerism.

Patti Rosa is pretty, plump and piquante, merry, mirth-provoking and melodious, clever, captivating and chic. (If anybody wants more adjectives, let him fill them in himself.) Her singing, dancing, banjoing, are alike excellent, and above all, she is genuinely humorous.

The company will appear in their new play, "The Fun," next Saturday night at opera house.

The Epworth League

Will hold their monthly meeting Friday evening, March 13, at the residence of Wash Smith on Marble street, between Fifth and Sixth. All young people invited.

(J. D. M. BUCKNER.)

A nice Child's Suit at \$1.00 at JOE'S. It will pay you good interest at the prices he is closing out his stock.

DR. MARSHALL, DENTIST, will be in his office on and after March 14th.

The court house contractor, O. J. King, of Omaha, is in the city today getting ready for work.

The party at Cap Ma n's last evening was a very pleasant social affair and was largely attended.

Dr. Mathews got a dispatch to-day calling him to Humphrey, Platte county, to do some veterinary work.

Ed Jeary, an Iowa farmer, was arrested here last night on a United States warrant. Policeman Fitzpatrick took him over to the Junction.

O. A. Carr delivered a very entertaining and instructive lecture at the Christian church last night, which was attentively listened to by an appreciative audience.

Nebraska City is all torn up over a mad dog scare. A bologna harvest is said to be in progress down there as the mayor has ordered every dog killed that shows itself on the street.

Thomas Thomas has quit the meat market and will move onto his fine farm five miles west of town as soon as the weather will permit. We are sorry to lose Mr. Thomas as a citizen.

A "guess where, go there" party is on the tapis for tonight. The girls have sent out invitations and the boys are scurrying around to find the location of the aforesaid party before it is too late.

What is being done about the G. A. R. Hall? We understand the boys have a snug sum in the treasury to invest in a hall, and it seems that right now is the time to get hold of some real estate, before it goes out of sight.

The state relief commissioners have purchased 3,000 bushels of barley from J. A. Connor and 3,000 bushels of wheat from F. E. White, which with large amounts purchased from other dealers will be shipped to the front as needed.

Mr. Wescott's folks expect Mrs. Brusie and her husband to arrive here this evening from Chicago. Mr. Brusie is a republican member of the present California legislature and must feel somewhat disappointed in not being able to take a hand in the United States Senatorial fight that is now on at Sacramento.

Chadron is up in arms for a normal school. A. W. Crites, F. M. Dorriation and several others have been appointed to camp out with the legislature and secure if possible the desired plum. Nebraska has already one normal school too many. The State University is sufficient for all present purposes, and the endowment of other schools is but a waste of money.

Mr. Will L. Seism, the Grand Chancellor of the Knights of Pythias for Nebraska, made the Plattsmouth K. P. boys a pleasant visit last evening that was thoroughly enjoyed. Mr. Seism is a hearty, wholesome gentleman and puts lots of life and energy into his office. The lodge here was revived, as it were, by his wise counsel and courtly presence.

Johnny Fitzpatrick says he 'aint doin' police duty at Pacific Junction if he knows himself, and he thinks he does. He took a prisoner over at 7:45 in the evening, expecting to get back in an hour or two, but instead, he had to patrol the tracks at P. J. until the roosters crowed for daylight before he got a chance to ride back. He says he didn't get a chance then, he just took it, and after getting on top of a living box car he held his breath all the way over for fear the train wouldn't stop until it got to Lincoln. Johnny claims if the "web feet" want any more Nebraska prisoners "they will have to come after him, and don't you forget it."

Remarkable Facts.

Heart disease is usually supposed to be incurable, but when properly treated a large portion of cases can be cured. Thus Mrs. Elmira Hatch, of Elkhart, Ind., and Mrs. Mary L. Baker, of Ovid, Mich., were cured after suffering 20 years. S. C. Linberger, druggist at San Jose, Ill., says that Dr. Miles' New Heart Cure which cured the former, "worked wonders for his wife." Levi Logan, of Buchanan, Mich., who had heart disease for 30 years, says two bottles made him "feel like a new man." Dr. Miles' New Heart Cure is sold and guaranteed by F. G. Fricke & Co. Book of wonderful testimonials free.

Hair Work.

Of all kinds to order. Hair chains, pins, rings, crapes, etc., a specialty. Orders left at Dovey's store or Mesdames Wise & Root, will be promptly attended to, or postal card to

MRS. A. KNEE, Hair-dresser.

The Louisville Reformatory.

The Louisville reformatory bill was recommended to pass in the house yesterday by a vote of 54 to 12. The committee, which went up from this city, consisting of Messrs. Todd, Patterson, Carruth and others, did excellent work for this measure, as at one time, before the vote was taken, it looked as though it would be defeated. It is thought no serious opposition will be met in the senate after the measure passes the house, which will probably be done to-day. This will give Cass county its first state institution, and one that probably will grow into a very extensive and important adjunct to the present penitentiary.

An Omaha Madstone.

Two anxious looking men rang the door bell at 556 South Twenty-sixth street at about 10 o'clock yesterday morning. They were in quest of a madstone, and believed they had found it. The callers were John Weir and Frank Davis, both of Nebraska City, and they were two of the three men bitten by the mad dog that ran at large in the streets of that city Monday. The call was answered by Lee L. Benbow, whose madstone has been the Mecca for many a pilgrim from afar.

The wounds on the hand of Mr. Weir were deep and ugly looking, being four in number. According to Mr. Weir's statement the dog met him in the street, sprang upon him, and though he threw up his hands the animal caught him and hung on until he was violently swung loose.

Mr. Davis' wounds are on the hand, but of a slighter nature. The two did not know much about the third victim.

Mr. Benbow, by pricking the flesh in and near the wounds started blood and applied the stone. It did not draw or adhere to the wound. After repeated trials Mr. Benbow, who has had considerable experience with such cases, declared that there was no hydrophobia in the wounds of the bitten men. The wounds had been cauterized soon after they had been inflicted.

It was with great relief that this conclusion was listened to by the men from Nebraska City, and they returned to their home last evening.

The madstone in the possession of Mr. Benbow is a sort of heirloom. It was given to his great grandfather by the Indians in Ohio 100 years ago and has come down through the family to its present owner. It has cured several serious cases, and hydrophobia has never appeared in a single instance where the stone has been used.—Omaha World-Herald.

County Court.

James Irving vs. Blanch Miller et al. Suit for damages for breach of contract. Judgment for plaintiff for \$125.25.

The State of Nebraska vs. Daniel Spurgeon. Complaint for larceny by bailee.

Specimen Cases.

S. H. Clifford, New Castle, Wis., was troubled with neuralgia and rheumatism, his stomach was disordered, his liver was affected to an alarming degree, appetite fell away and he was tribly reduced in flesh and strength. Three bottles of Electric Bitters cured him.

Edward Shepherd, Harrisburg, Ill., had a running sore on his leg of eight years' standing. Used three bottles of Electric Bitters and seven bottles of Buckler's Arnica Salve and his leg is sound and well.

John Speaker, Catawba, O., had five large fever sores on his leg, doctors said he was incurable. One bottle Electric Bitters and one box Buckler's Arnica Salve cured him entirely. Sold by F. G. Fricke & Co.

New School Buildings.

The board of education is very much impressed with the idea that bonds ought to be voted at the coming city election for the erection of two good substantial five-room school buildings, one to be located centrally in the north part of town and the other in the south part. The schools are badly overcrowded, so much so as to seriously interfere with the teachers' work in some of the rooms. The board of education is empowered with the duties of calling a bond election and would like to know the feeling of the people before any election is called. It seems almost impossible to conduct the schools another year in their present quarters; new rooms must be rented or built, and the board seems to think it would be cheaper in the end to build what is needed at once.

District Court.

State vs. Stevens. Defendant charged with burglary. Acquitted.

The jury is still out in the case of State vs. Smith, while the case of the State vs. Walter Cole, for embezzlement, is now on trial.

A Small Boze.

At nearly 1 o'clock this morning the fire bell rang out indicating a blaze in the Third ward. The K. P. lodge was just winding up an interesting session and leaving the goats in charge of the janitor. The boys rushed for the second ward hose cart and the way they rushed the cart over the rough ground with Grand Chancellor Seism of Omaha in the lead, was truly inspiring. While Mr. Seism's plug hat did not add to his agility, it gave the boys an aristocratic appearance; and the rapid manner in which Griffith and Dovey rounded the curves almost threw the cart on its back.

They soon arrived at the fire (which had already been put out by the folks) tired and foot-sore. The firemen were soon after on the ground and took charge of the cart much to the relief of the K. P. boys. The damage to Mr. McEntee's house, we learn, was merely nominal.

Republican Primaries.

The republican primaries have been called for 7:30 o'clock in the several wards of the city as follows: First Ward, Council Chamber; Second Ward, Brick School House; Third Ward, Richey's Lumber Office; Fourth Ward, Browne & Ballou's Office; Fifth Ward, School House.

Two councilmen will be nominated in the Fifth ward and one in each of the other wards. Delegates will be selected for the city convention, which will meet at 8:30, immediately after the primaries, to nominate two members of the school board, Mr. Hayes and D. B. Smith retiring. The apportionment and place of meeting will be given tomorrow.

The Pulpit and the Stage.

Rev. F. M. Shrou, pastor United Brethren church, Blue Mound, Kan., says: "I feel it my duty to tell what wonders Dr. King's New Discovery has done for me. My lungs were badly diseased, and my parishioners thought I could live only a few weeks. I took five bottles of Dr. King's New Discovery and am sound and well, gaining 26 lbs. in weight."

Arthur Love, manager Love's Funny Eolks Combination, writes: "After a thorough trial and convincing evidence, I am convinced Dr. King's New Discovery for Consumption, beats 'em all, and cures when everything else fails. The greatest kindness I can do my friends is to urge them to try it. Free trial bottles at F. F. Fricke & Co's drug store. Regular sizes 50c and \$1."

Crabs Are Fighters.

Crabs particularly are fighting animals; in fact, they will fight anything. I have seen a crab, in conflict with a lobster, catch the latter over the fore part of the head, where the shell is hardest, and crush it in by one effort. And it rather bears out my idea that the claws of these creatures are particularly weapons of war; that the moment one of them receives severe injury in a claw it drops it off by voluntary amputation, severing its connection with the body at the shoulder by an act of its own will. It seems to me probable that if the claw were necessary for feeding nature would rather seek to cure an injury to it than let the animal discard it altogether.

The species of crab which is most commonly a fighter is the red crab. Its first idea of independent life is to eat a harmless whelk and occupy its shell; its next notion is to give battle to every crab of the same persuasion as itself that it comes across. Altogether hermit crabs are undoubtedly the most quarrelsome creatures in existence.—Interview in Washington Star.

Education in the Argentine.

There are two universities, one at Buenos Ayres and one at Cordoba, which together counted 993 students in 1889, and delivered 234 diplomas, including 81 doctors of law, 85 doctors of medicine, and 11 civil engineers. In the whole republic there are sixteen national colleges, with a teaching corps of 494 professors and an attendance in 1889 of 2,599 pupils. In the capital and the provinces there are thirty-five normal schools, with 12,024 pupils of both sexes, who become professors and teachers, chiefly for the primary schools.

In Buenos Ayres in 1889 there were 395 primary schools, directed by 1,571 teachers and attended by 51,599 children. In the provinces there were 2,719 primary schools, with a teaching staff of 4,532 and an attendance of 295,186. To resume, the results obtained were 3,042 primary schools, 6,103 teachers, 259,695 pupils, 2,373 primary schoolhouses in the whole republic. Of these schoolhouses 485 are the property of the nation or of the provinces and 1,888 private property.—Theodore Child, in Harper's.
