YEAR.

PLATTSMOUTH, NEBRASKA TUESDAY EVENING, APRIL 28 1891

NUMBER 194

started out his yesterday and put a

replevin suits in the been continued

a prominent citizen made THE HERALD call to-day.

they will supply all the to be used in the erection new court house, a contract been signed to that effect days ago.

the stone for the court house be dressed here. A Kansas man has the contract and John will help him out, as he is a class workman.

A well managed donation party as tendered Elder Wood last evening which was not only a pleasant social affair but a profitable one as well for the minister.

Wm. Neville offered to buy the tanning factory, which he would run in good shape, but owing to litigation the matter could not be closed up satisfactorily.

THE HERALD is pleased to be able to say that Mr. Loverin will not sever his connection with the B. & M. May 1st, as stated yesterday. He may take a brief layoff at that time but nothing of a permanent nature is contemplated.

Next Sunday night a sacred concert will be given at the South Park Tabernacle. This will be the last time the Tabernacle will be used, and as the entertainment will be a most excellent one, a large crowd will surely be present.

The way the Journal has been stopping over on Mr. Dove lately must make that republican from the Fifth ward sick at his stomach. Don't let the city printing knock you off your pins, neighbor; it isn't much of a plum anyway.

Lew Moore went to Omaha this morning, loaded down with a big lot of the finest roses to be found in the state of Nebraska. The Omaha people know fine flowers when they see them, hence Mr. Moore has a large and growing trade in that city.

R. B. Windham showed us the gold badge to-day worn by the Nebraska delegates at the league meeting in Cincinnati. It is an exceedingly beautiful piece of engraving, showing the Nebraska coat of arms together with the name of the state.

Sam Shumaker has opened up a first class repair shop and pump ware room in the Riley block on Pearl street, next door west of John Simpson's flour and feed depot, where everything in the line of pumps or windmills can be purchased or repaired on short notice. Mr. Shumaker has given much time to the pump business and may be considered an expert in that line of work.

Is it reported about town that Pepperberg and the Doves are putting on a few extra airs, having hired a band in green livery that discourses sweetest music in their back lots every evening. Although they have paid the band nothing and Horatio has spoken slightly of it in the presence of the members yet there is no signs of a strike or let up on the music. Call around gentle reader some evening and hear the band for yourself.

Oscar Steele, the B. & M. agent at Ashland, and formerly of Louisville, was severely injured yesterday afternoon by being knocked from the top of a moving freight train. He was dragged about thirty feet between two cars, having been fortunate enough to catch a rod as he fell. Dr. Mansfield attended him and found the greatest injury to be a deep cut in the neck, which lacked but a little of proving fatal. It was a remarkably close call.

One of Elam Parmele's men furnished amusement for quite a crowd yesterday at the corner of Seventh and Main streets, though it was evidently anything else but funny for him. He was driving a horse attached to a road cart when the horse suddenly became fractious and went to kicking, and the way the driver dodged his heels for a while was a caution. But soon the horse fell down, when the driver in his excitement tumbled over on top of him and rolled over into the street. On taking an inventory, the driver found he hadn't received a scratch, and as the horse and cart were all right he drove on, but he didn't try to ride.

Is he From Cass County?

An attempt was made yesterday to rob a bank at Valparaiso by three men, which failed, owing to the vigilance of Mr. Chamberlain, the cashier, and Mr. R. K. Johnson, who had an office in the banking room.

Three men drove up about 3:30 in the afternoon, hitched their team behind the bank and went in. Mr. Johnson's suspicions were aroused at once by the appearance and actions of the men, one of whom engaged Mr. Chamberlain's attention while another commenced to speak to Mr. Johnson, the third, who carried a grain sack under his arm, standing between the others.

Mr. Johnson saw this third one give a signal to the one nearest to him, who immediately drew a revolver, but Mr. Johnson sprang to one side and closed a door opening behind the counter, and then ran back to a cash drawer, which he had taken the precaution to open while talking to the man, and pulled out a revolver. He snapped the weapon several times at the man with a revolver and received one shot in return. Had the bullet been half an inch closer it would have killed Mr. Johnson, but as it was it plowed a furrow across the back of his neck.

Meanwhile the one who was talking to Mr. Chamberlain at the signal covered the cashier with a revolver and he dodged under the counter. Crawling several steps to one side he grabbed his revolver, but by this time the scoundrels, finding it was to be too hot for them, had skipped.

Two of the men ran around the corner to where their team was hitched, jumped in and drove off to the northeast, leaving the third man behind. The latter seemed to have been bewildered and ran away from the team.

The would be robber rushed into a bend in the creek where he was captured by his excited pursuers, but not until he was covered by revolvers. He was soon safely lodged in jail.

Receipts given by firms at Eagle to Jesse Rudy were found in the captured man's pockets, and he acknowledges that that is his name, and says he lives between Greenwood and Eagle in Cass county, and that he had never been in such work before. His hands show signs of hard work.

The men who escaped were driving one gray and one bay horse hitched to a covered buggy with side curtains.

There can be no doubt but what this is the outfit that has been committing so many thefts in and about Eagle lately. It will certainly be a relief to that part of the county to know that even one of the villains has been apprehended.

The retiring councilmen—Messrs. McCallan, Breckenfeld, Hemple and Hager—have been excellent members whose places will be hard to fill.

McCallan has been a watchdog of the treasury, and by his constant and careful watching of every expenditure, he has saved thousands of dollars to the tax payers of this city.

Mr. Breckenfeld has made an excellent member of more than ordinary executive ability; he has always been watchful of the best interests of the city, and we but voice the sentiments of his ward when we say the old First never had to criticize the actions of Mr. Breckenfeld except to commend them.

Mr. Hemple was rather timid at first, but long before his term closed he was recognized as one of the best and most aggressive members of the council; he was always conscientious in what he did, and no malodorous schemes can in any way be charged up against him.

Hager is always the same careful, painstaking business man; everything that was referred to him received the full attention which its importance merited, and was never delayed. Mr. Hager's presence in the council will be perceptibly felt by the old members, who from experience knew his influence and worth.

Pat McCallan wants a city park and advocates the fencing and improving of the old court house square. THE HERALD heartily seconds Mr. McCallan's motion; there should by all means be something done to improve this property and make it a pleasant place to walk for our people. It could be done at but slight expense.

Council Meeting.

The city council met in regular session last evening, all members being present.

It was recommended by Dr. Hall, chairman of the board of health, that sewer connection be made to drain the stagnant water off of blocks 34 and 35, and that a bridge be built over the B. & M. tracks near the mouth of Happy Hollow, whereby teams might be crossed to safe dumping grounds in the current of the river.

Dr. Hall's recommendation was referred to the board of public works.

The saloon license petitions were read and laid over.

W. C. Willets put in a claim for \$1,000, as damages for the closing of the street across the M. P. grounds. He owns lots 6 and 7 in Orchard Hill. Referred to committee on claims.

The judiciary to whom was referred the request of the Plattsmouth Land and Improvement Co., for the vacation of a part of their plat and setting it out of the city limits, reported that the petition be not allowed, and the report was adopted.

The ordinance formally vacating "Court House" alley was passed.

The following bills were then allowed:

LABOR ON STREETS.	
Wm Tighe, boarding prisoners.....	\$41 25
F Wolfenbarger.....	15 90
Ben Hemple.....	25 00
Ed Foglesong.....	36 00
E Bates.....	24 00
R Johnson.....	15 45
T S Lee.....	75
Wm McCully.....	3 75
C E Westcott, pulling place.....	2 00
Weldman & Breckenfeld.....	9 05
F R Guthman, pulling place.....	2 00
H Beck, use of tables and chairs.....	2 00

On request of the mayor the city attorney made an extended report as to the condition of the title to the property proposed to be purchased for the extension of South Sixth street, showing quite a lot of taxes against the property, but otherwise the title was pronounced good.

Mr. Brown, chairman of the fire and water committee, explained about the muddy water and thought there would be no more of it.

The report of the city attorney was then read, which showed quite a number of cases disposed of during the year, in everyone of which the city was victorious; certainly a very creditable showing, and one that the tax payers will appreciate.

It having dawned on the city guardians that the old council was about to expire, a motion was promptly put and carried unanimously, ordering the clerk to draw warrants for salary of mayor, councilmen and clerk.

The bonds of the new members were then approved, and Messrs. Dove, Minor, Peterson, Murphy, D. M. and W. D. Jones were sworn in to support the constitution and faithfully discharge the duties of councilmen of this city for the next two years.

The petition of Geo. Nickol to be allowed to remove his saloon three doors west into the Cap. Palmer building was granted, after which the council adjourned to meet to-night.

An Entertainment.

The ladies of the M. E. church have secured for Friday evening, May 1st, the services of Rev. Winzer of Cedar Creek to give one of his interesting entertainments with the magic lantern, presenting with remarkable effect "Ten Nights in a Bar Room." The speaker will give numerous quotations from the work explanatory of the scenes. There will be a change of scenes every four minutes which, thrown upon a nine foot canvas, will give an interesting and instructive presentation of the work. At the church Friday evening, May 1st. Admission, 25 cents; children under twelve and over eight, 15 cents. tf

There are a number of dangerous counterfeit silver dollars in circulation that are so near the correct thing that it takes great care to detect the difference. Mr. Warren the barber at John Boone's, showed us one yesterday, that in appearance, color and weight seemed to be exactly like the genuine article, but on ringing it hard a very discernible difference was noted.

"The Fair" has only a few more velocipede's left, which are being closed out at cost. tf

JOHNNY FLAHERTY.

His Remains Found To-day Near Rock Bluffs.

It will be remembered that Johnny Flaherty was drowned in the Missouri river near the bridge on the eighth of this month.

To-day Harrison McCord, a fisherman, discovered the body lodged against an island about two miles north of Rock Bluffs.

Mr. McCord came to town and Undertaker Unruh, Mr. Fitzpatrick and Sam Archer accompanied him back down the river in a boat after the body, taking a coffin with them. The body is reported to be in a fair condition notwithstanding its long exposure to the elements.

Burglary.

A burglar entered the business room of Philip Krause sometime last night by breaking a hole in the window just over the fastening, large enough to put his hand through and lift the spring, thus raising the window.

Philip can't tell what he lost other than about a dollar in change which was left in the drawer. The same kind of an entrance was effected at Joe Fetzer's place, and nine cents taken from the money drawer and a new \$2.75 pair of shoes were stolen. Nothing else was missed. The thief cut his hand on the glass but there is no clue as to his identity.

Dr. E. L. Sturgens has returned and may be found hereafter at his office over Gering's drugstore. tf

Baby is Sick.—The woeful expression of a Des Moines teamster's countenance showed his deep anxiety was not entirely without cause, when he inquired of a druggist of the same city what was the best to give to a baby for a cold? It was not necessary for him to say more, his countenance showed that the pet of the family, if not the idol of his life was in distress. "We give our baby Chamberlain's Cough Remedy," was the druggist's answer. "I don't like to give the baby such strong medicine," said the teamster. "You know John Oleson, of the Watters-Tabbot Printing Co., don't you? Inquired the druggist. His baby, when eighteen months old, got hold of a bottle of Chamberlain Cough Remedy and drank the whole of it. Of course it the baby vomit very freely but did not hurt it the least, and what is more it cured the baby's cold. The teamster already knew the value of the Remedy, having used it himself, and was now satisfied that there was no danger in giving it even to a baby. For Sale by F. G. Fricke & Co. Druggists.

For lame back, side or chest, use Shiloh's Porous Plaster. Price 25 cents. For sale by F. G. Fricke & Co. and O. H. Snyder. 3
