PERSONAL

Miss Nellie Shafer has gone to Union to visit her mother for a few days.
Sig Green made a brief trip to Ashland, he returned home this morning.
S. P. Vanatta went to Lincoln this morning to attend the meeting of the supreme court.
Mrs. Dodge returned this morning from a visit with friends at Memphis, in Saunders county.
Ol Butts of Nebraska City boarded an Omaha train this morning for home via the Missouri Pacific.
Mrs. C. E. Wescott returned home Saturday evening from a very pleasant visit with friends at Fremont.
Mrs. Fred Murphy and Mrs. Lew Myers, of Cedar Creek came in this morning to spend the day with relatives.
Jim Johns, John Mumm and Billy Webber went across the river this morning after snipe that are reported very thick on the Iowa bottoms.
Joseph Knottis will leave to-night for Council Bluffs where he will take a position in his brother's coal office.
The H. & M. pay car is booked to arrive here Thursday morning, May 7th, to the manifest pleasure of our merchants.
The schools will all take a general holiday before they close, and eat a picnic dinner in some one of our many beautiful groves.
Dr. Thede Livingston arrived home this morning on the flyer from his three months' stay in Chicago attending a special lecture course.
The Missouri Pacific folks laid their first mile of track on the Union cut-off yesterday and will reach Murray by the middle of next week if favored with fair weather.
Secure your tickets for "Chimes of Normandy" by the Andrews Opera Company, with their own orchestra, plenty of comedy, fun, ballets, skirt, fan and duster dances. Remember the prices are only 35, 50 and 75 cents.
Dr. Viola M. French of Neillsville, Wisconsin, a graduate of the Woman's Medical College of Chicago, has recently located in this city. She comes highly recommended and will for a time office with Dr. Shipman, as may be seen from her card in another column.
The Custer papers speak in glowing terms of John Sheafor's newly discovered silver mine, which THE HERALD has mentioned before, and claim it is worth a round million dollars. In writing to his father John says they have just been enjoying some heavy snowstorms up in that country.
Hurrah for the flag! The school children have been making penny collections to purchase a flag for the central building. It was slow work and now the board of education have taken up the matter and will see to it that a nice flag floats from the high school tower as soon as it can be obtained.
Dr. Froebel is meeting with much encouragement since his arrival here and has concluded to make Plattsmouth his permanent abiding place. The doctor is a graduate of one of the most noted colleges in Europe and will very materially strengthen the medical ranks in our city. THE HERALD is glad to welcome him to our midst.
The county grader is an excellent machine and in a short time has changed Chicago avenue from a rough inconvenient thoroughfare to as smooth a street as could be found anywhere. It is being operated on Washington avenue to-day, greatly to the betterment of that street, which had been badly cut up by heavy hauling during the muddy weather.
James Allison took a car load of fine stock cattle to South Omaha this morning in order to take advantage of the high prices now prevailing for that class of cattle. It is rather uncommon to see stock cattle shipped out, as they are usually brought in by the hundreds. Our feeders seem to think they are too high unless a man has a surplus of clover pasture to feed them on during the summer.
J. O. Phillippi, Esq., general agent of the Missouri Pacific at Omaha, is in the city to-day renewing old acquaintances and looking after the interests of his road. Plattsmouth has a warm friend in the person of Mr. Phillippi who was once a resident of this city while agent of the B. & M. We are glad to be able to renew business relations with the genial gentleman.

THE PROPER THING.

A Scheme That Beats a Pontoon Bridge.
J. W. Hendee, the popular hardware merchant, at the old Mathews corner, is one of our most energetic citizens. Speaking of a pontoon bridge, Mr. Hendee remarked that we don't want a pontoon bridge just now; the thing to do, says he, is to buy the Petersen ferry, make a landing as near to Main street as possible and make a low round trip rate, just enough to pay actual running expenses, say ten cents or twenty-five cents for a team with load, both ways. That would bring us more trade than we get now from Nebraska, as on the east side of the river Council Bluffs is the only competitor Plattsmouth would have, worthy of mention. We would draw trade for miles and it would get better all the time as the people over there would appreciate our efforts to give them a better market than they now have. To start the matter and show his faith in the enterprise Mr. Hendee will give fifty dollars in cash. Who will do as much? This project is a practical one that will not cost much and we believe will appeal to the good business judgment of our people in a manner that will assure its success.

School Board Meeting.
The members of the school board met last evening at the district clerk's office and elected officers for the ensuing year, which are as follows: S. A. Davis, president; Wm. Ballance, vice president, and John I. Unruh, secretary. The board agreed to furnish a flag for the high school building. There being no further business to attend to, after some discussion of new buildings and other school matters, upon which no action was taken, the board adjourned.
Ed Hutchison Captured.
Ed Hutchison was captured near Wahoo this morning and taken to Lincoln by a local constable and a deputy sheriff from Lincoln. He had not shaved his beard as reported and seemed as unconcerned as though nothing had happened.

A Wreck.

In the railway wreck at the Omaha yards yesterday Charley Whitney formerly of this city, had a close call. The World Herald speaking of the affair this morning, says: Charles Whitney, the engineer, received a deep cut on the head, and his body was badly bruised. He was pinned under the engine, and it was with great difficulty that he extricated himself. From the cut on his head he bled profusely, and he was a little demented immediately following the accident, but he was fully recovered and was at the shops yesterday. Whitney was not the regular engineer, but was taking the place of Wilkins, who was taking a lay off.
Fireman Hambright is at the hospital with a broken leg and bruises on his head.

Senator Thomas was surprised by about fifty of his neighbors Thursday evening headed by the Cullom cornet band. They called at his residence to pay their respects to the senator on his return home from a trip through the south. The ovation tendered was a hearty one, and could not be considered other than as a flattering testimonial of the course pursued by Mr. Thomas in the senate, which must have been specially gratifying coming from his immediate neighbors who knew him best.
Reduced Rates.

SWEET SCENTED FLOWERS.
Llewellyn Moore's the Recognized Headquarters for the Artistic and the Beautiful.

Aquilegia chrysantha, coreopsis lanceolata, chrysanthemum maxima antirrhinum, platycodon and climatis make up a partial list of Mr. Moore's grand plants, that are perfectly hardy and are not injured by a Nebraska winter. Mr. Moore has a fine stock of geraniums, coleus and some of those richly colored French cannas, also a fine line of bedding plants. In roses he makes a specialty of the following hardy varieties: General Jacquemot, Md. Planter, Perle, Niphos, together with the old standard La France and that Queen of the rose family, the American Beauty, which under favorable circumstances has produced roses 8 inches across, bright red and of a most delicious fragrance. No collection of flowers is complete without some of these hardy roses. Mr. Moore has the reputation of being the best rose grower west of Chicago; he never forces his plants, thus making them tender but gives them every requisite to make them hardy and strong. This spring is an unusually good one for setting out plants and should be improved by our people. Remember the place where plants and prices will suit the most exacting is at Llewellyn Moore's on West Locust street, and call at once. tf

The fragrant Heliotrope in bloom wonderfully cheap at Moore's Green House. dtt

"The Fair" has only a few more velocipede's left, which are being closed out at cost. tf

Dr. E. L. Siggins has returned and may be found hereafter at his office over Gering's drugstore. tf

C. H. Jaquette carries no stock but will do you as good a job of repairing ever done in the city. EXPERIENCE TALKS, not money. All work satisfactory or money refunded. Neville block, North Sixth St. tf

Go to Phillip Krause for your dry goods and groceries, where you will find the best of everything, he also keeps fruits and vegetables in their season. tf

Beautiful Your Homes
By going to Lew Moore's and selecting a nice line of his hardy plants. They will bloom beautifully all summer on the lawn and will live out doors all winter. His prices will be a surprise to you; these plants are so cheap it is a wonder Mr. Moore can raise them. Now is the time to plant them out, and the sooner 'tis done the earlier your flowers will bloom. ddt
