Ice cream soda at Brown & Barrett.  
Come and see your shadow at the Presbyterian social Thursday evening, May 11th.

They had two slight wrecks at Cedar Creek last week but aside from a small loss of property no other harm was done.

Nebraska cigar manufacturers made 2,384,000 cigars during the year 1890 and consumed nearly half a millions pounds of tobacco.

W. W. Drummond was in Lincoln last week and tried two cases, knocking out a Lincoln lawyer in each one, which made him feel first rate.

Eighty-six cars of cedar ties were brought in from the east this morning to be forwarded to the new line which is being built to Hot Springs Dakota.

Its a great scheme, in order to close the month of a professional black mailer to appoint him to some empty honor, where he can do no harm and then see him change his tune.

The program for the gymnastic exhibition at the opera house, Wednesday evening appears in to-days paper and shows beyond question that it will be a splendid entertainment.

Mr. J. E. Marten the agent for The Knight Jewel, a K. of P. paper recently delivered a fine gold and morocco portrait album to the K. of P. lodge in this city that is indeed a beauty.

J. G. Oldham delivered some extra fine fat cattle to Messrs. Hatt & Otto this morning. They were thoroughbred Polled Angus and have not been excelled for beef cattle on this market in many a day.

The honorable commissioners of the county of Cass were in Eagle last Friday, called here by a petition to have the apple trees along Fourth street cut down from Q to O. We have not yet heard their decision in the matter.—Eaglet.

W. H. Picken, the prince of the hustlers on carpenter work, added a full story to Geo. Weidman's commodious mansion on Seventh street last week and begun putting on an addition to Dr. Black's residence at South Park.

One of the finest samples of nice portrait work in crayon ever brought to this city may be seen in one of the windows at "The Fair." Mrs. Caple is the artist, and her work is a testimonial anyone might be proud of.

A. W. Atwood, a prominent real estate man from Fremont, spent Sunday with his father and brother, S. H. Atwood, in this city. Mr. Atwood used to reside in Plattsmouth and could not help but note our solid growth and substantial improvements.

Wm. Anderson whose death occurred yesterday was a resident of this city thirty years ago and kept store at the lower end of Main street in a building now used by F. S. White for an ice house. Ed Ruffner clerked for him at the time. Mr. Anderson married Ella Ruffner, a cousin of P. E. Ruffner, in this city in 1857.

Joseph Morrow, who has been with Dr. Brendel since returning from his last course of lectures, has commenced the practice of medicine at Eight Mile Grove. Mr. Morrow is a young man greatly esteemed in this community, where he is so well known, and Dr. Brendel speaks very highly of his qualifications. He takes with him the best wishes of a host of friends.—Murray Banner.

The boys claim that Thayer's accession to the governorship has resulted in Ed Parrott's promotion to a government position as mail carrier.

Phil Young's room has been decorated beautifully and looks neater than a new pin. If he does not sell his stock very soon, he will open up an entire new line.

E. A. W. Saell, the genial agent of the wholesale drug house of Blake, Bruce & Co., was in the city to-day. Mr. Saell is one of the brightest traveling men on the road; and if he would change his politics and talk protection to America's industries, he would be a winner beyond mistake.

McLaken and his force are busy to-day grading and smoothing off the base ball grounds in fine shape. Frank Morgan has put up a big showy back stop, advertising his firm, which says, "Hit me for a \$20 suit of clothes." And it is not placed so far back but some one will probably get the proffered suit.

Ed Parrott, the competent and accommodating car checker for the B. & M., during the fit of economy which recently struck that road, has been detailed to carry the mail from the depot to the post office, a job that he very much dislikes. George Timpon, the colored man, loses his job, after having paid \$75 for the contract. But there seems to be no help for it unless the government has to accept the mail at the depot, which they will probably do at an early date.

Messrs. Neville Richey, Chapman and Clark returned this morning from their hunting trip up to the headwaters of the Elkhorn Valley. They report having had a fine time and judging from the nice lot of ducks, snipe, curlew and other feathered game they brought with them we have no reasons to doubt it. The editor of the Herald returns thanks to the party for being kindly remembered with a nice lot of game.

The half column of slush in the Journal of Saturday night, about the river appropriation committee, can be answered by saying that the Omaha and St. Louis papers were the authority for our statement, and we don't know yet but what those papers were correct. At any rate we consider them more reliable than the Journal, which has been jumping out everybody about this river business, until a responsibility was assumed by Sherman; then suddenly it becomes an apologist for neglect and faithlessness.

From present appearances it would seem that Ruby, Tobin and Nelson would be tried some time next week. The prosecuting attorney will bring up the case soon as possible if they decide to plead guilty to the charge which may be set forth in the information. If they plead not guilty it will take longer as both the accused and the state will have to prepare for trial. The boys seem a little down in the mouth and declare that when they get through with this scrape they will return and live it down and show by their future lives that they intend to do what is right.—Eaglet.

William C. lives up east of Heisel's mill. The boys Saturday told him, as it was his birthday, they had made up a purse and bought him a pony keg of nice beer. He thanked them heartily for their kindness and was about to carry his keg home, but finding it a little heavy he gave "Uncle Ned" a quarter to haul it up to his place. The boys instead of getting beer had filled an empty keg up with water, which was carried into the house and after great care on the part of Mr. C. it was duly tapped and Mr. C. has not been seen since. The boys think he has been water foundered and talk of sending Doc Mathews up to visit him.

Obituary.  
DIED—Mrs. Wash Snyder, a sister of Mrs. M. Wash Snyder's and Wm. Brantner of this city, this morning at eight o'clock at her home at Edison, Neb., after a lingering illness of several weeks.

Dropsy of the heart was the immediate cause of her death. The deceased was a member of church and died impressed with the blessed faith in a happy hereafter. She leaves five children, the youngest being about eight years old, and a kind husband to mourn her loss. The funeral will take place at two o'clock to-morrow at Edison.

DIED—At the family residence in Rock Bluffs Saturday night, Mrs. Margaret Walstow, wife of James Walstow, an old resident of this county.

The deceased was nearly eighty years old and seemed to have died as the result of a congestive chill, though she had been ailing for some time. The funeral took place at 2 o'clock this afternoon at the Three Grove cemetery. Her husband, James Walstow, was the only immediate relative present. The deceased had resided in this county over thirty years.

Notice to Bathers.  
If boys do not stop bathing in the Platte river near the waterworks they will be arrested and prosecuted to the full extent of the law. Their bathing there is a public nuisance, a damage to the reputation of the water company for cleanliness and will not be tolerated. Govern yourselves accordingly and save costs.

Railroad Notes.  
The work of track laying began on the Union cut-off last Monday morning under the supervision of Mr. Thomas Keating, and has been progressing at the rate of a mile per day. The track laying force numbered about seventy-five men, but will be increased to one hundred the coming week. The back spiking and surfacing is being kept up as the track is laid, and the road is being completed as they go along. The fence gang, numbering ten men, are also at work, and the force will be increased so as to enable them to keep along with the track laying. Union Ledger.

A Strange Death.  
Most of our oldest citizens are well acquainted with W. H. Anderson, the wealthy Glenwood banker, who died Saturday evening at 8 o'clock under peculiar circumstances. A correspondent for an Omaha paper says:

Anderson had been very ill with the grip for some time, and from the effects of the disease his system was much depleted. All medical treatment seemed unavailing to restore him to health, and a few days ago gangrene made its appearance in several places on one leg between the thigh and knee. It was finally decided that an operation would be necessary, and Dr. Kaufman of Omaha was called on to assist the local physician. The operation was to have been performed Saturday afternoon. Anderson was placed on the operating table between 4 and 5 o'clock, the preparations were being made to administer chloroform, when it was noticed that the respiration of the patient had ceased. The physicians examined him hastily and pronounced him dead. He was lifted to a bed and the motion induced artificial respiration, which continued for three hours before it finally ceased and his family were fully convinced that he was indeed dead.

The funeral will occur to-morrow morning from the Episcopal church. Anderson was 53 years old.

Marriage license issued to Mr. Harris G. Todd, and Miss Alice Brown both of Murray.

Henry Rehse vs. John Johnson. Trial had. Action for wages for labor. Judgment for plaintiff.

The canning company cases are continued to May 18th.

Base Ball Meeting.  
There will be a meeting of the base ball association at the county judge's office to-night.

Dr. E. L. Siggins has returned and may be found hereafter at his office over Gering's drugstore.

"I had a severe attack of catarrh and became so deaf I could not hear common conversation. I suffered terribly from roaring in my head. I procured a bottle of Ely's Cream Balm and in three weeks could hear as well as I ever could, and now I can say to all who are afflicted with the worst of diseases, catarrh, take Ely's Cream Balm and be cured. It is worth \$1,000 to any man woman or child suffering from catarrh.—A. E. Newman, Grayling, Mich.
