course, need be long afflicted with bolls, earbuncles, pimples, or other cutaneous eruptions. These are the results of Nature's efforts to expel poisonous and effete matter from the blood, and show plainly that the system is ridding itself through the skin of impurities which it was the legalinate work of the liver and kidineys to remove. To restore these organs to their proper functions, Ayer's Sarsaparilla is the medicine required. That no other blood-purifier can compare with it, thousands testify who have gained.

### SWEET SCENTED FLOWERS

Llewellyn Moore's the Recognized Headquarters for the Artistic and the Benutiful.

Aquilegia chrysantha, coreopsis lanceolata, chrysanthemum maxima antirthinums, platycodens and cle-manis make up a partial list of Mr. Moore's grand plants, that are pereerly hardy and are not injured by a Nebraska winter. Mr. Moorehas a fine stock of geraniums, toleus and some of those richly colored French cannas, also a fine line of bedding plants. In roses he makes a specialty of the following: hardy varieties: General Jacqui. and, Md. Plantier, Perle, Nichitos, ogether with the old standard La-France and that Queen of the ross family, the American Beauty, which | far, a bit of cracker and a taste of wine rader favorable circumstances has produced roses 8 inches across, bright red and of a most deficious tragratice. No collection of flowers complete without some of these tardy roses. Mr. Moore has the eputation of being the best rose rower west of Chicago; he never orces his plants, thus making them tender but gives them every requisite to make them hardy and strong. This spring is an unusually good one for setting out plants and and steam away all day, if I choose, withshould be improved by our people. Remember the place where plants
