Jim Antill went down to James Walker's at Murray yesterday and made twenty gallons of ice cream for the church social which was to have been held there last night. The rain interfered with the program very seriously, resulting in the postponement of the social until to-night.

Judge Ramsey thinks some of joining the alliance—that is if actions and deeds purport anything. He can be found early and late tilling the soil on his lots, he has recently acquired. Pretty good exercise. Judge, can't you get Snyder up to try his hand?

The interest which Mr. Latta takes in the establishment of enterprises in Murray is commendable. He located a brick yard in less than no time after the parties called on him, and we have no doubt but what anyone desirous of opening a pottery or the works would receive such encouragement as would please them.—Murray Banner.

It was claimed by some of the teamsters that a certain member of the fraternity was doing business without a license, but they never could catch him. In order to stop him, they quietly got a party to give him a quarter to haul a box. The boys thought they had him sure, and went after the marshal to make the arrest, when to their chagrin they learned he had spent the quarter towards getting out a license and was now by their own acts a full fledged expressman.

HORRIBLY MANGLED.

THROWN NEARLY ONE HUNDRED FEET

Peter Neider, an Old German Meets an Untimely Death by Passenger Train No. 4 Running Over Him.

For the last three or four days, an old German, has been rambling aimlessly about the city, and yesterday policeman Johnnie Fitzpatrick supposing him under the influence of liquor arrested him and he was lodged in jail and kept over night, when he was discharged at about 9 o'clock this morning. He gave his name to Deputy Sheriff Tighe as Peter Neider and said he had a wife and six children living on his farm near the town of Stewart in Holt county this state. As soon as he was discharged this morning the poor old man made his way to the railroad track, and started upon the track and had gone about a mile north of the depot when No. 4 passenger came around the curve, and before the old man could get off the track the engine was upon him, striking him and dashing the body nearly 100 feet. The unfortunate man's head, was crushed in and the brains oozing out when picked up, besides there seemed to be not a whole bone in the body. It the absence of corner Unruh Deputy sheriff Tighe proceeded on a flat car to the place of the accident and brought the body down to the coroners undertaking rooms where the inquest will be held at 5 o'clock this evening to the following jurors:

K. W. Hyers, W. D. Jones, D. K. Barr Joe Busch, John Young.
The following witnesses have been subpoenaed to testify before the jury: G. W. Ford engineer on No. 4 Engineer Miller on the K. C. P. O'Donnell Conductor Perry of No. 4 Mrs. A. J. Green who viewed the accident from a close proximity to the accident as she was walking up the track. The county officials of Holt county have been telegraphed of the accident, and the friends of the unfortunate man will be notified as soon as possible. It seems to have been an unavoidable accident, for which no one is blamable. The verdict of the jury will be given in our next issue.

First Baptist Church.
The South Park Baptist church is so far on the way to completion that the basement room will be used to-morrow for services and Sunday School. The roof was finished yesterday and the floor laid in the basement. This when completed will be a commodious and handsome edifice. The combined seating capacity of the audience and lecture rooms will be five hundred, and that of the basement three hundred. The design is to use the basement for Sunday School and the smaller meetings. The cornerstone will be laid Wednesday June 3rd at 10 a. m. with appropriate ceremonies, and addresses made by a number of eminent divines from abroad. The present prospects are that the formal dedication of the building will take place in July. The citizens, are showing their pride in the building by the construction of sidewalks along the streets leading in that direction, and in this connection we might say that Street Commissioner Hemple with a force of men and teams was busy yesterday grading down Patterson avenue where it intersects with Clinton street which leads to the church. The street that really needs the work however is Clara which leads up from Lincoln avenue to Clinton at the corner where the church is located. It would require but little work to open up this street, and doubtless the residents all along it would be more than glad to build the necessary sidewalks. THE HERALD hopes to see this street opened at once and made passable, as it would be a convenience to a great many of our people.

Plattsmouth wins Again.

Earned runs—Plattsmouth 1. Base hits—Plattsmouth 6. Falconers 2. Errors—Plattsmouth 4. Falconers 3. Batteries—Farp and Lacy; Miller and Gadie. Struck out—By Yapp 10; by Miller, 3. Umpire: Reinhaekel.

Our county superintendent is holding his regular monthly examination. His victims to-day are Miss Lillie Sans and Miss Nora Reynolds of Rock Bluffs.

The Supreme Court.

WASHINGTON, May 15.—Mr. Justice Brewer of the United States supreme court, to-day issued a writ of error in the case of Thayer against Boyd, growing out of the gubernatorial contest in Nebraska. The petition asking for the writ was presented to the justice this morning by Mr. Esterbrook of Omaha, and the prayer was promptly granted.

In answer to questions submitted to him to-day, Justice Brewer said that his action will simply bring the case to the United States supreme court from the supreme court of Nebraska to be argued on its merits. It does not serve to re-litigate Boyd and the question at issue, whether or not he was a citizen of the United States at the time he was elected governor, is still to be determined. Nothing that has thus far been done will operate to reinstate Boyd, and of course it can not be learned at the present time whether the arguments will be heard by the supreme court on its final sitting one week from next Monday. Inasmuch as the court has announced that it will hear no more arguments at this time, it is hardly likely that an exception will be made in this case and in that event there will be little opportunity to secure a final decision upon the points at issue until the October term. In the meantime Governor Thayer will remain governor de jure, as well as governor de facto.

Omaha's New Bridge.

The location of bridges across the Missouri, to be built and used jointly by the Rock Island and Chicago, Milwaukee & St. Paul roads, has been decided upon. The bridge will be built about on the boundary line between Omaha and South Omaha.

About a year ago the Rock Island through an agent named Phelps, purchased from Henry T. Clarke and others land for depot grounds and tracks, extending from Al-bright to the river, at a cost of \$200,000. To-day the Rock Island decided to the Milwaukee road a half interest in this land for a consideration of \$100,000.

Nothing will be done in the direction of building a bridge until the case of the Rock Island against the Union Pacific is decided in the United States court, but it is probable that the construction will be commenced soon after that case is decided, which ever way it goes, as a bridge will render these roads entirely independent of the Union Pacific and its peculiar system of contracts.

Since the Milwaukee crosses at that point Plattsmouth will have an excellent opportunity to have that road enter south western Nebraska this way over the old proposed line of the Plattsmouth southwestern.

To-morrow's Game.

The first Sunday game of base ball will be played to-morrow between the home nine and the West Omaha nine. A good game is guaranteed, and a big crowd will doubtless be in attendance. Three o'clock is the time set for starting the ball rolling.

There is an ordinance making it a misdemeanor for any person to allow cattle or horses to run at large in the city or to herd cattle or horses in the streets or alleys of the city, yet the south part of town is being used for a herd ground every day, to the great annoyance of the citizens of that locality. What's the matter with the city marshal? Doesn't he know of the violation of this ordinance? Or are his interests confined to Main street?

Mrs. Jennie Green, the unfortunate woman who was shot by E. W. Hutchison in her apartment in the Kitchens block on the night of April 28, has been given up by her physicians and is slowly dying. The faithful friends who have watched by the sufferer's bedside have lost all hope of her recovery and are momentarily expecting her death. The unfortunate woman is aware that she is going to die and is apparently resigned. She has had her shroud made and yesterday begged her friends to try it on her, remarking that she desired to see how she would look in it. Her condition prevented compliance with her request.

Last night a Journal reporter visited Mrs. Green's apartments and was informed by those in attendance that she would probably die before morning.—State Journal.
