Our New Agent

We are informed from a pretty reliable source that Mr. W. A. Swearingen will be promoted from the station here to the Plattsmouth station on the Missouri Pacific. This, Mr. Swearingen justly deserves. He has worked faithful and true for the company at this place for nearly five years and has always used his able talent, in securing patronage for the company which he represents. He is respected the community over, and while we all would regret to see him go we would be glad to see so worthy an agent promoted - Elmwood Echo.

Farmers tell us that the lightning rod fakers are again in the country and manage to dupe people as usual. They went to one well known farmer and offered to give him 80 feet of rod free and only charge h'm \$6.80 for putting it up. They then wanted the farmer to sign a contract. This he would not do so the fakers wadded up the comract and threw it in a small creek near by, and then departed. After they were gone Mr. Farmer fished out the contract and found that on its back was a clause in small print which bound foot of rod put up. Beware, farmers, beware of takers of all kinds .- E'm wood Echo.
