DEATH TO THE TRUSTS

Indications are that the federal government has decided to grapple with the powerful trusts in Missouri which the state courts have been unable to crush. United States District Attorney George D. Reynolds is now at work with his subordinates preparing to carry out the instructions contained in a letter from Attorney General Miller as follows:

SIR—I beg to call your attention to the anti-trust statute enacted by the Fifty-first congress. It is my desire that you examine the law carefully, lay it alongside any combinations or trusts in your district, and if by such means it is found that those trusts and combinations are infractions of law, prosecute vigorously. There are great abuses, and if the law can be made to reach them it is the duty of the law officers of the government—as I doubt not it will be their pleasure—to do everything within the law to suppress them and to punish the wrong-doers. The United States court for the middle district of Tennessee has held the law constitutional. Yours Truly.

W. H. H. MILLER,
Attorney General.

Mr. Reynolds says that he has made a careful study of the statute and finds that it probably applies to many large concerns in this state. He says he has not as yet completed his plan of campaign, but will soon have things in shape, and must depend to a large extent on assistance from public spirited citizens. When asked if he had any particular trust in view he said he must decline, at this time, to go into details.—Telegram to Inter Ocean.

Do not speak unkindly of Grover Cleveland. He is going to help McKinley, having been billed for six speeches during the canvass in Ohio. His meetings will be under the management of the democratic party, but W. J. McKinley will be the beneficiary.

IT TAKES $28.50 of the inflated currency of the Argentine Republic to pay for a barrel of flour. This is the country where money is made of paper and printer's ink on a power press.—Ex.

SENATOR QUAY can do more in five minutes, so to speak, to boom Gov. Pattison for the presidency than Gov. Hill can in five months. It is Quay who made him a presidential possibility in the first place.—Globe-Democrat.

CONSERVATIVE estimates place the wheat crop of this state at 20,000,000 bushels. It is harvested and safe. It is worth not less than $16,000,000 to the farmers of Nebraska. This year's crops will help our western land owners out of debt and put them fairly on their feet for the future. Omaha Bee.

GOVERNOR CAMPBELL has the liveliest fight on his hands that ever an Ohio democrat faced. He not only has McKinley to meet on the tariff issue, but Sherman on silver, Foster on the national expenditures, and Foraker on state issues. Each of these is an expert and knows the whole history of his specialty, and no jack of all trades will be able to stand up before them very long without exposing his weakness.—Ex.

"POOR mortgaged, down trodden, Kansas farmers, through me appeal to you men of Georgia," says the eloquent Jerry Simpson. In the meantime a letter from Kansas says: "The ground in the peach orchards in Kansas is literally covered with peaches going to waste, and farmers can not find bins and bags enough to hold their wheat and have to leave it for the present in the shock or in stacks." Why would it not be better for "the calamity Congressman" to go home and help take care of the bountiful crops going to waste, and wait for "drought" and "grasshoppers" and "cyclones" and like Democratic aids?—Inter Ocean.

THE reconstructed south every few days gives evidence of the real feelings entertained by the people toward the north and toward the old flag. General Early in an address the otherday concluded his speech, by saying, and let every honest-hearted Confederate who fought bravely in the war say, If I should ever apologize for any part or action taken by me in the war, may the lightning of the rightous heaven blast me from the earth, and may I be considered a spawn of the earth by all honest men.

No regret for the blood that was shed, no regrets for an unholy war in the interest of human slavery, no regrets for the desolate homes and disconsolate widows and orphans made in an effort to destroy the government under which they now live. Verily the lightning of a rightous heaven ought to strike him or any other man that dared to utter such seditious language. The fangs and claws are only covered up; the new South we read of can only be found in books and newspapers, as it does not exist elsewhere.

WHAT IT MEANS.

The democratic party in Ohio recommends a 75-cent dollar and a method of securing governmental revenue which, as the democratic New York Sun declares, is "a tariff on integrity and a bounty on perjury."—Cleveland Leader.

A DEMOCRATIC PROPHECY.

This prophecy is attributed to Governor Campbell of Ohio:

"After the canvass is two weeks old you will hear almost nothing outside of the tariff."

Governor Campbell is speaking of the canvass in Ohio, where he is a candidate for re-election. If he is correct in his prognostication, and that is his programme, another prophecy is in order.

After the canvass is eighteen weeks old you will hear almost nothing of Governor Campbell.—New York Sun.

A Fatal Mistake.

Physicians make no more fatal mistake than when they inform patients that nervous heart troubles come from the stomach and are of little consequence. Dr. Franklin Miles, the noted Indiana specialist, has proven the contrary in his new book on "Heart Disease" which may be had free of F. G. Fricke & Co., who guarantee and recommend Dr. Miles' unequalled new Heart Cure, which has the largest sale of any heart remedy in the world. It cures nervous and organic heart disease, short breath, fluttering, pain or tenderness in the side, arm or shoulder, irregular pulse, fainting, smothering, dropsy, etc. His Restorative Nervine cures headache, fits, etc.
