Mrs. J. G. Roberts settled up all her business, got her insurance money and left last night for her home with her parents at Parkersburg, West Virginia.

Mrs. Kenard and Mr. Shadrach Cole departed this morning for an extended visit with relatives and friends in Ohio. They were accompanied to this city by friends.

Koon, the photographer, took a fine picture of engine 67 this afternoon with its decorations.

W. J. Hesser is laid up with a sore leg, caused by striking his leg against the end of a gas pipe.

The regular teachers institute will begin at Weeping Water, August 10th and will continue to the 22nd.

The county fair management is wideawake, and have secured Prof. Kyle to make an ascension in his airship one day during the fair.

Weeping Water began shipping stone last week sending one hundred cars to Omaha which the Republican says will be rapidly increased from now on.

A monster catfish, weighing sixty-five pounds, was purchased by Jonathan Hatt to-day of a fisherman. It is well worth seeing and must be over five feet in length.

John Pilgrim, the gentlemanly city marshal of Creston, was in town this morning after Frank Swanson, who was wanted as a witness in a perjury case at Creston. He could not be found.

Messrs. Thompson & Stull of this city started yesterday for Vilisca and other Iowa points with their stereopticon and magical combination. They expect to entertain the Hawkeyes and take some of their silver coin in exchange.

The funeral of the late John Haruba was very largely attended at ten o'clock this morning. THE HERALD learns that Mr. Haruba not only owned a neat cottage and two lots, but he also had a \$1,000 policy of insurance on his life which will go far toward making the widow comfortable.

The ball at Fitzgeralds Hall to-morrow evening, preceded by an interesting gymnastic exhibition will be largely attended. It has been gotten up in the interest of Prof. Kummerow who is about to make his departure from our city. Dance tickets are \$1.00 each, ladies admitted free.

The B. & M. Band has become justly popular through their Thursday evening public concerts. They were kindly remembered by Mr. Hackney, of the Hotel Riley, last evening who invited the boys all in to his dining room and treated them to light refreshments of the choicest kind. Mr. Hackney's thoughtfulness was duly appreciated by the band.

E. G. Vanatta, the lessee of the motor line, has petitioned the district court for a writ of mandamus to compel the electric light company to furnish power as per contract alleged by plaintiff. Argument on a demurrer was heard by Judge Chapman this morning and a decision will be given this afternoon. LATER—Judge Chapman decided against Vanatta.

**The Funeral Train.**  
Superintendent Bignell of the B. & M. very kindly tendered a special train free, from this city to Louisville and return for the A. O. U. W. and the immediate friends of the late Charles Hasemeier to enable them to attend the funeral of the deceased. The train consisting of four coaches and a caboose was in charge of conductor Raney, engineer McLennan (the man for whom the deceased had been firing) and Fireman John Fair.

The coaches were crowded with the friends of the deceased and 100 members of the A. O. U. W. who, wearing crape and the badges of the order, made an impressive and touching appearance. The engine No. 67 which is usually run by J. B. Graham was beautifully decorated in black and white, while on the boiler head over the pilot was placed the shield and anchor of the A. O. U. W. heavily draped in mourning. Superintendent Bignell, Mr. Hawksworth and Mr. Gruesel were all present and gave their personal attention to the starting of the train. The city editor of THE HERALD had known the deceased for nearly twenty years and it is with unfeigned pleasure that we note so many testimonials of kindness and esteem from his employers and friends, many of whom carried elaborate floral decorations.

**High Five.**  
A delightful high five party was given last evening by Mrs. Julius Pepperberg in honor of the "Jolly Six." A select crowd of the best young people of the city were present and enjoyed themselves in an eminent degree. About 12 o'clock choice refreshments were served, to which ample justice was done. The king prizes were awarded to Will Reinhackle, an immense cigar, and Nellie Taylor, a box of bon bons. The booby prizes, a toy rooster and a tiny cigar, were won by Janet Livingston and Charley Murphy. The commodious Pepperberg mansion was beautifully illuminated and everybody present expressed themselves as having spent an exceptionally pleasant evening.

**He Takes it Back.**  
George Grebe now admits that he did screw down the safety valve or pop valve as 'tis called although he had no business to touch it. He swore before the inquest that he did not touch it but has since concluded to tell the truth, this may throw some light, on the explosion.

**WANTED**—A desirable tenant for the Dovey homestead, corner of Seventh and Oak streets.  
E. G. DOVEY & SON.

Our Kid took his first lesson in practical printing to-day by making the rounds of all the offices looking for some italic periods. It is not necessary to state that he found everybody short, but that the next office was overstocked. Since returning to THE HERALD office he threatens to go on a strike, but the militia will not be called out.

Philip Krause will sell his goods cheap till the 15th, of August, in order to make room for his fall goods.

**The Coroner's Inquest.**  
The testimony in the inquest over the killing of the two men at the round house was all in by half past three o'clock to-day, though the findings had not been agreed upon. THE HERALD will not attempt a garbled report but will give the matter in full to-morrow.

**The Balloon Ascension.**

The balloon ascension last evening from the base ball park was the best we ever saw and was witnessed by fully 3,000 people. The great balloon was filled in fifteen minutes and Prof. Kyle went up almost out of sight without a hitch of any kind; swinging on a single bar with the earth far below him made quite a thrilling spectacle. When the daring aeronaut had reached a high altitude he pulled loose the parachute, let go of the balloon and down he came, like an arrow at first but in a second the parachute opened and he came down as gracefully as could the plumed denizens of the ethereal world. As soon as the balloon was released of its load it did not shoot up into the air but turned over, emptying out the smoke, looking like a veritable volcano in cloud-land. Prof. Kyle landed nicely, without a scratch, in Schont's yard, southeast of Ed Oliver's country seat, less than two miles from town, with timber all around him but which fortunately did not interfere. The balloon drifted further south and west, landing in a lot near the fairground owned by Mr. Dove. A German woman seeing the monster air ship come down was at first terribly frightened but soon concluded that it was abandoned property and took possession. She was cutting the ropes off and no doubt would have completely ruined it had not Prof. Kyle's partner, who was watching it, driven up just when he did. The old lady was even determined not to give it up but was finally persuaded that the claimants were the rightful owners of the property. The old lady don't read the papers, hence she had not heard of a balloon ascension in Nebraska.

One thing should be said here and now and that is that the public treated the aeronaut shamefully by stealing a view of the entire show without paying a cent for it. Only \$18 was raised in a crowd of three thousand people, who were scattered about in the near neighborhood of the park. Such a niggardly spirit was a disgrace to the town. The professor will make an ascension from Glenwood to-morrow.

Charley Cummins does not walk on stilts but if you wish to address him you must raise your voice and elevate your head, for Charley is the most important man in town and only with difficulty can he condescend to speak to common folks. His sudden elevation was brought about by the arrival of a fine boy yesterday afternoon. We think he will be all right when the novelty of the situation has disappeared.

**Weeping Water Won.**  
NEHAWKA, NEB., July 22.—A very fine game of ball was played here to-day between Weeping Water and Nehawka, the score standing 8 to 9 in favor of the former. The battery for Weeping Water was Dunn and Gibberson, and for Nehawka, Windsor and Hall.—Nebraska City Press.

This is the complimentary manner in which the Nebraska City Press refers to Dr. Marnell of the News:  
Dr. Marnell, the pharmacist, editor, soap maker and all around scientist, not "sport," was threatened with an idea yesterday, but it escaped before he could write it. A horse came jogging along in a slow trot and rattled him.

The largest line of patent medicines will be found at Brown & Barrett's. tf
