Sad.
We received the sad news this morning of the death of the younger brother of Mr. Joseph Weinzierl, who has been draftsman in the Mo. P. office here. The young man was a graduate of a prominent medical college of Germany and it is indeed sad that disease should thus abbreviate a life so promising. All possible aid and attention was given him by his devoted brother but all efforts were futile and death relieved his suffering at Sedalia, Mo., where his brother is now employed. Mr. Weinzierl in his bereavement has the deepest sympathy of many dear friends in this place. "Be ye, therefore ready"

A special from Beatrice conveys the intelligence that Jack Marion, who was executed in that city March 25, 1887, for the supposed murder of Jack Cameron, was innocent of the charge. Cameron voluntarily left the country—according to his written statement—and now can only deplore the fate of his supposed murderer.

The Democratic Press—including the Journal—is loud in its denunciation of J. S. Clarkson, Quay's successor as chairman of the national republican committee. It may be that "Ret" is "vain and fond of news paper notoriety," but we feel safe in predicting that he will keep the democratic boddlers and their allies hustling during the next campaign.

The Beatrice Driving association has favored this office with a complimentary ticket to its summer meeting, to be held in Linden Tree Park in that city, August 26, 27 and 28. The track is one of the best in the west, the purses liberal, the buildings are all new, and as this is the first meeting of the association, no pains will be spared to make it a success.

Pursuant to yesterday's call, a large delegation from the young people's societies of the different churches met last night at the Presbyterian church to act upon the proposition to form a union. Temporary officers were elected and a committee to draft a constitution preparatory to a permanent organization was appointed. A meeting will be held Thursday evening to complete the organization.

W. G. Keefe will close out his mammoth stock of double and single harness, nets, whips and carriage dusters for the next 30 days regardless of cost. It will pay those desiring such goods to give him a call. dwtf

SAD NEWS FROM DENTON

William Berdine Meets a Horrible Fate.

The sad intelligence was conveyed to our city this morning that Wm. Berdine, who will be remembered as formerly a citizen of our city, was a victim of a fatal accident last evening at the Denton sand pit.

The accident occurred while Berdine was attempting to make a coupling, when he slipped and fell, the cars passing over his right leg. He was at once taken to St. Elizabeth's hospital, in Lincoln where he died at 8 o'clock this morning. Mr. Berdine has held a responsible position as brakeman on the B. & M. passenger train during the past three years and stopped regularly, when off duty, in this city. All who knew Mr. Berdine are aware that he was an energetic young man, of excellent habits, an honor to his parents, and helpful to the society in which he mingled. He was a regular attendant at the Presbyterian church.

Mr. Berdine's parents reside at Farmington, Ill., near Peoria. The news will be specially sad to them but they may well find consolation in the fact that he was an exemplary young man and was always at his post of duty.

Fire's Fiendish Work.
CHICAGO, Aug. 3.—A fire involving a loss estimated to be at least \$1,000,000 broke out at 7:30 this morning in the large retail dry goods and notion store of Seigel, Cooper & Co. The blaze started on the first floor and spread through the inflammable stock with the greatest rapidity. The entire building was soon a mass of flames and every available piece of fire apparatus was called to the scene. Any attempt to save the building was hopeless. The efforts of the fire department were devoted to preventing the flames from spreading to the adjoining buildings. Twenty-five employees were in the building but all of them so far as known escaped uninjured, except one cash boy who was on the third floor. He started to come down the fire escape but fell, receiving severe injuries. There were three watchmen on the building who have not yet been accounted for. The building was entirely gutted and the north wall fell in after the interior of the iron work was softened by the heat. The firm carried a stock of \$500,000. The loss is believed to have been fully covered by insurance.

The losses are as follows: Seigel, Cooper & Co., \$500,000 on their stock and \$40,000 on the building; insurance, \$500,000. Leander, Demberg, Glick & Horner, loss by smoke and water, \$100,000; insured. James H. Walker, dry goods, loss by smoke and water, \$50,000. C. Hennecke & Co., crockery and bric-a-brac, \$40,000; insurance, \$33,000. The losses to other adjoining buildings and stocks in them amount to about \$30,000, mostly insured.

Notice W. C. T. U.
The ladies of the W. C. T. U. will hold their regular meeting at the Methodist church to-morrow (Wednesday) afternoon at 3 o'clock. There will be reports from the convention at Lincoln by our delegates and other business, and all members are desired to be present. As we could not get the use of the Baptist church as intended we extend a most cordial invitation to the ladies of that society and all others interested in this work to meet and co-operate with us. By order of president. SECRETARY.

Clearance Sale
on all summer goods at Wm. Herold & Son's.

It is with regret that so many small boys are seen upon our street daily using cigarettes, thereby contracting a filthy habit and, doubtless, retarding a healthy development of their mental faculties, and natural growth of the body. Each might well post the following in his hat:

"Harry Curtis, a glass worker 18 years old was found dead at Findley, Ohio. An autopsy showed the heart paralyzed, caused by the excessive use of cigarettes."
