B. & M.'S WIN THE SECOND.

Fremont Drops two Games in Succession to the Home Team.

The ball teams were greeted with an exceptionally large and appreciative audience yesterday afternoon, and they were permitted to gaze upon a highly interesting game.

The Fremonts opened the game by running in four scores the first inning, thus intimating that they were going to put up a stronger game than upon the previous day. Plattsmouth followed closely with two scores, thus indicating that their side of the house would pursue about the same course as usual when playing on the home grounds.

The following is the score:
Fremont 4 0 0 1 0 6-5
Plattsmouth 2 0 2 0 1 1-4
By outs: Fremont, 4; Plattsmouth, 5
Errors: Fremont, 6; Plattsmouth, 4
Batters: Stephenson and Carr, Yapp, Dunn and Breighton struck out. By Steherson, 3; by Yapp, 1; by Dunn, 2
Umpire: Donelan

CHARGES AGAINST CHIEF ARCHER

Damaging Testimony Produced in the Police Investigation.

Committee appointed by the city council to investigate the conduct of the chief of police met in the office of W. L. Brown last evening. There were present, W. L. Brown, chairman, D. M. Jones, Chas. Peterson, M. C. Murphy, and City Attorney Polk, as examiner; Gutche being absent.

The following witnesses were sworn and testified, Messrs. Kinser, Will Brantner, John Fitzpatrick, Bob Karns, Dave Miller, and Stotler.

All the witnesses testified to having seen the accused frequenting saloons since the passage of the resolution prohibiting it; some had seen him drinking, and ridiculing the resolution; some had seen him playing cards in the saloon, others testified that he had drunk in the saloon on Sunday. One witness gave names of parties that had been with him in questionable houses, but the committee deemed it unnecessary to call witnesses, as the evidence was conclusive.

One witness testified that the accused had used the power given him as police to gratify his personal greed for vengeance, inasmuch as, at a certain time the witness had been imprisoned, having committed no offense, but, simply because he (the witness) had talked of what he knew of the character of the accused.

The committee then adjourned, subject to the call of the chairman, either for report or further investigation.

There appears to be no question that Police Archer has repeatedly frequented saloons, since the passage of the resolution forbidding it, which of its self is certainly sufficiently damaging, to justify the accusation, and warrant such punishment as a just tribunal might mete out.

In the opinion of THE HERALD our chief of police, to say the least should be a law-abiding citizen, and one, even, whose character is above reproach. We hope that an impartial investigation will be conducted, and that an unbiased tribunal will award justice to all concerned.

THE HERALD office turned out an excellent set of posters announcing attractions for the approaching county fair. Do not fail to see them. Among the attractions, there will be a balloon ascension and a parachute leap by Prof. LeRoy. None should fail to see this wonderful performance, as it alone is well worth the price of admission.

Shall We Have Free School Books.

As our readers doubtless are aware the last session of the legislature enacted a law, providing for the district ownership and free distribution of all necessary text books and school supplies.

It is not our intention to discuss the merits of the bill, but as we understand that the law is disregarded, in many instances, we desire to call the attention of our school officers, through out the county, to the matter. For some time it has been conceded on every hand, that the prices charged for school books were exorbitant, and, to say the least, an injustice to the buyer.

This law was passed having in view the most equitable adjustment of prices, and to that end our district boards throughout the county, assisted by our county superintendent, should see that the provisions of the law are complied with and a fair trial be given. One thing is certain, the people propose to have school books furnished at reasonable prices, if we have to resort to state publication, and if this law will not stand the test it is right that the fact should be demonstrated by actual trial.

It appears that the matter is left largely in the hands of the school boards. It seems that our city board has departed somewhat from the intent of the law, as they have provided that books and supplies be furnished pupils of the city at cost. J. P. Young has been appointed to provide the necessary books, and those needing them may purchase them at cost.

In last week's issue of the Avoca Enterprise an article appeared, bearing directly upon this matter—more particular, however, pertaining to country districts—in which the writer tell of his experience as a member of a district board. We here with submit the vital portion to our readers:

The writer of this article being a member of a joint district board—the district lying partly in Cass and Otoe counties—had the pleasure of attending a convention of school officers of Otoe county, held at Syracuse last Tuesday.

The convention was well attended, nearly every district in the county being represented by from one to three members of the different boards, and was very ably presided over by their genial superintendent, W. M. Clarey, who is one of the most wide-awake-and-go-ahead school officers we have in the state. The crank was there as he always is at such gatherings, and had to make a display of his wisdom and oratorical powers, before the convention could get down to business. The convention almost unanimously voted to comply with the requirements of the law as quickly and fully as possible, also to adopt a uniform series of text books. They also effected a permanent organization of school officers by the election of a president, vice president, a secretary, treasurer and executive committee, consisting of five school district officers, three teachers and the county superintendent. It was made the duty of the executive committee to recommend a uniform series of text books to be used in the county, and to make their report at the next meeting of the organization, which is to be held at Syracuse, on the second Friday in September next, at 10 o'clock a. m.

Query:—Would it not be a good plan for Superintendent Noble to call a convention of the school district officers of Cass county?
