fect safety. Mr. Eickhoff has for most farmers, a man whose integrity is above question and his popularity with all classes will make him an exceedingly strong candidate.

Gen. Edward, of Rock Huffs, (anlac a practical farmer, a staunch repute competent and strong candidate.

Calvin Russel, of Weeping Water, nominee for county judge, is too well and favorably know to call for special comment at this time. He has already filled the office, to which his party desires to elect him, to the entire satisfaction of his constituents. His fitness for the position is above question and his popularity with all parties and sections will make him a strong candidate.

A. Salisbury, nominee for clerk of the district court, one of our most prominent dentists, has won an enviable reputation, not only professionally but personally, and with his fine business qualities, geniality and sterling integrity he will make a successful run and perform the exacting duties of the office to which he aspires faithfully and well J. E. Leyda, of Weeping Water, nomince for superintendent of schools, though a young man, has been a live, progressive teacher for In vain did I exhaust my stock of pepper several years. This is truly a case in which the office sought the man, as Mr. Leyda hadno intimation that his friends would present his name until a few moments before the vote was taken. His friends had parasite was eaten, but the rug was full considered well his availability and of anta 1 therefore hung it on a miconcluded that a stronger man

could not be found. The nomination of J. I. Unruh. of Plattsmuoth, for corner, to succeed himself will give general satisfacfilled the position, he has has proved himself a thoroughly competent ready officer and justly entitled to the position another term. Mr. Unruh will be a strong caudidate

A. C. Mayes, our present county surveyor, will be re-elected to the position that he has so ably filled could not have been secured.

A. B. Todd named by the first commissioner district, for renomination to the office of county commissioner, is thoroughly known throughout the county as an efficient, upright and able officer. The election of Mr. Todd might as well have been made unanimous at once.

These are the names placed before the voters of Casa county, by known to our readers, hence we are not entering this campaign an's Journal. blindly

But there is a work for every member of the party to do, in order to make its election, absolutely intin whom we are our mainter with whom we are neighbors

Ants and Their Uses.

During twelve months spent in the Australian colonies in the years 1870-1 1 had more opportunities than were pleasant of studying the habits of ants These insects, as is well known, are not only a nuisance, but an absolute pest in hot countries. They march in myriads and destroy everything in their road In justice to the ants, I am bound, however, to admit that I have found them useful in more ways than one. For instance, I bought an opossum skin rug from a native. I soon became painfully aware of the fact that it literally swarmed with fleas and other vermin Even turpentine seemed to have no effect beyond increasing the reckless activity of these irritating settlers. At last in despair I threw my rug

down on an ant hill. In less than half an hour every fles and objectionable mosa bush, and as soon as the ants found they were suspended they has tened to leave the rug and descended by the bush as best they could.

Again, I had killed a snake in Tasmania and wished to clean and bleach tion. During the year in which ne the skeleton, which I intended to have mounted as a necklace. I left the body near an anta' nest. In a few hours there was not a vestige of flesh on the hones. The sun soon did the rest.-Gentleman's Maguzine.

Giris in Vermont's Celebration. The most beautiful feature of Vernont's centennial celebration at Bennington was the triumphal arch, a mass ive structure, at least thirty-five feet in the past. A stronger candidate high. In its lofty turret was a throne of gold and national colors, occupied by Miss Lillie Adams, of Bennington, robed as the Goddess of Liberty. Just below on the top of the arch, were 125 girls, selected from the public schools, clad in pure white and with flowing hair, who sang patriotic songs accompanied by a cornet, as the parade passed beneath the archway. Below these the arm arches were filled with maidens, bearing in their hands bauners emblazoned in gold and colors with the various coats of arms of the states. At the banquet many notable ladies were present, and the republican on the ticket is well the tables were served in part by 800 young women in white .- Boston Wom-
