**The Girl Who Teaches.**  
Sound health is a prime necessity for any worker in the world, no matter what the line of work may be, but it becomes of the greatest importance if the work is to be carried on in the school-room. There not only the physical, but the nervous and mental forces are taxed to their utmost. The young graduate has hitherto gone to school to sit comfortably at her desk; to stand occasionally for recitations; to use her voice but little; to have constant variety in her work; to enjoy her recess with perfect freedom and in congenial companionship. As a teacher she goes to school to stand upon her feet all day long; to use her voice incessantly, perhaps, too, in a large room filled with the tumult of the street; to keep noisy, and very likely, rebellious and disobedient children not only quiet, but interested, and to spend the recess in care of them in the halls and the yard.  
Besides this she is to stimulate their brains, and a certain amount of time—usually prescribed by a board of education, the members of which know little of the capacity and possibilities of the youthful mind—is allotted her, in which she must, somehow or other, succeed in teaching them a certain number of facts—no allowance being made for the slowness, stupidity or disorder, which increases the friction of the work and delays the doing. No matter how complete the education or how enthusiastic the spirit, the power for physical endurance is absolutely necessary.—Caroline B. Le Row in Ladies' Home Journal.

**Hard and Soft Water.**  
The difference between "hard" and "soft" water is that the former contains in greater or less degree earthy salts, while the latter is nearly free from them and in a greater state of purity. The earth most frequently occurring in natural waters is lime. The quantity of earthy salts varies considerably in different instances. It is observed that when they exist in the proportion of five grains to a pint such water will be hard, and will be unfit for washing and many other household uses and manufactures. The solvent properties of water are the true causes why we never obtain this universal and important fluid in a state of absolute purity. It constantly participates in the properties of the manifold sources whence it is derived or through which it obtains it.  
Whenever water is in contact with the soil it invariably dissolves the soluble constituents, and hence it follows that water springing from rocks which are only slightly soluble, as sandstone and granite, is very pure and is called soft water, while that which is derived from calcareous formations is termed hard water, and contains lime, which produces an incrustation on the sides and bottom of the vessel wherein it is boiled.—Brooklyn Eagle.

**A Law Case That Has Cost \$50,000.**  
The Cathcart case has been one of the longest trials of our time, and, when everything has been "totled up," will prove to have been one of the most expensive. Sir C. Russell had 150 guineas marked on his brief, besides a special fee of 100 guineas, and fifty guineas a day during the sixteen days the inquiry has lasted. Sir Henry James' fees have been on the same scale. Each of the learned leaders has, therefore, taken 1,050 guineas in fees for court work. Apart from this, Sir Charles has had two guineas for each consultation and he has attended one at least every day. Mr. Bucknill, Q. C., and Mr. Inderwick, Q. C., have had fifty guineas marked on their briefs and nearly seventeen guineas a day. Two grants of £1,000 each have already been made out of the estate by the order of Lord Justice Lopes, sitting in chambers, for the conduct of the case, and every farthing of these sums has been spent. Fortunately, Mrs. Cathcart is a rich woman. Ten thousand pounds will probably have been swallowed up in the course of this inquiry.—London Tit-Bits.

**Invention of the Typewriter.**  
The typewriter was invented as long ago as 1714 by one Henry Mills, who in that year obtained a patent in this country for a device that "would write printed characters one at a time, or one after the other." There is no description of this device to be had now, but there is no doubt that Mills' invention was the parent of the present typewriter. In 1853 a French patent was granted to M. Progrin (Kavier), of Marseilles, for a typewriter, which is called a typographical machine. The account of the machine is somewhat obscure, but enough is given to show that it was an operative one by which typewriting could be fairly well executed. M. Foucault sent to the Paris exhibition in 1853 a writing machine for the blind, and several typewriters were invented by Wheatstone. After successive improvements a manufacturer in America contracted to construct 25,000.—New York Press.

**Foiled the Clergyman.**  
There is a minister in Brooklyn who told the writer a harrowing tale of deception of which he was the victim. After he had performed the marriage ceremony for a young couple at the parsonage, the bridegroom slipped a fat envelope between the leaves of the family Bible, nodding pleasantly, as if to say: "You've well earned it." The clergyman nodded thankfully.  
"When I opened that envelope," he said, "what do you suppose I found in it?"  
"A goodly sum in bills?"  
"No, sir! No, sir! Twenty sheets of copy paper such as reporters use. And on the last sheet was written: 'Economy is wealth. Please don't squander this. Wipe your razor on it.'"  
"I think," said the dominie, "that ministers should be empowered to declare some marriages void."—New York World.

**The Treatment Owls Receive from Man**  
The treatment owls receive from man evinces no recognition of their value, no gratitude for their services. Large and small, they are shot wherever found, to serve as ornaments to the parlor or to do brief duty for a season on a fashionable list, then to be cast aside and forgotten.

**The Use Of**

Harsh, drastic purgatives to relieve constipation is a dangerous practice, and more liable to fasten the disease on the patient than to cure it. What is needed is a medicine that, by effectually opening the bowels, corrects the costive habit and establishes a natural daily action. Such an aperient is found in

**Ayer's Pills,**

which, while thorough in action, strengthen as well as stimulate the bowels and excretory organs.  
"For eight years I was afflicted with constipation, which at last became so bad that the doctors could do no more for me. Then I began to take Ayer's Pills, and soon the bowels became regular and natural in their movements. I am now in excellent health."  
—Wm. H. DeLacour, Detroit, Ont.

**Effective**

"I have tried many other pills I ever took."—Mrs. B. G. Grubb, Burwellville, Va.  
"For years I have been subject to constipation and nervous headaches, caused by derangement of the liver. After taking various remedies, I have become convinced that Ayer's Pills are the best. They have never failed to relieve my bilious attacks in a short time; and I am sure my system retains its tone longer after the use of these Pills, than has been the case with any other medicine I have tried."—H. S. Sledge, Weimar, Texas.

**Ayer's Pills,**

PREPARED BY  
**Dr. J. C. AYER & CO., Lowell, Mass.**  
Sold by all Dealers in Medicine.

**Bucklen's Arnica Salve.**

It is guaranteed to give satisfaction, or money refunded. Price 25 cents per box. For sale by F. G. Fricke & Co.

**Happy Hoosiers.**  
Wm. Timmons, Postmaster of Madison, Ind., writes: "Electric Bitters has done more for me than all other medicines combined, for that bad feeling arising from Kidney and Liver trouble." John Lewis, farmer and stockman, of same place, says: "I had Electric Bitters to be the best Kidney and Liver medicine, made me feel like a new man." J. W. Gardner, hardware merchant, same town, says: "Electric Bitters is just the thing for a man who is all run down and don't care whether he lives or dies; he found new strength, good appetite and felt just like he had a new lease on life. Only 50c, a bottle at F. G. Fricke & Co's Drug Store."

**A Mystery Explained.**  
The papers contain frequent notices of rich, pretty and educated girls eloping with negroes, tramps and coachmen. The well-known specialist, Dr. Franklin Miles, says all such girls are more or less hysterical, nervous, very impulsive, unbalanced; usually subject to headache, neuralgia, sleeplessness, immoderate crying or laughing. These show a weak, nervous system for which there is no remedy equal to Restorative Nervine. Trial bottles and a fine book, containing many marvelous cures, free at F. G. Fricke & Co's, who also sell and guarantee Dr. Miles' celebrated New Heart Cure, the finest of heart tonics. Cures fluttering, short breath, etc.

**Rheumatism Cured in a Day.**  
"Mystic Cure" for rheumatism and neuralgia radically cured in 1 to 3 days. Its action upon the system is remarkable and mysterious. It removes at once the cause and the disease immediately disappears. The first dose greatly benefits. 75c Sold by F. G. Fricke, Druggist, wt

**Remarkable Rescue.**  
Mrs. Michael Christin, Plainfield, Ill., makes the statement that she caught cold, which settled on her lungs; she was treated for a month by her family physician, but grew worse. He told her she was a hopeless victim of consumption and that no medicine could cure her. Her Druggist suggested Dr. King's new discovery for consumption; she bought a bottle and to her delight found herself benefited from the dose. She continued its use and after taking ten bottles, found herself sound and well now does her own housework and is as well as she ever was.—Free trial bottles of this great discovery at F. G. Fricke & Co's Drug Store (get little ones, and 25c).

**Height of Cruelty**  
Nervous women seldom receive the sympathy they deserve. While often the pictures of health, they are constantly ailing. To withhold sympathy from these unfortunates is the height of cruelty. They have a weak heart, causing shortness of breath, fluttering, pain in side, weak and hungry spells, and finally swelling of ankles, oppression, choking, smothering and drowsy. Dr. Miles' New Heart Cure is just the thing for them. For their nervousness, headache, weakness, etc., his Restorative Nervine is unequalled. Fine treatise on "Heart and Nervous Diseases" and marvelous testimonials free. Sold and guaranteed by F. G. Fricke & Co.

**Wonderful Success.**  
Two years ago the Haller Prop. Co. ordered their bottles by the box—now they buy by the carload. Among the popular and successful remedies they prepare is Haller's Sarasaparilla & Burdock which is the most wonderful blood purifier known. No Druggist hesitates to recommend this remedy.  
For sale by Druggist.

**Will you suffer with Dyspepsia and Liver Complaint?** Shiloh's Vitalizer is guaranteed to cure you. 2

**Sleepless night made miserable** by that terrible cough Shiloh's remedy is the cure for you, by F. G. Fricke and O. H. Snyder.

**What is**  
**CASTORIA**

Castoria is Dr. Samuel Pitcher's prescription for Infants and Children. It contains neither Opium, Morphine nor other Narcotic substance. It is a harmless substance for Paregoric, Drop, Soothing Syrup, and Castor Oil. It is Pleasant. Its guarantee is thirty years' Millions of Mothers. Castoria destroys Worms and feverishness. Castoria prevents vomiting, Sores, cures Diarrhoea and Wind Colic. Castoria teething troubles, cures constipation and flatulency. Castoria assimilates the food, regulates the stomach and bowels, giving healthy and natural sleep. Castoria is the Children's Panacea—the Mother's Friend.

**Castoria.**  
"Castoria is an excellent medicine for children. Mothers have repeatedly told me of its good effect upon their children."  
—Dr. G. C. Osborn, Lowell, Mass.  
"Castoria is the best remedy for children of which I am acquainted. I hope the day isn't distant when mothers will consider the real interest of their children, and use Castoria instead of the various quick nostrums which are destroying their loved ones, by forcing opium, morphine, soothing syrup and other harmful agents down their throats, thereby sending them to premature graves."  
—Dr. J. F. Kivoncelo, Conway, Ark.  
"Castoria is so well adapted to children that I have learned it is superior to any prescription known to me."  
—H. A. Amos, M. D., 111 So. Oxford St., Brooklyn, N. Y.  
"Our physicians in the children's department have spoken highly of their experience in their curative practice with Castoria, and although we only have among our medical supplies what is known as regular products, yet we are free to confess the merits of Castoria has won us to look with favor upon it."  
—UNITED HOSPITAL AND DISPENSARY, Boston, Mass.  
—ALLEN C. SMITH, J.W.M.,  
The Centaur Company, 71 Murray Street, New York City.

BREAKFAST

"By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well selected Cocoa, Mr. Epps has provided our breakfast table with a delicately flavored beverage which may save us many heavy doctor bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maladies are floating around us ready to attack wherever there is a weak point. We may escape many a fatal shaft by keeping ourselves well fortified with pure blood and a properly nourished frame."
