WATERBURY'S Eye and Skin Ointment.

A certain cure for Chronic Sore Eyes, Stetter, Salt Rheum, Scald Head, Old Chronic Sores, Fever Sores, Eczema, Itch, Pruritus, Scabies, Sore Nipples and Piles. It is cooling and soothing. Hundreds of cases have been cured by it for all other treatment had failed. It is put up in 25 and 50 cent boxes.

Group frequently finds a house-unprepared for its visit, while rapidly with which it develops for instant treatment. For dangerous disease Ayer's Cherry-Catarrhal is an admirable remedy. It saves many lives every year in the house.

FRONT.
The appearance of Lewis Morrison's company in "Faust" at the opera house last night was the event of the season in histrionic circles. Morrison was here some years ago, but the performance has been so vastly improved upon that he must be looked upon as an entirely different actor. Mr. Morrison takes just rank with Booth, Barrett, or Keene, and if his health holds up under the strain the rendition of the character of "Mephisto" subjects it to, he may look forward to still higher triumphs.

No performance in years has been greeted with greater favor by a most discriminating audience than the play last night. Of the actors, Morrison is pre-eminently the star. His "Mephisto" is absolutely beyond reproach. The bold cool craftiness, the consummate subtlety of the fiend are portrayed with such realism that one almost feels the presence in person of the "arch doubter," and involuntarily looks for another than a mere stage presentation. It is in the more difficult passages that Morrison is at his best. His support is excellent. The "Marguerite" of Miss Florence Roberts is touchingly and exquisitely beautiful. In her emotional parts Miss Roberts displays a depth of feeling which appeals to the hearts of her auditors most strongly. Gifted in many directions, she has few rivals to-day on the emotional stage. The balance of the support is all that can be desired. The magnificent scenic and mechanical effects have not been excelled here in many a day, if ever, and the beautiful electric and calcium effects were a delightful surprise. It is hoped that Morrison will put Logansport "on the list" for future engagements. Daily Journal, Logansport, Indiana.

Those who enjoy a first class dramatic performance with beautiful and elaborate scenery, mechanical and electrical effects never before seen in Plattsmouth should not fail to see "Faust and Marguerite" on Monday night Oct. 5. Prices, 25, 35, 50, 75, and two front rows in parquette \$1.00.

Who was to Blame.
A Clay county paper says: "A farmer raised 1000 bushels of pop corn and stored it in a barn. The barn caught fire, the corn began to pop and filled a ten acre field. An old mare in a neighboring pasture had defective eye sight, saw the corn, thought it was snow, and lay down and froze to death."

Do not confuse the famous Blush of Roses with the many worthless paints, powders, creams and bleaches which are flooding the market. Get the genuine of your druggist, O. H. Snyder, 75 cents per bottle, and I guarantee it will remove your pimples, freckles, blackheads, moth, tan and sunburn, and give you a lovely complexion.

A Severe Winter.
Prof. Foster predicts one of the most severe winters the country has ever had, with plenty of snow. If our farmers have faith in the prophet it might be well for them to gather their corn early and prepare plenty of shedding for stock.

Evening hats a specialty at Wise & Root's.

To Coal Consumers.
All those that do not settle their last season's coal bills with me by the 10th of Oct. next will not expect to have any accommodations from me this season of course.

Office and yards 404 South Third street. Telephone, 13.
I always try to have a full line of all grades of coal on hand.
TIMOTHY CLARK,
Plattsmouth, Sept. 22, 1891.

The Public school of Nehawka has been closed on account of that dread disease, diphtheria, being abroad in that locality.

Paul Johnson has a remarkable apple tree in his orchard. It has on it a fine lot of apples and at the same time is full of blossoms.—Alvo Advocate.

The republican county central committee was called to meet to-day at Weeping Water, but doubtless, owing to the inclemency of the weather, the representation will not be complete.

A Masonic lodge was organized at Elmwood last week. George Hatch, master; R. Robotham, senior warden, Dr. Root, junior warden. It started out with about twenty charter members.

Rev. L. F. Britt, the new Methodist Minister, arrived this morning and will preach at the M. E. Church at 11 A. M. and 7.30 P. M. A cordial invitation is extended to all to attend these services.

Now that it has become an established fact that rain can be produced by explosion THE HERALD suggests that the American genius be stimulated to devise a plan to shut off the supply. The universal comment is that we have had enough rain.

Rev. Buckner after arriving at Hebron last evening telegraphed to Mrs. Buckner, who is still here, that a box which contained nearly all their clothing had been stolen. This will be quite a serious loss for them to sustain, as the box contained all their best clothing. Strong hopes are entertained that the instigators of the nefarious work will be ferreted out and brought to justice.

A Salisbury, of Plattsmouth, republican nominee for clerk of the district court, was a caller at this office Monday, while enroute for a political tour over the county. There seems to be a misunderstanding regarding Mr. Salisbury as to which one of the boys he really is, some believing him to be the Weeping Water Salisbury. The gentleman who asks the support of the republican voters this fall is Dr. A. Salisbury, of Plattsmouth, and moreover is a staunch republican, and respectfully asks the support of the republican party.—Louisville Journal.

Good Where the Woodbine Twined.

With this week's issue the Saturday Mirror suspends publication. Its editor asserts that from a financial standpoint the paper has been a complete success, and assigns as a cause for its discontinuance a "general disgust for the newspaper business." THE HERALD is glad to note that the pecuniary anticipations of the Mirror have been realized, but is indeed sorry that its editor entertains such a loathsome hatred for a business that presents so many opportunities for benefitting the human race; for, really, as a device for the promulgation of thought and as a medium for swaying the minds of men, the press has no equal among the agencies of utterance. The Mirror will be missed from our table, and whether it is justly entitled to first place among the city papers as a local medium, as its editor affirms, it surely deserved front rank among the weekly papers of the county. The best wishes of THE HERALD go with the editor of the Mirror in whatever avocation he may choose.

Ely's Cream Balm is especially adapted as a remedy for catarrh which is aggravated by alkaline dust and dry winds.—W. A. Hover, Druggist, Denver.
